MSD Washington Township is pleased to provide you with this Summary Plan Description (SPD), which describes the health Benefits available to you and your covered family members. It includes summaries of:

- who is eligible;
- services that are covered, called Covered Health Services;
- services that are not covered, called Exclusions;
- how Benefits are paid; and
- your rights and responsibilities under the Plan.

IMPORTANT

The healthcare service, supply or Pharmaceutical Product is only a Covered Health Service if it is Medically Necessary. (See definitions of Medically Necessary and Covered Health Service in Section 14, *Glossary*.) The fact that a Physician or other provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a Sickness, Injury, Mental Illness, Substance-Related and Addictive Disorders, disease or its symptoms does not mean that the procedure or treatment is a Covered Health Service under the Plan.

MSD Washington Township intends to continue this Plan, but reserves the right, in its sole discretion, to modify, change, revise, amend or terminate the Plan at any time, for any reason, and without prior notice subject to any collective bargaining agreements between the Employer and various unions, if applicable. This SPD is not to be construed as a contract of or for employment. If there should be an inconsistency between the contents of this summary and the contents of the Plan, your rights shall be determined under the Plan and not under this summary.

UnitedHealthcare is a private healthcare claims administrator. UnitedHealthcare's goal is to give you the tools you need to make wise healthcare decisions. UnitedHealthcare also helps your employer to administer claims. Although UnitedHealthcare will assist you in many ways, it does not guarantee any Benefits. MSD Washington Township is solely responsible for paying Benefits described in this SPD.

Please read this SPD thoroughly to learn how the Plan works. If you have questions contact your local Human Resources department or call the number on the back of your ID card.

How To Use This SPD

- Read the entire SPD, and share it with your family. Then keep it in a safe place for future reference.
- Many of the sections of this SPD are related to other sections. You may not have all the information you need by reading just one section.
- You can request copies of your SPD and any future amendments by contacting Human Resources.
- Capitalized words in the SPD have special meanings and are defined in Section 14, *Glossary*.
- If eligible for coverage, the words "you" and "your" refer to Covered Persons as defined in Section 14, *Glossary*.
- MSD Washington Township is also referred to as Employer.
- If there is a conflict between this SPD and any benefit summaries (other than Summaries of Material Modifications) provided to you, this SPD will control.

SECTION 2 - INTRODUCTION

What this section includes:

- Who's eligible for coverage under the Plan;
- The factors that impact your cost for coverage;
- Instructions and timeframes for enrolling yourself and your eligible Dependents;
- When coverage begins; and
- When you can make coverage changes under the Plan.

Eligibility

An Employee or a person who retires while covered under the Plan is eligible to enroll in the Plan as determined by the employer.

Your eligible Dependents may also participate in the Plan. An eligible Dependent is considered to be:

- your Spouse, as defined in Section 14, *Glossary*;
- your or your Spouse's child who is under age 26, including a natural child, stepchild, a legally adopted child, a child placed for adoption or a child for whom you or your Spouse are the legal guardian;
- a grandchild or other blood relative who is less than 26 years of age and who depends on the Employee for more than fifty percent (50%) of his or her financial support. The Plan reserves the right to ask the Employee for evidence demonstrating an individual's financial dependence upon the Employee at any time; or
- an unmarried child age 26 or over who is or becomes disabled and dependent upon you.

Coverage for adopted children begins on the earlier of:

- the date of placement for the purposes of adoption; or
- the date of entry of an order granting the adoptive parents custody of the child for purposes of adoption.

Note: Your Dependents may not enroll in the Plan unless you are also enrolled. In addition, if you and your Spouse are both covered under the Plan, you may each be enrolled as an Employee or be covered as a Dependent of the other person, but not both. In addition, if you and your Spouse are both covered under the Plan, only one parent may enroll your child as a Dependent.

A Dependent also includes a child for whom health care coverage is required through a Qualified Medical Child Support Order or other court or administrative order, as described in Section 13, *Other Important Information*.

Cost of Coverage

You and MSD Washington Township share in the cost of the Plan. Your contribution amount depends on the Plan you select and the family members you choose to enroll.

Your contributions are subject to review and MSD Washington Township reserves the right to change your contribution amount from time to time.

You can obtain current contribution rates by calling Human Resources.

How to Enroll

To enroll, call Human Resources within 31 days of the date you first become eligible for medical Plan coverage. If you do not enroll within 31 days, you will need to wait until the next annual Open Enrollment to make your benefit elections.

Each year during annual Open Enrollment, you have the opportunity to review and change your medical election. Any changes you make during Open Enrollment will become effective the following October 1.

Important

If you wish to change your benefit elections following your marriage, birth, adoption of a child, placement for adoption of a child or other family status change, you must contact Human Resources within 31 days of the event. Otherwise, you will need to wait until the next annual Open Enrollment to change your elections.

When Coverage Begins

Once Human Resources receives your properly completed enrollment, coverage will begin for:

- Newly hired certified staff (teachers, counselors, various support staff who only work during the school year - cafeteria managers, administrative assistants and instructional assistants):
 - September 1st if hired prior to this date.
 - The first day of the month following your date of hire if hired after September 1st.
- All other employees (custodians, administrators, central office staff, etc.) the first day of the month following your date of hire.

Coverage for your Dependents will start on the date your coverage begins, provided you have enrolled them in a timely manner.

Coverage for a Spouse or Dependent stepchild that you acquire via marriage becomes effective the date of your marriage, provided you notify Human Resources within 31 days of your marriage. Coverage for Dependent children acquired through birth, adoption, or placement for adoption is effective the date of the family status change, provided you notify Human Resources within 31 days of the birth, adoption, or placement.

If You Are Hospitalized When Your Coverage Begins

If you are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins, the Plan will pay Benefits for Covered Health Services related to that Inpatient Stay as long as you receive Covered Health Services in accordance with the terms of the Plan.

You should notify UnitedHealthcare within 48 hours of the day your coverage begins, or as soon as is reasonably possible. Network Benefits are available only if you receive Covered Health Services from Network providers.

Changing Your Coverage

You may make coverage changes during the year only if you experience a change in family status. The change in coverage must be consistent with the change in status (e.g., you cover your Spouse following your marriage, your child following an adoption, etc.). The following are considered family status changes for purposes of the Plan:

- your marriage, divorce, legal separation or annulment;
- the birth, adoption, placement for adoption or legal guardianship of a child;
- a change in your Spouse's employment or involuntary loss of health coverage (other than coverage under the Medicare or Medicaid programs) under another employer's plan;
- loss of coverage due to the exhaustion of another employer's COBRA benefits, provided you were paying for premiums on a timely basis;
- the death of a Dependent;
- your Dependent child no longer qualifying as an eligible Dependent;
- a change in your or your Spouse's position or work schedule that impacts eligibility for health coverage;
- contributions were no longer paid by the employer (This is true even if you or your eligible Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer);
- you or your eligible Dependent who were enrolled in an HMO no longer live or work in that HMO's service area and no other benefit option is available to you or your eligible Dependent;
- benefits are no longer offered by the Plan to a class of individuals that include you or your eligible Dependent;
- termination of your or your Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage as a result of loss of eligibility (you must contact Human Resources within 60 days of termination);
- you or your Dependent become eligible for a premium assistance subsidy under Medicaid or CHIP (you must contact Human Resources within 60 days of determination of subsidy eligibility);
- a strike or lockout involving you or your Spouse; or

- a court or administrative order.

Unless otherwise noted above, if you wish to change your elections, you must contact Human Resources within 31 days of the change in family status. Otherwise, you will need to wait until the next annual Open Enrollment.

While some of these changes in status are similar to qualifying events under COBRA, you, or your eligible Dependent, do not need to elect COBRA continuation coverage to take advantage of the special enrollment rights listed above. These will also be available to you or your eligible Dependent if COBRA is elected.

Note: Any child under age 26 who is placed with you for adoption will be eligible for coverage on the date the child is placed with you, even if the legal adoption is not yet final. If you do not legally adopt the child, all medical Plan coverage for the child will end when the placement ends. No provision will be made for continuing coverage (such as COBRA coverage) for the child.

Change in Family Status - Example

Jane is married and has two children who qualify as Dependents. At annual Open Enrollment, she elects not to participate in MSD Washington Township's medical plan, because her husband, Tom, has family coverage under his employer's medical plan. In June, Tom loses his job as part of a downsizing. As a result, Tom loses his eligibility for medical coverage. Due to this family status change, Jane can elect family medical coverage under MSD Washington Township's medical plan outside of annual Open Enrollment.

SECTION 3 - HOW THE PLAN WORKS

What this section includes:

- Network and Non-Network Benefits;
- Eligible Expenses;
- Annual Deductible;
- Coinsurance; and
- Out-of-Pocket Maximum.

Network and Non-Network Benefits

As a participant in this Plan, you have the freedom to choose the Physician or health care professional you prefer each time you need to receive Covered Health Services. The choices you make affect the amounts you pay, as well as the level of Benefits you receive and any benefit limitations that may apply.

You are eligible for the Network level of Benefits under this Plan when you receive Covered Health Services from Physicians and other health care professionals who have contracted with UnitedHealthcare to provide those services.

You can choose to receive Network Benefits or Non-Network Benefits.

Network Benefits apply to Covered Health Services that are provided by a Network Physician or other Network provider. Emergency Health Services are always paid as Network Benefits. For facility charges, these are Benefits for Covered Health Services that are billed by a Network facility and provided under the direction of either a Network or non-Network Physician or other provider. Network Benefits include Physician services provided in a Network facility by a Network or a non-Network radiologist, anesthesiologist, pathologist and Emergency room Physician.

Non-Network Benefits apply to Covered Health Services that are provided by a non-Network Physician or other non-Network provider, or Covered Health Services that are provided at a non-Network facility.

Generally, when you receive Covered Health Services from a Network provider, you pay less than you would if you receive the same care from a non-Network provider. Therefore, in most instances, your out-of-pocket expenses will be less if you use a Network provider.

If you choose to seek care outside the Network, the Plan generally pays Benefits at a lower level. You are required to pay the amount that exceeds the Eligible Expense. The amount in excess of the Eligible Expense could be significant, and this amount does not apply to the Out-of-Pocket Maximum. You may want to ask the non-Network provider about their billed charges before you receive care.

Health Services from Non-Network Providers Paid as Network Benefits

If specific Covered Health Services are not available from a Network provider, you may be eligible to receive Network Benefits from a non-Network provider. In this situation, your Network Physician will notify Care CoordinationSM, and they will work with you and your Network Physician to coordinate care through a non-Network provider.

When you receive Covered Health Services through a Network Physician, the Plan will pay Network Benefits for those Covered Health Services, even if one or more of those Covered Health Services is received from a non-Network provider.

Looking for a Network Provider?

In addition to other helpful information, www.myuhc.com, UnitedHealthcare's consumer website, contains a directory of health care professionals and facilities in UnitedHealthcare's Network. While Network status may change from time to time, www.myuhc.com has the most current source of Network information. Use www.myuhc.com to search for Physicians available in your Plan.

Network Providers

UnitedHealthcare or its affiliates arrange for health care providers to participate in a Network. At your request, UnitedHealthcare will send you a directory of Network providers free of charge. Keep in mind, a provider's Network status may change. To verify a provider's status or request a provider directory, you can call UnitedHealthcare at the toll-free number on your ID card or log onto www.myuhc.com.

Network providers are independent practitioners and are not employees of MSD Washington Township or UnitedHealthcare.

UnitedHealthcare's credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Possible Limitations on Provider Use

If UnitedHealthcare determines that you are using health care services in a harmful or abusive manner, you may be required to select a Network Physician to coordinate all of your future Covered Health Services. If you don't make a selection within 31 days of the date you are notified, UnitedHealthcare will select a Network Physician for you. In the event that you do not use the Network Physician to coordinate all of your care, any Covered Health Services you receive will be paid at the non-Network level.

Eligible Expenses

MSD Washington Township has delegated to UnitedHealthcare the initial discretion and authority to decide whether a treatment or supply is a Covered Health Service and how the Eligible Expenses will be determined and otherwise covered under the Plan.

Eligible Expenses are the amount UnitedHealthcare determines that UnitedHealthcare will pay for Benefits. For Network Benefits, you are not responsible for any difference between Eligible Expenses and the amount the provider bills. For Network Benefits for Covered Health Services provided by a non-Network provider (other than Emergency Health

Services or services otherwise arranged by UnitedHealthcare), you will be responsible to the non-Network Physician or provider for any amount billed that is greater than the amount UnitedHealthcare determines to be an Eligible Expense as described below. For Non-Network Benefits, you are responsible for paying, directly to the non-Network provider, any difference between the amount the provider bills you and the amount UnitedHealthcare will pay for Eligible Expenses. Eligible Expenses are determined solely in accordance with UnitedHealthcare's reimbursement policy guidelines, as described in the SPD.

For Network Benefits, Eligible Expenses are based on the following:

- When Covered Health Services are received from a Network provider, Eligible Expenses are UnitedHealthcare's contracted fee(s) with that provider.
- When Covered Health Services are received from a non-Network provider as a result of an Emergency or as arranged by UnitedHealthcare, Eligible Expenses are billed charges unless a lower amount is negotiated or authorized by law.

