Available Jobs

To view available jobs, click **Available Jobs**. SubFinder will display a list of all available jobs for which you qualify. If you have been specifically requested for one or more jobs, those jobs will appear first within the grid. To accept a job, click **Select** in the Job ID column.

Once a job has been selected, SubFinder will offer additional details related to the job. If Special Instructions were recorded, they will either be shown on this screen or a message will be displayed instructing you to call SubFinder to hear them. Site directions (if available) can be accessed by clicking the Site Directions hyperlink.

Depending on the specific job, you will be offered up to three options: **Reject Job**, **Accept Job**, or **Don't Accept Job**. Simply choose the one you desire.

- **Reject Job:** Indicates that you are not interested in this job. SubFinder will not offer this specific job to you again.
- Accept Job: Indicates that you are able and willing to fulfill this job request.
- **Don't Accept Job:** Indicates that you are not interested in accepting the job *at this time*. SubFinder will return you to the list of available jobs and the specific job will be available to review and possibly accept at a later time (as long as another substitute does not accept it first).

If you choose to accept a job, SubFinder will display a message indicating success, provide you with the job number, and list any remaining jobs for which you are qualified to work. Remember to write down the job number for future reference.