For Non-Network Benefits, Eligible Expenses are based on either of the following:

- When Covered Health Services are received from a non-Network provider, Eligible Expenses are determined, based on:
 - Negotiated rates agreed to by the non-Network provider and either UnitedHealthcare or one of UnitedHealthcare's vendors, affiliates or subcontractors, at UnitedHealthcare's discretion.
 - If rates have not been negotiated, then one of the following amounts:
 - ◆ For Covered Health Services other than Pharmaceutical Products, Eligible Expenses are determined based on available data resources of competitive fees in that geographic area.
 - ◆ When Covered Health Services are Pharmaceutical Products, Eligible Expenses are determined based on 110% of the published rates allowed by the Centers for Medicare and Medicaid Services (CMS) for Medicare for the same or similar service within the geographic market.

When a rate is not published by *CMS* for the service, UnitedHealthcare uses a gap methodology established by *OptumInsight* and/or a third party vendor that uses a relative value scale. The relative value scale is usually based on the difficulty, time, work, risk and resources of the service. If the relative value scale currently in use becomes no longer available, UnitedHealthcare will use a comparable scale(s). UnitedHealthcare and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to UnitedHealthcare's website at www.myuhc.com for information regarding the vendor that provides the applicable gap fill relative value scale information.

IMPORTANT NOTICE: Non-Network providers may bill you for any difference between the provider's billed charges and the Eligible Expense described here.

- When Covered Health Services are received from a Network provider, Eligible Expenses are UnitedHealthcare's contracted fee(s) with that provider.

Don't Forget Your ID Card

Remember to show your UnitedHealthcare ID card every time you receive health care services from a provider. If you do not show your ID card, a provider has no way of knowing that you are enrolled under the Plan.

Annual Deductible

The Annual Deductible is the amount of Eligible Expenses you must pay each calendar year for Covered Health Services before you are eligible to begin receiving Benefits. There are separate Network and non-Network Annual Deductibles for this Plan. The amounts you pay toward your Annual Deductible accumulate over the course of the calendar year.

When a Covered Person was previously covered under a benefit plan that was replaced by the Plan, any amount already applied to that annual deductible provision of the prior plan will apply to the Annual Deductible provision under this Plan.

Coinsurance

Coinsurance is the percentage of Eligible Expenses that you are responsible for paying. Coinsurance is a fixed percentage that applies to certain Covered Health Services after you meet the Annual Deductible.

Out-of-Pocket Maximum

The annual Out-of-Pocket Maximum is the most you pay each calendar year for Covered Health Services. There are separate Network and non-Network Out-of-Pocket Maximums for this Plan. If your eligible out-of-pocket expenses in a calendar year exceed the annual maximum, the Plan pays 100% of Eligible Expenses for Covered Health Services through the end of the calendar year.

The Out-of-Pocket Maximum applies to all Covered Health Services under the Plan, as indicated in the table below, including Covered Health Services provided under your separate prescription drug coverage administered by Express Scripts.

The following table identifies what does and does not apply toward your Network and non-Network Out-of-Pocket Maximums:

| Plan Features | Applies to the Network Out-of-Pocket Maximum? | Applies to the Non-Network Out-of-Pocket Maximum? |
|--|---|---|
| Copays, even those expenses you incur under your separate prescription drug coverage if applicable | Yes | Yes |
| Coinsurance Payments, even those expenses you incur under your separate prescription drug coverage if applicable | Yes | Yes |
| Charges for non-Covered Health Services | No | No |
| The amounts of any reductions in Benefits you incur by not obtaining prior authorization as required. | No | No |
| Charges that exceed Eligible Expenses | No | No |

SECTION 4 - CARE COORDINATIONSM

What this section includes:

- An overview of the Care CoordinationSM program; and
- Covered Health Services which Require Prior Authorization.

Care Management

When you seek prior authorization as required, the Claims Administrator will work with you to implement the care management process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy.

UnitedHealthcare provides a program called Care CoordinationSM designed to encourage personalized, efficient care for you and your covered Dependents.

Care CoordinationSM nurses center their efforts on prevention, education, and closing any gaps in your care. The goal of the program is to ensure you receive the most appropriate and cost-effective services available. A Care CoordinationSM nurse is notified when you or your provider calls the toll-free number on your ID card regarding an upcoming treatment or service.

Care CoordinationSM nurses will provide a variety of different services to help you and your covered family members receive appropriate medical care. Program components are subject to change without notice.

- **Admission counseling** - Nurse Advocates are available to help you prepare for a successful surgical admission and recovery. Call the number on the back of your ID card for support.
- **Inpatient care management** - If you are hospitalized, a Care CoordinationSM nurse will work with your Physician to make sure you are getting the care you need and that your Physician's treatment plan is being carried out effectively.
- **Readmission Management** - This program serves as a bridge between the Hospital and your home if you are at high risk of being readmitted. After leaving the Hospital, if you have a certain chronic or complex condition, you may receive a phone call from a Care CoordinationSM nurse to confirm that medications, needed equipment, or follow-up services are in place. The Care CoordinationSM nurse will also share important health care information, reiterate and reinforce discharge instructions, and support a safe transition home.
- **Risk Management** - Designed for participants with certain chronic or complex conditions, this program addresses such health care needs as access to medical specialists, medication information, and coordination of equipment and supplies. Participants may receive a phone call from a Care CoordinationSM nurse to discuss and share important health care information related to the participant's specific chronic or complex condition.

If you do not receive a call from a Care CoordinationSM nurse but feel you could benefit from any of these programs, please call the toll-free number on your ID card.

Prior Authorization

In general, Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization. However, if you choose to receive Covered Health Services from a non-Network provider, you are responsible for obtaining prior authorization before you receive the services. There are some Network Benefits, however, for which you are responsible for obtaining authorization before you receive the services.

It is recommended that you confirm with UnitedHealthcare that all Covered Health Services listed below have been prior authorized as required. Before receiving these services from a Network provider, you may want to contact UnitedHealthcare to verify that the Hospital, Physician and other providers are Network providers and that they have obtained the required prior authorization. Network facilities and Network providers cannot bill you for services they fail to prior authorize as required. You can contact UnitedHealthcare by calling the toll-free telephone number on the back of your ID card.

When you choose to receive certain Covered Health Services from non-Network providers, you are responsible for obtaining prior authorization before you receive these services. Note that your obligation to obtain prior authorization is also applicable when a non-Network provider intends to admit you to a Network facility or refers you to other Network providers.

To obtain prior authorization, call the toll-free telephone number on the back of your ID card. This call starts the utilization review process. Once you have obtained the authorization, please review it carefully so that you understand what services have been authorized and what providers are authorized to deliver the services that are subject to the authorization.

The utilization review process is a set of formal techniques designed to monitor the use of, or evaluate the clinical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures or settings. Such techniques may include ambulatory review, prospective review, second opinion, certification, concurrent review, case management, discharge planning, retrospective review or similar programs.

Covered Health Services which Require Prior Authorization

Network providers are generally responsible for obtaining prior authorization from the Claims Administrator or contacting Care CoordinationSM before they provide certain services to you. However, there are some Network Benefits for which you are responsible for obtaining prior authorization from the Claims Administrator.

When you choose to receive certain Covered Health Services from non-Network providers, you are responsible for obtaining prior authorization from Claims Administrator before you receive these services. In many cases, your Non-Network Benefits will be reduced if the Claims Administrator has not provided prior authorization.

The services that require Care CoordinationSM authorization are:

- ambulance – non-emergent air and ground;
- Anesthesia/Hospital Coverage for Dental Care;
- Clinical trials;
- cochlear implant;
- Congenital Heart Disease services;
- dental services - accident only;
- Durable Medical Equipment for items that will cost more than \$1,000 to purchase or rent, including diabetes equipment for the management and treatment of diabetes;
- Genetic Testing – BRCA;
- home health care;
- hospice care - inpatient;
- Hospital Inpatient Stay;
- Lab, X-Ray and Diagnostics – Outpatient - sleep studies;
- Lab, X-ray and Major Diagnostics – Outpatient - CT, PET Scans, MRI, MRA, capsule endoscopy and Nuclear Medicine including nuclear cardiology;
- manipulative treatment as described under *Rehabilitation Services - Outpatient Therapy and Manipulative Treatment* in Section 6, *Additional Coverage Details*;
- maternity care that exceeds the delivery timeframes as described in Section 6, *Additional Coverage Details*;
- Mental Health Services - inpatient services (including services at a Residential Treatment Facility). Partial Hospitalization/Day Treatment; intensive outpatient program treatment; outpatient electro-convulsive treatment; psychological testing; extended outpatient treatment visits beyond 45 - 50 minutes in duration, with or without medication management;
- Neurobiological Disorders - Autism Spectrum Disorder Services - inpatient services (including services at a Residential Treatment Facility). Partial Hospitalization/Day Treatment; intensive outpatient program treatment; outpatient electro-convulsive treatment; psychological testing; extended outpatient treatment visits beyond 45 - 50 minutes in duration, with or without medication management; Intensive Behavioral Therapy, including *Applied Behavior Analysis (ABA)*.
- prosthetic devices for items that will cost more than \$1,000 to purchase or rent;
- Reconstructive Procedures, including breast reconstruction surgery following mastectomy;
- Skilled Nursing Facility/Inpatient Rehabilitation Facility Services;

- Substance-Related and Addictive Disorders Services - inpatient services (including services at a Residential Treatment Facility). Partial Hospitalization/Day Treatment; intensive outpatient program treatment; outpatient electro-convulsive treatment; psychological testing; extended outpatient treatment visits beyond 45 - 50 minutes in duration, with or without medication management;
- Surgery – Outpatient - cardiac catheterization, pacemaker insertion, implantable cardioverter defibrillators and sleep apnea surgeries;
- Therapeutic Treatments – Outpatient – all outpatient therapeutics; and
- transplantation services.

Notification is required within 24 hours of admission or on the same day of admission if reasonably possible after you are admitted to a non-Network Hospital as a result of an Emergency.

For prior authorization timeframes, and reductions in Benefits that apply if you do not obtain prior authorization from Care CoordinationSM, see Section 6, *Additional Coverage Details*.

Contacting Care Coordination is easy.
Simply call the toll-free number on your ID card.

Special Note Regarding Medicare

If you are enrolled in Medicare on a primary basis (Medicare pays before the Plan pays Benefits) the prior authorization requirements do not apply to you. Since Medicare is the primary payer, the Plan will pay as secondary payer as described in Section 10, *Coordination of Benefits (COB)*. You are not required to provide notification before receiving Covered Health Services.

SECTION 5 - PLAN HIGHLIGHTS

The table below provides an overview of the Plan's Annual Deductible and Out-of-Pocket Maximum.

| Plan Features | Network | Non-Network |
|--|-------------------------------|---------------------------------|
| <p>Annual Deductible¹</p> <ul style="list-style-type: none"> ■ Individual ■ Family (not to exceed the applicable Individual amount per Covered Person). | <p>\$3,000</p> <p>\$6,000</p> | <p>\$5,500</p> <p>\$11,000</p> |
| <p>Annual Out-of-Pocket Maximum²</p> <ul style="list-style-type: none"> ■ Individual ■ Family (not to exceed the applicable Individual amount per Covered Person). | <p>\$3,000</p> <p>\$6,000</p> | <p>\$11,000</p> <p>\$22,000</p> |
| <p>Lifetime Maximum Benefit³</p> <p>There is no dollar limit to the amount the Plan will pay for essential Benefits during the entire period you are enrolled in this Plan.</p> | <p>Unlimited</p> | |

¹The Annual Deductible applies to all Covered Health Services under the Plan.

²The Annual Out-of-Pocket applies to all Covered Health Services under the Plan, including Covered Health Services provided under your separate prescription drug coverage administered by Express Scripts.

³Generally the following are considered to be essential benefits under the Patient Protection and Affordable Care Act:
 Ambulatory patient services; emergency services, hospitalization; maternity and newborn care, mental health and substance-related and addictive disorders services (including behavioral health treatment); prescription drugs; rehabilitative and habilitative services and devices; laboratory services; preventive and wellness services and chronic disease management; and pediatric services, including oral and vision care.

This table provides an overview of the Plan's coverage levels. For detailed descriptions of your Benefits, refer to Section 6, *Additional Coverage Details*.

¹You must obtain prior authorization from the Claims Administrator, as described in Section 4, *Care CoordinationSM* to receive full Benefits before receiving certain Covered Health Services from a non-Network Provider. In general, if you visit a Network Provider, that Provider is responsible for obtaining prior authorization from the Claims Administrator before you receive certain Covered Health Services. See Section 6, *Additional Coverage Details* for further information.

²These Benefits are for Covered Health Services provided through CRS at a Designated Facility. For oncology services not provided through CRS, the Plan pays Benefits as described under *Physician's Office Services, Physician Fees for Surgical and Medical Services, Hospital - Inpatient Stay, Surgery - Outpatient, Scopic Procedures - Outpatient Diagnostic and Therapeutic Lab, X-Ray and Diagnostics – Outpatient, and Lab, X-Ray and Major Diagnostics – CT, PET, MRI, MRA and Nuclear Medicine – Outpatient.*

SECTION 6 - ADDITIONAL COVERAGE DETAILS

What this section includes:

- Covered Health Services for which the Plan pays Benefits; and
- Covered Health Services that require you to obtain prior authorization before you receive them, and any reduction in Benefits that may apply if you do not call Care CoordinationSM to obtain prior authorization.

This section supplements the second table in Section 5, *Plan Highlights*.

While the table provides you with Benefit limitations along with Coinsurance and Annual Deductible information for each Covered Health Service, this section includes descriptions of the Benefits. These descriptions include any additional limitations that may apply, as well as Covered Health Services for which you must obtain prior authorization as required. The Covered Health Services in this section appear in the same order as they do in the table for easy reference. Services that are not covered are described in Section 8, *Exclusions*.

Ambulance Services

The Plan covers Emergency ambulance services and transportation provided by a licensed ambulance service to the nearest Hospital that offers Emergency Health Services. See

Ambulance service by air is covered in an Emergency if ground transportation is impossible, or would put your life or health in serious jeopardy. If special circumstances exist, UnitedHealthcare may pay Benefits for Emergency air transportation to a Hospital that is not the closest facility to provide Emergency Health Services.

The Plan also covers transportation provided by a licensed professional ambulance (either ground or air ambulance, as UnitedHealthcare determines appropriate) between facilities when the transport is:

- from a non-Network Hospital to a Network Hospital;
- to a Hospital that provides a higher level of care that was not available at the original Hospital;
- to a more cost-effective acute care facility; or
- from an acute facility to a sub-acute setting.

Prior Authorization Requirement

In most cases, the Claims Administrator will initiate and direct non-Emergency ambulance transportation. If you are requesting non-Emergency ambulance services, please remember that you must obtain prior authorization as soon as possible prior to transport. If authorization is not obtained as required, you will be responsible for paying all charges and no Benefits will be paid.

Anesthesia/Hospital Coverage for Dental Care

Benefits are provided for anesthesia and Hospital charges for dental care for a child under the age of 19 or an individual with a disability who has a physical or mental impairment that substantially limits one or more of their major life activities, if the mental or physical condition requires dental treatment to be rendered in a Hospital or an ambulatory outpatient surgical center.

The Plan will use the indications for general anesthesia published in the reference manual of the American Academy of Pediatric Dentistry to support any dental treatment and use of anesthesia.

Prior Authorization Requirement

Please remember for Non-Network Benefits for:

- a scheduled admission, you must obtain prior authorization five business days before admission;
- a non-elective admission (or admission resulting from an Emergency) you must provide notification as soon as is reasonably possible.

If authorization is not obtained as required, or notification is not provided, Benefits will be reduced to 50% of Eligible Expenses.

Cancer Resource Services (CRS)

The Plan pays Benefits for oncology services provided by Designated Facilities participating in the Cancer Resource Services (CRS) program. Designated Facility is defined in Section 14, *Glossary*.

For oncology services and supplies to be considered Covered Health Services, they must be provided to treat a condition that has a primary or suspected diagnosis relating to cancer. If you or a covered Dependent has cancer, you may:

- be referred to CRS by Care CoordinationSM;
- call CRS toll-free at (866) 936-6002; or
- visit www.myoptumhealthcomplexmedical.com.

To receive Benefits for a cancer-related treatment, you are not required to visit a Designated Facility. If you receive oncology services from a facility that is not a Designated Facility, the Plan pays Benefits as described under:

- Physician's Office Services - Sickness and Injury;
- Physician Fees for Surgical and Medical Services;
- Scopic Procedures - Outpatient Diagnostic and Therapeutic;
- Therapeutic Treatments - Outpatient;
- Hospital - Inpatient Stay; and

- Surgery - Outpatient.

Note: The services described under *Travel and Lodging* are Covered Health Services only in connection with cancer-related services received at a Designated Facility.

To receive Benefits under the CRS program, you must contact CRS prior to obtaining Covered Health Services. The Plan will only pay Benefits under the CRS program if CRS provides the proper notification to the Designated Facility provider performing the services (even if you self-refer to a provider in that Network).

Clinical Trials

Routine patient care costs incurred during participation in a qualifying clinical trial for the treatment of:

- cardiovascular disease (cardiac/stroke); or
- surgical musculoskeletal disorders of the spine, hip, and knees.

Benefits include the reasonable and necessary items and services used to diagnose and treat complications arising from participation in a qualifying clinical trial.

Benefits are available only when the Covered Person is clinically eligible for participation in the clinical trial as defined by the researcher. Benefits are not available for preventive clinical trials, with the exception of routine care costs associated with cancer clinical trials.

Routine patient care costs for clinical trials include:

- Covered Health Services for which Benefits are typically provided absent a clinical trial;
- Covered Health Services required solely for the provision of the Investigational item or service, the clinically appropriate monitoring of the effects of the item or service, or the prevention of complications; and
- Covered Health Services needed for reasonable and necessary care arising from the provision of an Investigational item or service.

Routine costs for clinical trials do not include:

- the Experimental or Investigational Service or item. The only exceptions to this are:
 - certain Category B devices;
 - certain promising interventions for patients with terminal illnesses; and
 - other items and services that meet specified criteria in accordance with our medical policy guidelines;
- items and services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; or

- items and services provided by the research sponsors free of charge for any person enrolled in the trial.

Cancer Clinical Trials

Benefits under this section include routine care costs incurred in the course of a clinical trial as required under Indiana insurance law.

Routine care costs include the cost of Covered Health Services related to the care method that is under evaluation in a clinical trial.

Routine care costs for cancer clinical trials do not include:

- health care services, items or investigational drugs that are being evaluated in the cancer clinical trial and are not routine patient care;
- any treatment modality that is not part of the usual and customary standard of care required to administer or support the health care services, items or investigational drugs that are the subject of the clinical trial;
- health care services, items or drugs provided solely to satisfy data collection and analysis needs for the cancer clinical trial that are not used in the direct clinical management of the patient;
- investigational drugs or devices that have not been approved for market by the Food and Drug Administration;
- transportation, lodging, food or other expenses for the patient, family member or companion of the patient that are associated with the travel to or from the facility providing the cancer clinical trial;
- items or drugs provided by the cancer clinical trial sponsors free of charge for any patient; or
- services, items or drugs that are eligible for reimbursement by a person other than the cancer clinical trial sponsor or us.

A "clinical trial" means a Phase I, II, III, or IV research study that is conducted:

- Using a particular care method to prevent, diagnose or treat cancer for which:
 - there is no clearly superior, noninvestigational alternative care method; and
 - available clinical or preclinical data provides a reasonable basis from which to believe that the care method used in the research study is at least as effective as any noninvestigational alternative care method.
- In a facility where personnel providing the care method to be followed in the research study have:
 - received training in providing the care method;

- expertise in providing the type of care required for the research study; and
 - experience providing the type of care required for the research study to a sufficient volume of patients to maintain expertise; and
- to scientifically determine the best care method to prevent, diagnose, or treat the cancer.
 - The trial must be approved or funded by one of the following entities:
 - National Institutes of Health (NIH);
 - a cooperative group of research facilities that has an established peer review program that is approved by a NIH institute or center;
 - Food and Drug Administration (FDA);
 - Department of Veterans Affairs (VA);
 - Department of Defense (DOD);
 - the institutional review board of an institution located in Indiana that has a multiple project assurance contract approved by the National Institutes of Health Office for Protection from Research Risks as provided in 45 CFR 46.103; or
 - a research entity that meets eligibility criteria for a support grant from a NIH center.

Prior Authorization Requirement

You must obtain prior authorization as soon as the possibility of participation in a clinical trial arises. If you fail to obtain prior authorization as required, Benefits will be reduced to 50% of Eligible Expenses.

Congenital Heart Disease (CHD) Surgeries

The Plan pays Benefits for Congenital heart disease (CHD) surgeries which are ordered by a Physician. CHD surgical procedures include surgeries to treat conditions such as coarctation of the aorta, aortic stenosis, tetralogy of fallot, transposition of the great vessels and hypoplastic left or right heart syndrome.

UnitedHealthcare has specific guidelines regarding Benefits for CHD services. Contact United Resource Networks at (888) 936-7246 or Care Coordination for information about these guidelines.

Prior Authorization Requirement

For Designated Network Benefits you must obtain prior authorization as soon as the possibility of a CHD surgery arises. If you do not obtain prior authorization and if, as a result, the CHD services are not performed at a Designated Facility, Designated Network Benefits will not be paid. Non-Network Benefits will apply.

For Non-Network Benefits you must obtain prior authorization as soon as the possibility of a CHD surgery arises. If you fail to obtain prior authorization as required, Benefits will be reduced to 50% of Eligible Expenses.

The Plan pays Benefits for Congenital Heart Disease (CHD) services ordered by a Physician and received at a CHD Resource Services program. Benefits include the facility charge and the charge for supplies and equipment. Benefits are available for the following CHD services:

- outpatient diagnostic testing;
- evaluation;
- surgical interventions;
- interventional cardiac catheterizations (insertion of a tubular device in the heart);
- fetal echocardiograms (examination, measurement and diagnosis of the heart using ultrasound technology); and
- approved fetal interventions.

CHD services other than those listed above are excluded from coverage, unless determined by United Resource Networks or Care CoordinationSM to be proven procedures for the involved diagnoses. Contact United Resource Networks at (888) 936-7246 or Care CoordinationSM at the toll-free number on your ID card for information about CHD services.

If you receive Congenital Heart Disease services from a facility that is not a Designated Facility, the Plan pays Benefits as described under:

- Physician's Office Services - Sickness and Injury;
- Physician Fees for Surgical and Medical Services;
- Scopic Procedures - Outpatient Diagnostic and Therapeutic;
- Therapeutic Treatments - Outpatient;
- Hospital - Inpatient Stay; and
- Surgery - Outpatient.

To receive Benefits under the CHD program, you must contact United Resource Networks at (888) 936-7246 prior to obtaining Covered Health Services. The Plan will only pay Benefits under the CHD program if CHD provides the proper notification to the Designated Facility provider performing the services (even if you self-refer to a provider in that Network).

Dental Services - Accident Only

Dental services are covered by the Plan when all of the following are true:

- treatment is necessary because of accidental damage;
- dental damage does not occur as a result of normal activities of daily living or extraordinary use of the teeth; and

- dental services are received from a Doctor of Dental Surgery or a Doctor of Medical Dentistry; and
- the dental damage is severe enough that initial contact with a Physician or dentist occurs within 72 hours of the accident. (You may request an extension of this time period provided that you do so within 60 days of the Injury and if extenuating circumstances exist due to the severity of the Injury.)

The Plan also covers dental care (oral examination, X-rays, extractions and non-surgical elimination of oral infection) required for the direct treatment of a medical condition limited to:

- dental services related to medical transplant procedures;
- initiation of immunosuppressives (medication used to reduce inflammation and suppress the immune system); and
- direct treatment of acute traumatic Injury, cancer or cleft palate.

Dental services for final treatment to repair the damage caused by accidental Injury must be started within three months of the accident, or if not a Covered Person at the time of the accident, within the first three months of coverage under the Plan, unless extenuating circumstances exist (such as prolonged hospitalization or the presence of fixation wires from fracture care) and completed within 12 months of the accident, or if not a Covered Person at the time of the accident, within the first 12 months of coverage under the Plan.

The Plan pays for treatment of accidental Injury only for:

- emergency examination;
- necessary diagnostic x-rays;
- endodontic (root canal) treatment;
- temporary splinting of teeth;
- prefabricated post and core;
- simple minimal restorative procedures (fillings);
- extractions;
- post-traumatic crowns if such are the only clinically acceptable treatment; and
- replacement of lost teeth due to the Injury by implant, dentures or bridges.

Prior Authorization Requirement

For Network and non-Network Benefits please remember that you must obtain prior authorization as soon as possible, but at least five business days before follow-up (post-Emergency) treatment begins. (You do not have to obtain authorization before the initial Emergency treatment.) If you fail to obtain prior authorization as required, Benefits will be reduced to 50% of Eligible Expenses.

Diabetes Services

The Plan pays Benefits for the Covered Health Services identified below.

| Covered Diabetes Services | |
|---|---|
| Diabetes Self-Management and Training/Diabetic Eye Examinations/Foot Care | Benefits include outpatient self-management training for the treatment of diabetes, education and medical nutrition therapy services. These services must be ordered by a Physician and provided by appropriately licensed or registered healthcare professionals. Benefits will also be provided for re-education or refresher training. Benefits under this section also include medical eye examinations (dilated retinal examinations) and preventive foot care for Covered Persons with diabetes. |
| Diabetic Self-Management Items | Insulin pumps and supplies for the management and treatment of diabetes, based upon the medical needs of the Covered Person. An insulin pump is subject to all the conditions of coverage stated under <i>Durable Medical Equipment</i> in this section. |

Prior Authorization Requirement

For Non-Network Benefits you must obtain prior authorization before obtaining any Durable Medical Equipment for the management and treatment of diabetes that exceeds \$1,000 in cost (either retail purchase cost or cumulative retail rental cost of a single item). If you fail to obtain prior authorization as required, Benefits will be reduced to 50% of Eligible Expenses.

Durable Medical Equipment (DME)

The Plan pays for Durable Medical Equipment (DME) that is:

- ordered or provided by a Physician for outpatient use;
- used for medical purposes;
- not consumable or disposable;
- not of use to a person in the absence of a Sickness, Injury or disability;
- durable enough to withstand repeated use; and
- appropriate for use in the home.

If more than one piece of DME can meet your functional needs, you will receive Benefits only for the most Cost-Effective piece of equipment. Benefits are provided for a single unit of DME (example: one insulin pump) and for repairs of that unit.

Examples of DME include but are not limited to:

- equipment to administer oxygen;
- equipment to assist mobility, such as a standard wheelchair;
- Hospital beds;
- delivery pumps for tube feedings;
- negative pressure wound therapy pumps (wound vacuums);
- burn garments;
- insulin pumps and all related necessary supplies as described under *Diabetes Services* in this section;
- external cochlear devices and systems. Surgery to place a cochlear implant is also covered by the Plan. Cochlear implantation can either be an inpatient or outpatient procedure. See *Hospital - Inpatient Stay, Rehabilitation Services - Outpatient Therapy and Surgery - Outpatient* in this section;
- braces that stabilize an injured body part, including necessary adjustments to shoes to accommodate braces. Braces that stabilize an injured body part and braces to treat curvature of the spine are considered Durable Medical Equipment and are a Covered Health Service. Braces that straighten or change the shape of a body part are orthotic devices and will be covered. This exclusion does not apply to:
 - orthotic devices that are medically appropriate, custom fitted and ordered by a Physician; and
 - orthotic devices as described under *Prosthetic and Orthotic Devices*.
- equipment for the treatment of chronic or acute respiratory failure or conditions.

The Plan also covers tubings, nasal cannulas, connectors and masks used in connection with DME. Dental braces are excluded from coverage.

Benefits also include speech aid devices and tracheo-esophageal voice devices required for treatment of severe speech impediment or lack of speech directly attributed to Sickness or Injury. Benefits for the purchase of speech aid devices and tracheo-esophageal voice devices are available only after completing a required three-month rental period. Benefits are limited as stated below.

Note: DME is different from prosthetic devices – see *Prosthetic Devices* in this section.

Benefits for speech aid devices and tracheo-esophageal voice devices are limited to the purchase of one device during the entire period of time a Covered Person is enrolled under the Plan.

At UnitedHealthcare's discretion, replacements are covered for damage beyond repair with normal wear and tear, when repair costs exceed new purchase price, or when a change in the Covered Person's medical condition occurs sooner than the three year timeframe. Repairs, including the replacement of essential accessories, such as hoses, tubes, mouth pieces, etc.,

for necessary DME are only covered when required to make the item/device serviceable and the estimated repair expense does not exceed the cost of purchasing or renting another item/device. Requests for repairs may be made at any time and are not subject to the three year timeline for replacement.

Prior Authorization Requirements

For Non-Network Benefits you must obtain prior authorization before obtaining any Durable Medical Equipment that exceeds \$1,000 in cost (either retail purchase cost or cumulative retail rental cost of a single item). If you fail to obtain prior authorization as required, Benefits will be reduced to 50% of Eligible Expenses.

Emergency Health Services - Outpatient

The Plan's Emergency services Benefit pays for outpatient treatment at a Hospital or Alternate Facility when required to stabilize a patient or initiate treatment.

Network Benefits will be paid for an Emergency admission to a non-Network Hospital as long as Care CoordinationSM is notified within 24 hours of the admission or on the same day of admission if reasonably possible after you are admitted to a non-Network Hospital. If you continue your stay in a non-Network Hospital after the date your Physician determines that it is medically appropriate to transfer you to a Network Hospital, Non-Network Benefits will apply.

Benefits under this section are available for services to treat a condition that does not meet the definition of an Emergency.

Please remember for Non-Network Benefits, you must notify the Claims Administrator within one business day of the admission or on the same day of admission if reasonably possible if you are admitted to a Hospital as a result of an Emergency. If you fail to obtain prior authorization as required, Benefits for the Hospital Inpatient Stay will be reduced to 50% of Eligible Expenses. Benefits will not be reduced for the outpatient Emergency Health Services.

Hearing Aids

The Plan pays Benefits for hearing aids required for the correction of a hearing impairment (a reduction in the ability to perceive sound which may range from slight to complete deafness). Hearing aids are electronic amplifying devices designed to bring sound more effectively into the ear. A hearing aid consists of a microphone, amplifier and receiver.

Benefits are available for a hearing aid that is purchased as a result of a written recommendation by a Physician. Benefits are provided for the hearing aid and for charges for associated fitting and testing.

Benefits do not include bone anchored hearing aids. Bone anchored hearing aids are a Covered Health Service for which Benefits are available under the applicable medical/surgical Covered Health Services categories in this section only for Covered Persons who have either of the following:

- craniofacial anomalies whose abnormal or absent ear canals preclude the use of a wearable hearing aid; or
- hearing loss of sufficient severity that it would not be adequately remedied by a wearable hearing aid.

Home Health Care

Covered Health Services are services that a Home Health Agency provides if you need care in your home due to the nature of your condition. Services must be:

- ordered by a Physician;
- provided by or supervised by a registered nurse in your home, or provided by either a home health aide or licensed practical nurse and supervised by a registered nurse;
- not considered Custodial Care, as defined in Section 14, *Glossary*; and
- provided on a part-time, Intermittent Care schedule when Skilled Care is required. Refer to Section 14, *Glossary* for the definition of Skilled Care.

Care CoordinationSM will decide if Skilled Care is needed by reviewing both the skilled nature of the service and the need for Physician-directed medical management. A service will not be determined to be "skilled" simply because there is not an available caregiver.

Any combination of Network Benefits and Non-Network Benefits is limited to 60 visits per calendar year. One visit equals four hours of Skilled Care services.

Prior Authorization Requirements

For Network and Non-Network Benefits please remember that you must obtain prior authorization five business days before receiving services or as soon as is reasonably possible. If you fail to obtain prior authorization as required, Benefits will be reduced to 50% of Eligible Expenses.

Hospice Care

Hospice care is an integrated program recommended by a Physician which provides comfort and support services for the terminally ill. Hospice care can be provided on an inpatient or outpatient basis and includes physical, psychological, social, spiritual and respite care for the terminally ill person and short-term grief counseling for immediate family members while the Covered Person is receiving hospice care. Benefits are available only when hospice care is received from a licensed hospice agency, which can include a Hospital.

Prior Authorization Requirement

For Non-Network Benefits, you must obtain prior authorization five business days before admission for an Inpatient Stay in a hospice facility or as soon as reasonably possible. If you fail to obtain prior authorization as required, Benefits will be reduced to 50% of Eligible Expenses.

Hospital - Inpatient Stay

Hospital Benefits are available for:

- non-Physician services and supplies received during an Inpatient Stay;
- room and board in a Semi-private Room (a room with two or more beds); and
- Physician services for radiologists, anesthesiologists, pathologists and Emergency room Physicians.

The Plan will pay the difference in cost between a Semi-private Room and a private room only if a private room is necessary according to generally accepted medical practice.

Benefits for an Inpatient Stay in a Hospital are available only when the Inpatient Stay is necessary to prevent, diagnose or treat a Sickness or Injury. Benefits for other Hospital-based Physician services are described in this section under *Physician Fees for Surgical and Medical Services*.

Benefits for Emergency admissions and admissions of less than 24 hours are described under *Emergency Health Services* and *Surgery - Outpatient, Scopic Procedures - Diagnostic and Therapeutic*, and *Therapeutic Treatments - Outpatient*, respectively.

Prior Authorization Requirement

Please remember for Non-Network Benefits for:

- a scheduled admission, you must obtain prior authorization five business days before admission;
- a non-elective admission (or admission resulting from an Emergency) you must provide notification as soon as is reasonably possible.

If authorization is not obtained as required, or notification is not provided, Benefits will be reduced to 50% of Eligible Expenses.

Inherited Metabolic Disease Treatment

Benefits are provided for medical foods that are prescribed by a Physician for the treatment of inherited metabolic disease.

For purposes of this Benefit, "Inherited metabolic disease" is a disease that is caused by inborn errors of amino acid, organic acid, or urea cycle metabolism and is treatable by the dietary restriction of one or more amino acids. "Medical foods" is a formula that is intended for the dietary treatment of a disease or condition for which nutritional requirements are

established by medical evaluation and formulated to be consumed or administered enterally under the direction of a Physician.

Kidney Resource Services (KRS)

The Plan pays Benefits for Comprehensive Kidney Solution (CKS) that covers both chronic kidney disease and End Stage Renal Disease (ESRD) disease provided by Designated Facilities participating in the Kidney Resource Services (KRS) program. Designated Facility is defined in Section 14, *Glossary*.

In order to receive Benefits under this program, KRS must provide the proper notification to the Network provider performing the services. This is true even if you self-refer to a Network provider participating in the program. Notification is required:

- prior to vascular access placement for dialysis; and
- prior to any ESRD services.

You or a covered Dependent may:

- be referred to KRS by Care CoordinationSM; or
- call KRS toll-free at (888) 936-7246 and select the KRS prompt.

To receive Benefits related to ESRD and chronic kidney disease, you are not required to visit a Designated Facility. If you receive services from a facility that is not a Designated Facility, the Plan pays Benefits as described under:

- Physician's Office Services - Sickness and Injury;
- Physician Fees for Surgical and Medical Services;
- Scopic Procedures - Outpatient Diagnostic and Therapeutic;
- Therapeutic Treatments - Outpatient;
- Hospital - Inpatient Stay; and
- Surgery - Outpatient.

To receive Benefits under the KRS program, you must contact KRS prior to obtaining Covered Health Services. The Plan will only pay Benefits under the KRS program if KRS provides the proper notification to the Designated Facility provider performing the services (even if you self-refer to a provider in that Network).

Lab, X-Ray and Diagnostics - Outpatient

Services for Sickness and Injury-related diagnostic purposes, received on an outpatient basis at a Hospital or Alternate Facility or in a Physician's office include:

- lab and radiology/x-ray; and
- mammography.

Benefits under this section include:

- the facility charge and the charge for supplies and equipment; and
- Physician services for radiologists, anesthesiologists and pathologists.

Benefits for other Physician services are described in this section under *Physician Fees for Surgical and Medical Services*. Lab, X-ray and diagnostic services for preventive care are described under *Preventive Care Services* in this section. CT scans, PET scans, MRI, MRA, nuclear medicine and major diagnostic services are described under *Lab, X-Ray and Major Diagnostics - CT, PET Scans, MRI, MRA and Nuclear Medicine - Outpatient* in this section.

Prior Authorization Requirement

For Non-Network Benefits for sleep studies, you must obtain prior authorization five business days before scheduled services are received. If authorization is not obtained as required, Benefits will be reduced to 50% of Eligible Expenses.

Lab, X-Ray and Major Diagnostics - CT, PET Scans, MRI, MRA and Nuclear Medicine - Outpatient

Services for CT scans, PET scans, MRI, MRA, nuclear medicine, and major diagnostic services received on an outpatient basis at a Hospital or Alternate Facility or in a Physician's office.

Benefits under this section include:

- the facility charge and the charge for supplies and equipment; and
- Physician services for radiologists, anesthesiologists and pathologists.

Benefits for other Physician services are described in this section under *Physician Fees for Surgical and Medical Services*.

Prior Authorization Requirement

For Non-Network Benefits you must obtain prior authorization from the Claims Administrator for CT, PET scans, MRI, MRA, capsule endoscopy and nuclear medicine, including nuclear cardiology, five business days before scheduled services are received including diagnostic catheterization and electrophysiology implants. If authorization is not obtained as required, Benefits will be reduced to 50% of Eligible Expenses.

Mental Health Services

Mental Health Services include those received on an inpatient or outpatient basis in a Hospital and an Alternate Facility or in a provider's office. All services must be provided by or under the direction of a properly qualified behavioral health provider.

Benefits include the following levels of care:

- Inpatient treatment.
- Residential Treatment.

- Partial Hospitalization/Day Treatment.
- Intensive Outpatient Treatment.
- Outpatient treatment.

Services include the following:

- Diagnostic evaluations, assessment and treatment planning.
- Treatment and/or procedures.
- Medication management and other associated treatments.
- Individual, family and group therapy.
- Provider-based case management services.
- Crisis intervention.

The Mental Health/Substance-Related and Addictive Disorders Administrator provides administrative services for all levels of care.

You are encouraged to contact the Mental Health/Substance-Related and Addictive Disorders Administrator for referrals to providers and coordination of care.

Prior Authorization Requirement

Please remember for Non-Network Benefits for:

- A scheduled admission for Mental Health Services (including services at a Residential Treatment facility) you must obtain authorization prior to the admission.
- A non-scheduled admission (including Emergency admissions) you must provide notification as soon as is reasonably possible.
- Partial Hospitalization/Day Treatment; Intensive Outpatient Treatment programs; outpatient electro-convulsive treatment; psychological testing; extended outpatient treatment visits beyond 45 - 50 minutes in duration, with or without medication management, you must obtain prior authorization before services are received.

If you fail to obtain prior authorization from or provide notification to the Mental Health/Substance-Related and Addictive Disorders Administrator as required, Benefits will be reduced to 50% of Eligible Expenses.

Neurobiological Disorders - Autism Spectrum Disorder Services

The Plan pays Benefits for behavioral services for Autism Spectrum Disorder including Intensive Behavioral Therapies such as Applied Behavior Analysis (ABA) that are the following:

- Focused on the treatment of core deficits of Autism Spectrum Disorder.
- Provided by a Board Certified Applied Behavior Analyst (BCBA) or other qualified provider under the appropriate supervision.
- Focused on treating maladaptive/stereotypic behaviors that are posing danger to self, others and property and impairment in daily functioning.

These Benefits describe only the behavioral component of treatment for Autism Spectrum Disorder. Medical treatment of Autism Spectrum Disorder is a Covered Health Service for which Benefits are available as described under the applicable medical Covered Health Services categories as described in this section.

Benefits include the following levels of care:

- Inpatient treatment.
- Residential Treatment.
- Partial Hospitalization/Day Treatment.
- Intensive Outpatient Treatment.
- Outpatient treatment.

Services include the following:

- Diagnostic evaluations, assessment and treatment planning.
- Treatment and/or procedures.
- Medication management and other associated treatments.
- Individual, family and group therapy.
- Provider-based case management services.
- Crisis intervention.

The Mental Health/Substance-Related and Addictive Disorders Administrator provides administrative services for all levels of care.

You are encouraged to contact the Mental Health/Substance-Related and Addictive Disorders Administrator for referrals to providers and coordination of care.

Prior Authorization Requirement

Please remember for Non-Network Benefits for:

- A scheduled admission for Neurobiological Disorders – Autism Spectrum Disorder Services (including services at a Residential Treatment facility) you must obtain authorization prior to the admission.
- A non-scheduled admission (including Emergency admissions) you must provide notification as soon as is reasonably possible.
- Partial Hospitalization/Day Treatment; Intensive Outpatient Treatment programs; outpatient electro-convulsive treatment; psychological testing; extended outpatient treatment visits beyond 45 - 50 minutes in duration, with or without medication management; Intensive Behavioral Therapy, including Applied Behavior Analysis (ABA), you must obtain prior authorization before services are received.

If you fail to obtain prior authorization from or provide notification to the Mental Health/Substance-Related and Addictive Disorders Administrator as required, Benefits will be reduced to 50% of Eligible Expenses.

Nutritional Counseling

The Plan will pay for Covered Health Services for medical education services provided in a Physician's office by an appropriately licensed or healthcare professional when:

- education is required for a disease in which patient self-management is an important component of treatment; and
- there exists a knowledge deficit regarding the disease which requires the intervention of a trained health professional.

Some examples of such medical conditions include:

- coronary artery disease;
- congestive heart failure;
- severe obstructive airway disease;
- gout (a form of arthritis);
- renal failure;
- phenylketonuria (a genetic disorder diagnosed at infancy); and
- hyperlipidemia (excess of fatty substances in the blood).

When nutritional counseling services are billed as a preventive care service, these services will be paid as described under *Preventive Care Services* in this section.

Ostomy Supplies

Benefits for ostomy supplies are limited to:

- pouches, face plates and belts;
- irrigation sleeves, bags and ostomy irrigation catheters; and
- skin barriers.

Pervasive Development Disorder

Benefits are provided for services that are provided in connection with the treatment plan for pervasive developmental disorders, when prescribed by a treating Physician, even if the service would otherwise be excluded or limited when provided for any other Sickness, Injury or condition.

Psychiatric services for Pervasive Development Disorders are described under *Neurobiological Disorders - Autism Spectrum Disorder Services* in this section.

For purposes of this benefit "pervasive development disorder" means a neurological condition, including but not limited to Asperger's syndrome and Autism Spectrum Disorder, as defined in the most recent edition of the *Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association*.

Pharmaceutical Products - Outpatient

The Plan pays for Pharmaceutical Products that are administered on an outpatient basis in a Hospital, Alternate Facility, Physician's office, or in a Covered Person's home. Examples of what would be included under this category are antibiotic injections in the Physician's office or inhaled medication in an Urgent Care Center for treatment of an asthma attack.

Benefits under this section are provided only for Pharmaceutical Products which, due to their characteristics (as determined by UnitedHealthcare), must typically be administered or directly supervised by a qualified provider or licensed/certified health professional. Benefits under this section do not include medications that are typically available by prescription order or refill at a pharmacy. Benefits under this section do not include medications for the treatment of infertility.

Physician Fees for Surgical and Medical Services

The Plan pays Physician fees for surgical procedures and other medical care received from a Physician in a Hospital, Skilled Nursing Facility, Inpatient Rehabilitation Facility, Alternate Facility, or for Physician house calls.

Physician's Office Services - Sickness and Injury

Benefits are paid by the Plan for Covered Health Services received in a Physician's office for the evaluation and treatment of a Sickness or Injury. Benefits are provided under this section regardless of whether the Physician's office is free-standing, located in a clinic or located in a

Hospital. Benefits under this section include allergy injections and hearing exams in case of Injury or Sickness.

Covered Health Services include genetic counseling. Benefits are available for Genetic Testing which is determined to be Medically Necessary following genetic counseling which is ordered by the Physician and authorized in advance by UnitedHealthcare.

Benefits for preventive services are described under *Preventive Care Services* in this section.

When a test is performed or a sample is drawn in the Physician's office and then sent outside the Physician's office for analysis or testing, Benefits for lab, radiology/x-rays and other diagnostic services that are performed outside the Physician's office are described in *Lab, X-ray and Diagnostics - Outpatient*.

Prior Authorization Requirement

For Non-Network Benefits you must obtain prior authorization for Genetic Testing – BRCA. If authorization is not obtained as required, Benefits will be reduced to 50% of Eligible Expenses.

Please Note

Your Physician does not have a copy of your SPD, and is not responsible for knowing or communicating your Benefits.

Pregnancy - Maternity Services

Benefits for Pregnancy will be paid at the same level as Benefits for any other condition, Sickness or Injury. This includes all maternity-related medical services for prenatal care, postnatal care, delivery, and any related complications.

The Plan will pay Benefits for an Inpatient Stay of at least:

- 48 hours for the mother and newborn child following a vaginal delivery; or
- 96 hours for the mother and newborn child following a cesarean section delivery.

These are federally mandated requirements under the Newborns' and Mothers' Health Protection Act of 1996 which apply to this Plan. The Hospital or other provider is not required to get authorization for the time periods stated above. Authorizations are required for longer lengths of stay. If the mother agrees, the attending Physician may discharge the mother and/or the newborn child earlier than these minimum timeframes.

Both before and during a Pregnancy, Benefits include the services of a genetic counselor when provided or referred by a Physician. These Benefits are available to all Covered Persons in the immediate family. Covered Health Services include related tests and treatment.

Prior Authorization Requirement

For Non-Network Benefits you must obtain prior authorization as soon as reasonably possible if the Inpatient Stay for the mother and/or the newborn will be more than 48 hours for the mother and newborn child following a normal vaginal delivery, or more than 96 hours for the mother and newborn child following a cesarean section delivery. If you fail to obtain prior authorization as required, Benefits will be reduced to 50% of Eligible Expenses.

Healthy moms and babies

The Plan provides a special prenatal program to help during Pregnancy. Participation is voluntary and free of charge. See Section 7, *Resources to Help you Stay Healthy*, for details.

Preventive Care Services

The Plan pays Benefits for Preventive care services provided on an outpatient basis at a Physician's office, an Alternate Facility or a Hospital encompass medical services that have been demonstrated by clinical evidence to be safe and effective in either the early detection of disease or in the prevention of disease, have been proven to have a beneficial effect on health outcomes and include the following as required under applicable law:

- evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force;
- immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention;
- with respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration; and
- with respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

Preventive care Benefits defined under the Health Resources and Services Administration (HRSA) requirement include the cost of renting one breast pump per Pregnancy in conjunction with childbirth. Benefits for breast pumps also include the cost of purchasing one breast pump per Pregnancy in conjunction with childbirth. These Benefits are described under Section 5, *Plan Highlights*, under *Covered Health Services*.

Benefits are only available if breast pumps are obtained from a DME provider or Physician.

In addition to the services listed above, this preventive care benefit includes certain:

- routine lab tests;
- diagnostic consults to prevent disease and detect abnormalities;
- diagnostic radiology and nuclear imaging procedures to screen for abnormalities;

- breast cancer screening and genetic testing; and
- tests to support cardiovascular health.

These additional services are paid under the preventive care benefit when billed by your provider with a wellness diagnosis. Call the number on the back of your ID card for additional information regarding coverage available for specific services.

For questions about your preventive care Benefits under this Plan call the number on the back of your ID card.

Prior Authorization Requirement

For Non-Network Benefits you must obtain prior authorization from the Claims Administrator before obtaining a breast pump that exceeds \$1,000 in cost (either retail purchase cost or cumulative retail rental cost of a single item). If prior authorization is not obtained as required, Benefits will be reduced to 50% of Eligible Expenses.

Prosthetic and Orthotic Devices

Benefits are provided for orthotic devices or prosthetic devices, including repairs or replacements that are determined by a qualified Physician to be medically appropriate to restore or maintain your ability to perform activities of daily living or essential job related activities and are not solely for comfort or convenience.

Examples include, but are not limited to:

- artificial arms, legs, feet and hands;
- artificial face, eyes, ears and nose;
- breast prosthesis following mastectomy as required by the Women's Health and Cancer Rights Act of 1998, including mastectomy bras and lymphedema stockings for the arm;
- orthotic appliances and devices that straighten or re-shape a body part; and

The following are covered when a club foot diagnosis is present:

- shoes (Standard or Custom)
- shoe orthotics
- shoe inserts
- arch supports

Benefits under this section are provided only for external prosthetic devices and do not include any device that is fully implanted into the body.

If more than one prosthetic device can meet your functional needs, Benefits are available only for the most Cost-Effective prosthetic device. The device must be ordered or provided either by a Physician, or under a Physician's direction. If you purchase a prosthetic device

that exceeds these minimum specifications, the Plan may pay only the amount that it would have paid for the prosthetic that meets the minimum specifications, and you may be responsible for paying any difference in cost.

Benefits are also provided for orthotic devices. For purposes of this benefit, "orthotic device" means a medically appropriate custom fabricated brace or support that is designed as a component of an artificial arm or leg. To be covered, the orthotic device must also be medically appropriate.

The prosthetic device or orthotic device must be ordered or provided by, or under the direction of a Physician.

Once this limit is reached, Benefits continue to be available for items required by the Women's Health and Cancer Rights Act of 1998.

Benefits are limited to a single purchase of each type of prosthetic device once every three calendar years.

At UnitedHealthcare's discretion, prosthetic devices may be covered for damage beyond repair with normal wear and tear, when repair costs are less than the cost of replacement or when a change in the Covered Person's medical condition occurs sooner than the three year timeframe. Replacement of artificial limbs or any part of such devices may be covered when the condition of the device or part requires repairs that cost more than the cost of a replacement device or part.

Note: Prosthetic devices are different from DME - see *Durable Medical Equipment (DME)* in this section.

Prior Authorization Requirement

For Non-Network Benefits you must obtain prior authorization from the Claims Administrator before obtaining prosthetic devices that exceed \$1,000 in cost per device. If authorization is not obtained as required, Benefits will be reduced to 50% of Eligible Expenses.

Reconstructive Procedures

Reconstructive Procedures are services performed when the primary purpose of the procedure is either to treat a medical condition or to improve or restore physiologic function for an organ or body part. Reconstructive procedures include surgery or other procedures which are associated with an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not a changed or improved physical appearance.

Improving or restoring physiologic function means that the organ or body part is made to work better. An example of a Reconstructive Procedure is surgery on the inside of the nose so that a person's breathing can be improved or restored.

Benefits for Reconstructive Procedures include breast reconstruction following a mastectomy and reconstruction of the non-affected breast to achieve symmetry. Replacement of an existing breast implant is covered by the Plan if the initial breast implant

followed mastectomy. Other services required by the Women's Health and Cancer Rights Act of 1998, including breast prostheses and treatment of complications, are provided in the same manner and at the same level as those for any other Covered Health Service. Benefits for any post-mastectomy services will be provided even if the Covered Person was not enrolled in the Plan at the time the mastectomy was received. You can contact UnitedHealthcare at the telephone number on your ID card for more information about Benefits for mastectomy-related services.

There may be times when the primary purpose of a procedure is to make a body part work better. However, in other situations, the purpose of the same procedure is to improve the appearance of a body part. Cosmetic procedures are excluded from coverage. Procedures that correct an anatomical Congenital Anomaly without improving or restoring physiologic function are considered Cosmetic Procedures. A good example is upper eyelid surgery. At times, this procedure will be done to improve vision, which is considered a Reconstructive Procedure. In other cases, improvement in appearance is the primary intended purpose, which is considered a Cosmetic Procedure. This Plan does not provide Benefits for Cosmetic Procedures, as defined in Section 14, *Glossary*.

The fact that a Covered Person may suffer psychological consequences or socially avoidant behavior as a result of an Injury, Sickness or Congenital Anomaly does not classify surgery (or other procedures done to relieve such consequences or behavior) as a reconstructive procedure. **Note:** This exclusion does not apply to newborns as coverage is provided for newborns for Injury or Sickness, including the necessary care and treatment of medically diagnosed congenital defects and birth abnormalities. Coverage includes but is not limited to benefits for inpatient or outpatient expenses arising from medical and dental treatment, including orthodontic and oral surgery treatment, involved in the management of birth defects known as cleft lip and cleft palate.

Prior Authorization Requirement

Please remember for Non-Network Benefits for:

- a scheduled admission, you must obtain prior authorization five business days before a scheduled reconstructive procedure is performed;
- a non-scheduled procedures (or inpatient admissions resulting from an Emergency) you must provide notification within one business day or as soon as is reasonably possible.

If authorization is not obtained as required, or notification is not provided, Benefits will be reduced to 50% of Eligible Expenses.

In addition, you must provide notification 24 hours before admission for scheduled inpatient admissions or as soon as is reasonably possible for non-scheduled inpatient admissions (including Emergency admissions).

Rehabilitation Services - Outpatient Therapy and Manipulative Treatment

The Plan provides short-term outpatient rehabilitation services (including habilitative services) for the following types of therapy:

- physical therapy;
- occupational therapy;
- Manipulative Treatment;
- speech therapy;
- post-cochlear implant aural therapy;
- cognitive rehabilitation therapy following a post-traumatic brain Injury or cerebral vascular accident;
- pulmonary rehabilitation; and
- cardiac rehabilitation.

Rehabilitation services must be performed by a Physician, a licensed therapy provider or a licensed athletic trainer. Benefits under this section include rehabilitation services provided in a Physician's office or on an outpatient basis at a Hospital or Alternate Facility. Rehabilitative services provided in a Covered Person's home by a Home Health Agency are provided as described under Home Health Care. Rehabilitative services provided in a Covered Person's home other than by a Home Health Agency are provided as described under this section.

The Plan will pay Benefits for speech therapy only when the speech impediment or dysfunction results from Injury, Sickness, stroke, cancer, Autism Spectrum Disorders or a Congenital Anomaly, or is needed following the placement of a cochlear implant.

Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed rehabilitation services or if rehabilitation goals have previously been met. Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed Manipulative Treatment or if treatment goals have previously been met. Benefits under this section are not available for maintenance/preventive Manipulative Treatment.

Habilitative Services

For the purpose of this Benefit, "habilitative services" means Medically Necessary skilled health care services that help a person keep, learn or improve skills and functioning for daily living. Habilitative services are skilled when all of the following are true:

- The services are part of a prescribed plan of treatment or maintenance program that is Medically Necessary to maintain a Covered Person's current condition or to prevent or slow further decline.
- It is ordered by a Physician and provided and administered by a licensed provider.

- It is not delivered for the purpose of assisting with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair.
- It requires clinical training in order to be delivered safely and effectively.
- It is not Custodial Care.

The Claims Administrator will determine if Benefits are available by reviewing both the skilled nature of the service and the need for Physician-directed medical management. Therapies provided for the purpose of general well-being or conditioning in the absence of a disabling condition are not considered habilitative services. A service will not be determined to be "skilled" simply because there is not an available caregiver.

Benefits are provided for habilitative services provided for Covered Persons with a disabling condition when both of the following conditions are met:

- The treatment is administered by a licensed speech-language pathologist, licensed audiologist, licensed occupational therapist, licensed physical therapist or Physician.
- The initial or continued treatment must be proven and not Experimental or Investigational.

Benefits for habilitative services do not apply to those services that are solely educational in nature or otherwise paid under state or federal law for purely educational services. Custodial Care, respite care, day care, therapeutic recreation, vocational training and Residential Treatment are not habilitative services. A service that does not help the Covered Person to meet functional goals in a treatment plan within a prescribed time frame is not a habilitative service.

The Plan may require that a treatment plan be provided, request medical records, clinical notes, or other necessary data to allow the Plan to substantiate that initial or continued medical treatment is needed. When the treating provider anticipates that continued treatment is or will be required to permit the Covered Person to achieve demonstrable progress, the Plan may request a treatment plan consisting of diagnosis, proposed treatment by type, frequency, anticipated duration of treatment, the anticipated goals of treatment, and how frequently the treatment plan will be updated.

Benefits for Durable Medical Equipment and prosthetic devices, when used as a component of habilitative services, are described under *Durable Medical Equipment* and *Prosthetic Devices* in this section.

Other than as described under Habilitative Services above, please note that the Plan will pay Benefits for speech therapy for the treatment of disorders of speech, language, voice, communication and auditory processing only when the disorder results from Injury, stroke, cancer, Congenital Anomaly, or Autism Spectrum Disorder. The Plan will pay Benefits for cognitive rehabilitation therapy only when Medically Necessary following a post-traumatic brain Injury or cerebral vascular accident.

Prior Authorization Requirement

For Non-Network Benefits you must obtain prior authorization five business days before receiving Manipulative Treatment or as soon as is reasonably possible. If you fail to obtain prior authorization as required, Benefits will be reduced to 50% of Eligible Expenses.

Scopic Procedures - Outpatient Diagnostic and Therapeutic

The Plan pays for diagnostic and therapeutic scopic procedures and related services received on an outpatient basis at a Hospital or Alternate Facility or in a Physician's office.

Diagnostic scopic procedures are those for visualization, biopsy and polyp removal. Examples of diagnostic scopic procedures include colonoscopy, sigmoidoscopy, and endoscopy.

Benefits under this section include:

- the facility charge and the charge for supplies and equipment; and
- Physician services for anesthesiologists, pathologists and radiologists.

Please note that Benefits under this section do not include surgical scopic procedures, which are for the purpose of performing surgery. Benefits for surgical scopic procedures are described under *Surgery - Outpatient*. Examples of surgical scopic procedures include arthroscopy, laparoscopy, bronchoscopy, hysteroscopy.

Skilled Nursing Facility/Inpatient Rehabilitation Facility Services

Facility services for an Inpatient Stay in a Skilled Nursing Facility or Inpatient Rehabilitation Facility are covered by the Plan. Benefits include:

- non-Physician services and supplies received during the Inpatient Stay;
- room and board in a Semi-private Room (a room with two or more beds); and
- Physician services for radiologists, anesthesiologists and pathologists.

Benefits are available when skilled nursing and/or Inpatient Rehabilitation Facility services are needed on a daily basis. Benefits are also available in a Skilled Nursing Facility or Inpatient Rehabilitation Facility for treatment of a Sickness or Injury that would have otherwise required an Inpatient Stay in a Hospital.

Benefits for other Physician services are described in this section under *Physician Fees for Surgical and Medical Services*.

UnitedHealthcare will determine if Benefits are available by reviewing both the skilled nature of the service and the need for Physician-directed medical management. A service will not be determined to be "skilled" simply because there is not an available caregiver.

Benefits are available only if:

- the initial confinement in a Skilled Nursing Facility or Inpatient Rehabilitation Facility was or will be a Cost Effective alternative to an Inpatient Stay in a Hospital; and
- you will receive skilled care services that are not primarily Custodial Care.

Skilled care is skilled nursing, skilled teaching, and skilled rehabilitation services when:

- it is delivered or supervised by licensed technical or professional medical personnel in order to obtain the specified medical outcome, and provide for the safety of the patient;
- it is ordered by a Physician;
- it is not delivered for the purpose of assisting with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair; and
- it requires clinical training in order to be delivered safely and effectively.

You are expected to improve to a predictable level of recovery. Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed rehabilitation services or if discharge rehabilitation goals have previously been met.

Note: The Plan does not pay Benefits for Custodial Care or Domiciliary Care, even if ordered by a Physician, as defined in Section 14, *Glossary*.

Any combination of Network Benefits and Non-Network Benefits is limited to 60 days per calendar year.

Prior Authorization Requirement

Please remember for Non-Network Benefits for:

- a scheduled admission, you must obtain prior authorization five business days before admission;
- a non-elective admission (or admission resulting from an Emergency) you must provide notification as soon as is reasonably possible.

If authorization is not obtained as required, or notification is not provided, Benefits will be reduced to 50% of Eligible Expenses.

In addition, for Non-Network Benefits you must contact the Claims Administrator 24 hours before admission for scheduled admissions or as soon as is reasonably possible for non-scheduled admissions (including Emergency admissions).

Substance-Related and Addictive Disorders Services

Substance-Related and Addictive Disorders Services include those received on an inpatient or outpatient basis in a Hospital, an Alternate Facility, or in a provider's office. All services must be provided by or under the direction of a properly qualified behavioral health provider.

Benefits include the following levels of care:

- Inpatient treatment.
- Residential Treatment.
- Partial Hospitalization/Day Treatment.
- Intensive Outpatient Treatment.
- Outpatient treatment.

Services include the following:

- Diagnostic evaluations, assessment and treatment planning.
- Treatment and/or procedures.
- Medication management and other associated treatments.
- Individual, family and group therapy.
- Provider-based case management services.
- Crisis intervention.
- Transitional Living services.

The Mental Health/Substance-Related and Addictive Disorders Administrator provides administrative services for all levels of care.

You are encouraged to contact the Mental Health/Substance-Related and Addictive Disorders Administrator for referrals to providers and coordination of care.

Prior Authorization Requirement

Please remember for Non-Network Benefits for:

- A scheduled admission for Substance-Related and Addictive Disorders Services (including services at a Residential Treatment facility) you must obtain authorization prior to the admission.
- A non-scheduled admission (including Emergency admissions) you must provide notification as soon as is reasonably possible.
- Partial Hospitalization/Day Treatment; Intensive Outpatient Treatment programs; outpatient electro-convulsive treatment; psychological testing; extended outpatient treatment visits beyond 45 - 50 minutes in duration, with or without medication management, you must obtain prior authorization before services are received.

If you fail to obtain prior authorization from or provide notification to the MH/SUD Administrator as required, Benefits will be reduced to 50% of Eligible Expenses.

Surgery - Outpatient

The Plan pays for surgery and related services received on an outpatient basis at a Hospital or Alternate Facility or in a Physician's office.

Benefits under this section include:

- the facility charge and the charge for supplies and equipment;
- certain surgical scopic procedures (examples of surgical scopic procedures include arthroscopy, laparoscopy, bronchoscopy and hysteroscopy); and
- Physician services for radiologists, anesthesiologists and pathologists.

Examples of surgical procedures performed in a Physician's office are mole removal and ear wax removal.

Prior Authorization Requirement

For Non-Network Benefits for cardiac catheterization, pacemaker insertion, implantable cardioverter defibrillators, and sleep apnea surgeries you must obtain prior authorization from the Claims Administrator five business days before scheduled services are received or for non-scheduled services, within one business day or as soon as is reasonably possible. If you fail to obtain prior authorization as required, Benefits will be reduced to 50% of Eligible Expenses.

Therapeutic Treatments - Outpatient

The Plan pays Benefits for therapeutic treatments received on an outpatient basis at a Hospital or Alternate Facility or in a Physician's office, including dialysis (both hemodialysis and peritoneal dialysis), intravenous chemotherapy or other intravenous infusion therapy and radiation oncology.

Covered Health Services include medical education services that are provided on an outpatient basis at a Hospital or Alternate Facility by appropriately licensed or registered healthcare professionals when:

- education is required for a disease in which patient self-management is an important component of treatment; and
- there exists a knowledge deficit regarding the disease which requires the intervention of a trained health professional.

Benefits under this section include:

- the facility charge and the charge for related supplies and equipment; and
- Physician services for anesthesiologists, pathologists and radiologists. Benefits for other Physician services are described in this section under *Physician Fees for Surgical and Medical Services*.

Prior Authorization Requirement

For Non-Network Benefits for all outpatient therapeutics you must obtain prior authorization from the Claims Administrator five business days before scheduled services are received or, for non-scheduled services, within one business day or as soon as is reasonably possible. If you fail to obtain prior authorization as required, Benefits will be reduced to 50% of Eligible Expenses.

Transplantation Services

Inpatient facility services (including evaluation for transplant, organ procurement and donor searches) for transplantation procedures must be ordered by a provider. Benefits are available to the donor and the recipient when the recipient is covered under this Plan. The transplant must meet the definition of a Covered Health Service and cannot be Experimental or Investigational, or Unproven. Examples of transplants for which Benefits are available include but are not limited to:

- heart;
- heart/lung;
- lung;
- kidney;
- kidney/pancreas;
- liver;
- liver/kidney;
- liver/intestinal;
- pancreas;
- intestinal; and
- bone marrow (either from you or from a compatible donor) and peripheral stem cell transplants, with or without high dose chemotherapy. Not all bone marrow transplants meet the definition of a Covered Health Service.

Benefits are also available for cornea transplants. You are not required to notify United Resource Networks or Care CoordinationSM of a cornea transplant nor is the cornea transplant required to be performed at a Designated Facility.

Donor costs that are directly related to organ removal are Covered Health Services for which Benefits are payable through the organ recipient's coverage under the Plan.

The Plan has specific guidelines regarding Benefits for transplant services. Contact United Resource Networks at (888) 936-7246 or Care CoordinationSM at the telephone number on your ID card for information about these guidelines.

Prior Authorization Requirement

For Network Benefits you must obtain prior authorization as soon as the possibility of a transplant arises (and before the time a pre-transplantation evaluation is performed at a transplant center). If you don't obtain prior authorization and if, as a result, the services are not performed at a Designated Facility, Network Benefits will not be paid. Non-Network Benefits will apply.

For Non-Network Benefits you must obtain prior authorization as soon as the possibility of a transplant arises (and before the time a pre-transplantation evaluation is performed at a transplant center). Benefits will be reduced to 50% of Eligible Expenses.

In addition, for Non-Network Benefits you must contact us 24 hours before admission for scheduled admissions or as soon as is reasonably possible for non-scheduled admissions (including Emergency admissions).

Travel and Lodging

United Resource Networks or Care CoordinationSM will assist the patient and family with travel and lodging arrangements related to transplantation services.

For travel and lodging services to be covered, the patient must be receiving services at a Designated Facility through United Resource Networks.

The Plan covers expenses for travel and lodging for the patient, provided he or she is not covered by Medicare and a companion as follows:

- transportation of the patient and one companion who is traveling on the same day(s) to and/or from the site of the transplant for the purposes of an evaluation, the procedure or necessary post-discharge follow-up;
- Eligible Expenses for lodging for the patient (while not a Hospital inpatient) and one companion. Benefits are paid at a per diem (per day) rate of up to \$50 per day for the patient or up to \$100 per day for the patient plus one companion; or
- if the patient is an enrolled Dependent minor child, the transportation expenses of two companions will be covered and lodging expenses will be reimbursed at a per diem rate up to \$100 per day.

Travel and lodging expenses are only available if the recipient lives more than 50 miles from the Designated Facility. UnitedHealthcare must receive valid receipts for such charges before you will be reimbursed. Examples of travel expenses may include:

- airfare at coach rate;
- taxi or ground transportation; or
- mileage reimbursement at the IRS rate for the most direct route between the patient's home and the Designated Facility.

A maximum Benefit of \$10,000 per Covered Person per covered transplant applies for all travel and lodging expenses reimbursed under this Plan in connection with all transplant procedures during the entire period that person is covered under this Plan.

Support in the event of serious illness

If you or a covered family member has cancer or needs an organ or bone marrow transplant, UnitedHealthcare can put you in touch with quality treatment centers around the country.

Urgent Care Center Services

The Plan provides Benefits for services, including professional services, received at an Urgent Care Center, as defined in Section 14, *Glossary*. When Urgent Care services are provided in a Physician's office, the Plan pays Benefits as described under *Physician's Office Services - Sickness and Injury* earlier in this section.

Virtual Visits

Virtual visits for Covered Health Services that include the diagnosis and treatment of low acuity medical conditions for Covered Persons, through the use of interactive audio and video telecommunication and transmissions, and audio-visual communication technology. Virtual visits provide communication of medical information in real-time between the patient and a distant Physician or health care specialist, through use of interactive audio and video communications equipment outside of a medical facility (for example, from home or from work).

Benefits are available only when services are delivered through a Designated Virtual Network Provider. You can find a Designated Virtual Network Provider by going to **www.myuhc.com** or by calling the telephone number on your ID card.

Please Note: Not all medical conditions can be appropriately treated through virtual visits. The Designated Virtual Network Provider will identify any condition for which treatment by in-person Physician contact is necessary.

Benefits under this section do not include email, fax and standard telephone calls, or for telehealth/telemedicine visits that occur within medical facilities (CMS defined originating facilities).

Wigs

The Plan pays Benefits for wigs and other scalp hair prosthesis for temporary loss of hair resulting from treatment of a malignancy.

SECTION 7 - RESOURCES TO HELP YOU STAY HEALTHY

What this section includes:

Health and well-being resources available to you, including:

- Consumer Solutions and Self-Service Tools;
- Disease and Condition Management Services; and
- Wellness Programs.

MSD Washington Township believes in giving you the tools you need to be an educated health care consumer. To that end, MSD Washington Township has made available several convenient educational and support services, accessible by phone and the Internet, which can help you to:

- take care of yourself and your family members;
- manage a chronic health condition; and
- navigate the complexities of the health care system.

NOTE:

Information obtained through the services identified in this section is based on current medical literature and on Physician review. It is not intended to replace the advice of a doctor. The information is intended to help you make better health care decisions and take a greater responsibility for your own health. UnitedHealthcare and MSD Washington Township are not responsible for the results of your decisions from the use of the information, including, but not limited to, your choosing to seek or not to seek professional medical care, or your choosing or not choosing specific treatment based on the text.

Consumer Solutions and Self-Service Tools

Health Survey

You are invited to learn more about your health and wellness at www.myuhc.com and are encouraged to participate in the online health survey. The health survey is an interactive questionnaire designed to help you identify your healthy habits as well as potential health risks.

Your health survey is kept confidential. Completing the survey will not impact your Benefits or eligibility for Benefits in any way.

To find the health survey, log in to www.myuhc.com. After logging in, access your personalized *Health & Wellness* page. If you need any assistance with the online survey, please call the number on the back of your ID card.

Health Improvement Plan

You can start a Health Improvement Plan at any time. This plan is created just for you and includes information and interactive tools, plus online health coaching recommendations based on your profile.

Online coaching is available for:

- nutrition;
- exercise;
- weight management;
- stress;
- smoking cessation;
- diabetes; and
- heart health.

To help keep you on track with your Health Improvement Plan and online coaching, you'll also receive personalized messages and reminders – MSD Washington Township's way of helping you meet your health and wellness goals.

NurseLineSM

NurseLineSM is a toll-free telephone service that puts you in immediate contact with an experienced registered nurse any time, 24 hours a day, seven days a week. Nurses can provide health information for routine or urgent health concerns. When you call, a registered nurse may refer you to any additional resources that MSD Washington Township has available to help you improve your health and well-being or manage a chronic condition. Call any time when you want to learn more about:

- a recent diagnosis;
- a minor Sickness or Injury;
- men's, women's, and children's wellness;
- how to take Prescription Drugs safely;
- self-care tips and treatment options;
- healthy living habits; or
- any other health related topic.

NurseLineSM gives you another convenient way to access health information. By calling the same toll-free number, you can listen to one of the Health Information Library's over 1,100 recorded messages, with over half in Spanish.

NurseLineSM is available to you at no cost. To use this convenient service, simply call the toll-free number on the back of your ID card.

Note: If you have a medical emergency, call 911 instead of calling NurseLineSM.

Your child is running a fever and it's 1:00 AM. What do you do?

Call NurseLineSM toll-free, any time, 24 hours a day, seven days a week. You can count on NurseLineSM to help answer your health questions.

With NurseLineSM, you also have access to nurses online. To use this service, log onto www.myuhc.com and click "Live Nurse Chat" in the top menu bar. You'll instantly be connected with a registered nurse who can answer your general health questions any time, 24 hours a day, seven days a week. You can also request an e-mailed transcript of the conversation to use as a reference.

Note: If you have a medical emergency, call 911 instead of logging onto www.myuhc.com.

Reminder Programs

To help you stay healthy, UnitedHealthcare may send you and your covered Dependents reminders to schedule recommended screening exams. Examples of reminders include:

- mammograms for women between the ages of 40 and 68;
- pediatric and adolescent immunizations;
- cervical cancer screenings for women between the ages of 20 and 64;
- comprehensive screenings for individuals with diabetes; and
- influenza/pneumonia immunizations for enrollees age 65 and older.

There is no need to enroll in this program. You will receive a reminder automatically if you have not had a recommended screening exam.

UnitedHealth PremiumSM Program

UnitedHealthcare designates Network Physicians and facilities as UnitedHealth PremiumSM Program Physicians or facilities for certain medical conditions. Physicians and facilities are evaluated on two levels - quality and efficiency of care. The UnitedHealth PremiumSM Program was designed to:

- help you make informed decisions on where to receive care;
- provide you with decision support resources; and
- give you access to Physicians and facilities across areas of medicine that have met UnitedHealthcare's quality and efficiency criteria.

For details on the UnitedHealth PremiumSM Program including how to locate a UnitedHealth PremiumSM Physician or facility, log onto www.myuhc.com or call the toll-free number on your ID card.

www.myuhc.com

UnitedHealthcare's member website, www.myuhc.com, provides information at your fingertips anywhere and anytime you have access to the Internet. www.myuhc.com opens the door to a wealth of health information and convenient self-service tools to meet your needs.

With www.myuhc.com you can:

- research a health condition and treatment options to get ready for a discussion with your Physician;
- search for Network providers available in your Plan through the online provider directory;
- access all of the content and wellness topics from NurseLine including Live Nurse Chat 24 hours a day, seven days a week;
- complete a health risk assessment to identify health habits you can improve, learn about healthy lifestyle techniques and access health improvement resources;
- use the treatment cost estimator to obtain an estimate of the costs of various procedures in your area; and
- use the Hospital comparison tool to compare Hospitals in your area on various patient safety and quality measures.

Registering on www.myuhc.com

If you have not already registered as a www.myuhc.com subscriber, simply go to www.myuhc.com and click on "Register Now." Have your UnitedHealthcare ID card handy. The enrollment process is quick and easy.

Visit www.myuhc.com and:

- make real-time inquiries into the status and history of your claims;
- view eligibility and Plan Benefit information, including Annual Deductibles;
- view and print all of your Explanation of Benefits (EOBs) online; and
- order a new or replacement ID card or, print a temporary ID card.

Log on to www.myuhc.com and research health topics that are of interest to you. Learn about a specific condition, what the symptoms are, how it is diagnosed, how common it is, and what to ask your Physician.

Disease and Condition Management Services

Diabetes Prevention and Control

UnitedHealthcare provides two programs that identify, assess, and support members over the age of 18 living with diabetes or pre-diabetes. The program is designed to support members in preventing pre-diabetics from progressing to diabetes and assist members living with diabetes in controlling their condition and from developing complications.

The Diabetes Prevention Program (DPP) is available for members living with pre-diabetes and offers a 16 session lifestyle intervention that addresses diet, activity and behavior modification. The goal of this program is to slow and/or prevent the development of Type 2 diabetes through lifestyle management and weight loss and is available at local YMCAs.

The Diabetes Control Program (DCP) is available to members living with diabetes and offers face-to-face consultations with trained local pharmacists who will review diabetes history and medication, provide diabetes management education materials and assist individuals living with diabetes with managing their condition. The goal of this program is to reduce the risk of serious health complications through medication management and ongoing monitoring for complications.

Participation is completely voluntary and without extra charge. There are no Copays, Coinsurance or Deductibles that need to be met when services are received as part of the DPP or DCP programs. If you think you may be eligible to participate or would like additional information regarding the programs, please call the DPCA call center directly at (888) 688-4019.

Disease Management Services

If you have been diagnosed with or are at risk for developing certain chronic medical conditions you may be eligible to participate in a disease management program at no cost to you. The asthma program is designed to support you. This means that you will receive free educational information through the mail, and may even be called by a registered nurse who is a specialist in your specific medical condition. This nurse will be a resource to advise and help you manage your condition.

These programs offer:

- educational materials mailed to your home that provide guidance on managing your specific chronic medical condition. This may include information on symptoms, warning signs, self-management techniques, recommended exams and medications;
- access to educational and self-management resources on a consumer website;
- an opportunity for the disease management nurse to work with your Physician to ensure that you are receiving the appropriate care; and
- toll-free access to and one-on-one support from a registered nurse who specializes in your condition. Examples of support topics include:
 - education about the specific disease and condition,
 - medication management and compliance,
 - reinforcement of on-line behavior modification program goals,
 - preparation and support for upcoming Physician visits,
 - review of psychosocial services and community resources,
 - caregiver status and in-home safety,
 - use of mail-order pharmacy and Network providers.

Participation is completely voluntary and without extra charge. If you think you may be eligible to participate or would like additional information regarding the program, please contact the number on the back of your ID card.

Wellness Programs

Healthy Pregnancy Program

If you are pregnant and enrolled in the medical Plan, you can get valuable educational information and advice by calling the toll-free number on your ID card. This program offers:

- pregnancy consultation to identify special needs;
- written and on-line educational materials and resources;
- 24-hour toll-free access to experienced maternity nurses;
- a phone call from a care coordinator during your Pregnancy, to see how things are going; and
- a phone call from a care coordinator approximately four weeks postpartum to give you information on infant care, feeding, nutrition, immunizations and more.

Participation is completely voluntary and without extra charge. To take full advantage of the program, you are encouraged to enroll within the first 12 weeks of Pregnancy. You can enroll any time, up to your 34th week. To enroll, call the toll-free number on the back of your ID card.

As a program participant, you can call any time, 24 hours a day, seven days a week, with any questions or concerns you might have.

SECTION 8 - EXCLUSIONS: WHAT THE MEDICAL PLAN WILL NOT COVER

What this section includes:

- Services, supplies and treatments that are not Covered Health Services, except as may be specifically provided for in Section 6, *Additional Coverage Details*.

The Plan does not pay Benefits for the following services, treatments or supplies even if they are recommended or prescribed by a provider or are the only available treatment for your condition.

When Benefits are limited within any of the Covered Health Services categories described in Section 6, *Additional Coverage Details*, those limits are stated in the corresponding Covered Health Service category in Section 5, *Plan Highlights*. Limits may also apply to some Covered Health Services that fall under more than one Covered Health Service category. When this occurs, those limits are also stated in Section 5, *Plan Highlights*. Please review all limits carefully, as the Plan will not pay Benefits for any of the services, treatments, items or supplies that exceed these benefit limits.

Please note that in listing services or examples, when the SPD says "this includes," or "including but not limiting to", it is not UnitedHealthcare's intent to limit the description to that specific list. When the Plan does intend to limit a list of services or examples, the SPD specifically states that the list "is limited to."

Alternative Treatments

1. acupressure;
2. acupuncture;
3. aromatherapy;
4. hypnotism;
5. massage therapy;
6. Rolfing (holistic tissue massage); and
7. art therapy, music therapy, dance therapy, horseback therapy and other forms of alternative treatment as defined by the National Center for Complementary and Alternative Medicine (NCCAM) of the National Institutes of Health. This exclusion does not apply to Manipulative Treatment and non-manipulative osteopathic care for which Benefits are provided as described in Section 6, *Additional Coverage Details*.

Dental

1. dental care, except as identified under *Dental Services - Accident Only* in Section 6, *Additional Coverage Details*;

Dental care that is required to treat the effects of a medical condition, but that is not necessary to directly treat the medical condition, is excluded. Examples include treatment of dental caries resulting from dry mouth after radiation treatment or as a result of medication.

Endodontics, periodontal surgery and restorative treatment are excluded.

2. diagnosis or treatment of or related to the teeth, jawbones or gums. Examples include:
 - extractions (including wisdom teeth);
 - restoration and replacement of teeth;
 - medical or surgical treatments of dental conditions; and
 - services to improve dental clinical outcomes;

This exclusion does not apply to preventive care for which Benefits are provided under the *United States Preventive Services Task Force* requirement or the *Health Resources and Services Administration (HRSA)* requirement. This exclusion also does not apply to accident-related dental services for which Benefits are provided as described under *Dental Services - Accident Only* and *Anesthesia/Hospital Coverage for Dental Care* in Section 6, *Additional Coverage Details*

3. dental implants, bone grafts, and other implant-related procedures;

This exclusion does not apply to accident-related dental services for which Benefits are provided as described under *Dental Services – Accident Only* in Section 6, *Additional Coverage Details*.

4. dental braces (orthodontics);
5. dental X-rays, supplies and appliances and all associated expenses, including hospitalizations and anesthesia; and

This exclusion does not apply to dental care (oral examination, X-rays, extractions and non-surgical elimination of oral infection) required for the direct treatment of a medical condition for which Benefits are available under the Plan, as identified in Section 6, *Additional Coverage Details*.

6. treatment of congenitally missing (when the cells responsible for the formation of the tooth are absent from birth), malpositioned or supernumerary (extra) teeth, even if part of a Congenital Anomaly such as cleft lip or cleft palate.

Devices, Appliances and Prosthetics

1. devices used specifically as safety items or to affect performance in sports-related activities;

2. orthotic appliances and devices that straighten or re-shape a body part, except as described under *Durable Medical Equipment (DME)* in Section 6, *Additional Coverage Details* and *Prosthetic and Orthotic Devices*:

Examples of excluded orthotic appliances and devices include but are not limited to, foot orthotics or any orthotic braces available over-the-counter. This exclusion does not include diabetic footwear which may be covered for a Covered Person with diabetic foot disease.

3. cranial banding, except if medically appropriate, ordered by a Physician and custom fitted;
4. the following items are excluded, even if prescribed by a Physician:
 - blood pressure cuff/monitor;
 - enuresis alarm;
 - non-wearable external defibrillator;
 - trusses;
 - ultrasonic nebulizers;
5. repairs to prosthetic devices due to misuse, malicious damage or gross neglect;
6. replacement of prosthetic devices due to misuse, malicious damage or gross neglect or to replace lost or stolen items;
7. devices and computers to assist in communication and speech except for speech aid devices and tracheo-esophageal voice devices for which Benefits are provided as described under *Durable Medical Equipment* in Section 6, *Additional Coverage Details*;
8. oral appliances for snoring.

Drugs

1. Prescription drug products for outpatient use that are filled by a prescription order or refill;
2. self-injectable medications. (This exclusion does not apply to medications which, due to their characteristics, as determined by UnitedHealthcare, must typically be administered or directly supervised by a qualified provider or licensed/certified health professional in an outpatient setting);
3. growth hormone therapy;
4. non-injectable medications given in a Physician's office except as required in an Emergency and consumed in the Physician's office;
5. over the counter drugs and treatments;
6. new Pharmaceutical Products and/or new dosage forms until the date they are reviewed;

7. a Pharmaceutical Product that contains (an) active ingredient(s) available in and therapeutically equivalent (having essentially the same efficacy and adverse effect profile) to another covered Pharmaceutical Product. Such determinations may be made up to six times during a calendar year;
8. a Pharmaceutical Product that contains (an) active ingredient(s) which is (are) a modified version of and therapeutically equivalent (having essentially the same efficacy and adverse effect profile) to another covered Pharmaceutical Product. Such determinations may be made up to six times during a calendar year;
9. benefits for Pharmaceutical Products for the amount dispensed (days' supply or quantity limit) which exceeds the supply limit;
10. a Pharmaceutical Product with an approved biosimilar or a biosimilar and therapeutically equivalent (having essentially the same efficacy and adverse effect profile) to another covered Pharmaceutical Product. For the purpose of this exclusion a "biosimilar" is a biological Pharmaceutical Product approved based on showing that it is highly similar to a reference product (a biological Pharmaceutical Product) and has no clinically meaningful differences in terms of safety and effectiveness from the reference product. Such determinations may be made up to six times per calendar year; and
11. certain Pharmaceutical Products for which there are therapeutically equivalent (having essentially the same efficacy and adverse effect profile) alternatives available, unless otherwise required by law or approved by us. Such determinations may be made up to six times during a calendar year.

Experimental or Investigational or Unproven Services

1. Experimental or Investigational Services and Unproven Services and all services related to Experimental or Investigational and Unproven Services are excluded. The fact that an Experimental or Investigational or Unproven Service, treatment, device or pharmacological regimen is the only available treatment for a particular condition will not result in Benefits if the procedure is considered to be Experimental or Investigational or Unproven in the treatment of that particular condition.

This exclusion does not apply to Covered Health Services provided during a Clinical Trial for which Benefits are provided as described under *Clinical Trials* in Section 6, *Additional Coverage Details*.

Foot Care

1. routine foot care. Examples include the cutting or removal of corns and calluses.

This exclusion does not apply to preventive foot care for Covered Persons with diabetes for which Benefits are provided as described under *Diabetes Services* in Section 6, *Additional Coverage Details*.

3. hygienic and preventive maintenance foot care. Examples include:
 - cleaning and soaking the feet;
 - applying skin creams in order to maintain skin tone; and
 - other services that are performed when there is not a localized Sickness, Injury or symptom involving the foot;

This exclusion does not apply to preventive foot care for Covered Persons who are at risk of neurological or vascular disease arising from diseases such as diabetes.

4. treatment of flat feet;
5. treatment of subluxation of the foot;
6. arch supports; and
7. shoes (standard or custom), lifts and wedges.

Medical Supplies and Equipment

1. prescribed or non-prescribed medical and disposable supplies. Examples of supplies that are not covered include, but are not limited to:
 - compression stockings;
 - ace bandages;
 - gauze and dressings;
 - diabetic strips, and syringes; and
 - urinary catheters.

This exclusion does not apply to:

- disposable supplies necessary for the effective use of Durable Medical Equipment for which Benefits are provided as described under *Durable Medical Equipment* in Section 6, *Additional Coverage Details*;
 - diabetic supplies for which Benefits are provided as described under *Diabetes Services* in Section 6, *Additional Coverage Details*; or
 - ostomy supplies for which Benefits are provided as described under *Ostomy Supplies* in Section 6, *Additional Coverage Details*.
2. tubings and masks except when used with Durable Medical Equipment as described under *Durable Medical Equipment* in Section 6, *Additional Coverage Details*.

Mental Health, Neurobiological Disorders - Autism Spectrum Disorder and Substance-Related and Addictive Disorders Services

In addition to all other exclusions listed in this Section 8, *Exclusions*, the exclusions listed directly below apply to services described under *Mental Health Services*, *Neurobiological Disorders - Autism Spectrum Disorder Services* and/or *Substance-Related and Addictive Disorders Services* in Section 6, *Additional Coverage Details*.

1. Services performed in connection with conditions not classified in the current edition of the *Diagnostic and Statistical Manual of the American Psychiatric Association*.
2. Outside of an initial assessment, services as treatments for a primary diagnosis of conditions and problems that may be a focus of clinical attention, but are specifically noted not to be mental disorders within the current edition of the *Diagnostic and Statistical Manual of the American Psychiatric Association*.
3. Outside of initial assessment, services as treatments for the primary diagnoses of learning disabilities, conduct and impulse control disorders, pyromania, kleptomania, gambling disorder and paraphilic disorder.
4. Educational/behavioral services that are focused on primarily building skills and capabilities in communication, social interaction and learning.
5. Tuition for or services that are school-based for children and adolescents required to be provided by, or paid for by, the school under the *Individuals with Disabilities Education Act*.

1. Cosmetic Procedures, as defined in Section 14, *Glossary*, are excluded from coverage. Examples include:
 - liposuction or removal of fat deposits considered undesirable, including fat accumulation under the male breast and nipple;
 - pharmacological regimens;
 - nutritional procedures or treatments;
 - tattoo or scar removal or revision procedures (such as salabrasion, chemosurgery and other such skin abrasion procedures);
 - hair removal or replacement by any means;
 - treatments for skin wrinkles or any treatment to improve the appearance of the skin;

- treatment for spider veins;
- skin abrasion procedures performed as a treatment for acne;
- treatments for hair loss;
- varicose vein treatment of the lower extremities, when it is considered cosmetic; and
- replacement of an existing intact breast implant if the earlier breast implant was performed as a Cosmetic Procedure.

Note: This exclusion does not apply to newborns as coverage is provided for newborns for Injury or Sickness, including the necessary care and treatment of medically diagnosed congenital defects and birth abnormalities. Coverage includes but is not limited to benefits for inpatient or outpatient expenses arising from medical and dental treatment, including orthodontic and oral surgery treatment, involved in the management of birth defects known as cleft lip and cleft palate;

2. physical conditioning programs such as athletic training, bodybuilding, exercise, fitness, flexibility, health club memberships and programs, spa treatments, and diversion or general motivation;
3. weight loss programs whether or not they are under medical supervision or for medical reasons, even if for morbid obesity;
4. wigs regardless of the reason for the hair loss, except for temporary loss of hair resulting from treatment of a malignancy; and
5. treatment of benign gynecomastia (abnormal breast enlargement in males).

Procedures and Treatments

1. biofeedback;
2. medical and surgical treatment of snoring, except when provided as a part of treatment for documented obstructive sleep apnea (a sleep disorder in which a person regularly stops breathing for 10 seconds or longer);
3. rehabilitation services and Manipulative Treatment to improve general physical condition that are provided to reduce potential risk factors, where significant therapeutic improvement is not expected, including routine, long-term or maintenance/preventive treatment;
4. speech therapy to treat stuttering, stammering, or other articulation disorders;
5. speech therapy, except when required for treatment of a speech impediment or speech dysfunction that results from Injury, stroke, cancer, a Congenital Anomaly or Autism Spectrum Disorders as identified under *Rehabilitation Services – Outpatient Therapy and Manipulative Treatment* in Section 6, *Additional Coverage Details*;
6. a procedure or surgery to remove fatty tissue such as panniculectomy, abdominoplasty, thighplasty, brachioplasty, or mastopexy;

18. breast reduction surgery except as coverage is required by the Women's Health and Cancer Rights Act of 1998 for which Benefits are described under *Reconstructive Procedures* in Section 6, *Additional Coverage Details*.

Providers Services:

1. performed by a provider who is a family member by birth or marriage, including your Spouse, brother, sister, parent or child;
2. a provider may perform on himself or herself;

3. performed by a provider with your same legal residence;
4. ordered or delivered by a Christian Science practitioner;
5. performed by an unlicensed provider or a provider who is operating outside of the scope of his/her license;
6. provided at a diagnostic facility (Hospital or free-standing) without a written order from a provider;
7. which are self-directed to a free-standing or Hospital-based diagnostic facility; and
8. ordered by a provider affiliated with a diagnostic facility (Hospital or free-standing), when that provider is not actively involved in your medical care:
 - prior to ordering the service; or
 - after the service is received.

This exclusion does not apply to mammography testing.

Reproduction

1. health services and associated expenses for infertility treatments, including assisted reproductive technology, regardless of the reason for the treatment.

This exclusion does not apply to services required to treat or correct underlying causes of infertility.

2. storage and retrieval of all reproductive materials (examples include eggs, sperm, testicular tissue and ovarian tissue);
3. in vitro fertilization regardless of the reason for treatment;
4. surrogate parenting, donor eggs, donor sperm and host uterus;
5. the reversal of voluntary sterilization;
6. artificial reproductive treatments done for genetic or eugenic (selective breeding) purposes;
7. prenatal, labor and delivery coverage for enrolled Dependent children except those that have Complications of Pregnancy as defined in Section 14, *Glossary*;
8. services provided by a doula (labor aide); and
9. parenting, pre-natal or birthing classes.

Services Provided under Another Plan

Services for which coverage is available:

1. under another plan, except for Eligible Expenses payable as described in Section 10, *Coordination of Benefits (COB)*;
2. under workers' compensation, no-fault automobile coverage or similar legislation if you could elect it, or could have it elected for you;
3. while on active military duty; and
4. for treatment of military service-related disabilities when you are legally entitled to other coverage and facilities are reasonably accessible.

Transplants

1. health services for organ and tissue transplants, except as identified under *Transplantation Services* in Section 6, *Additional Coverage Details* unless UnitedHealthcare determines the transplant to be appropriate according to UnitedHealthcare's transplant guidelines;
2. mechanical or animal organ transplants, except services related to the implant or removal of a circulatory assist device (a device that supports the heart while the patient waits for a suitable donor heart to become available); and
3. donor costs for organ or tissue transplantation to another person (these costs may be payable through the recipient's benefit plan).

Travel

1. health services provided in a foreign country, unless required as Emergency Health Services; and
2. travel or transportation expenses, even if ordered by a Physician, except as identified under *Travel and Lodging* in Section 6, *Additional Coverage Details*. Additional travel expenses related to Covered Health Services received from a Designated Facility or Designated Physician may be reimbursed at the Plan's discretion. This exclusion does not apply to ambulance transportation for which Benefits are provided as described under *Ambulance Services* in Section 6, *Additional Coverage Details*.

Types of Care

1. Custodial Care as defined in Section 14, *Glossary* or maintenance care;
2. Domiciliary Care, as defined in Section 14, *Glossary*;
3. multi-disciplinary pain management programs provided on an inpatient basis for acute pain or for exacerbation of chronic pain;
4. Private Duty Nursing;

5. respite care. This exclusion does not apply to respite care that is part of an integrated hospice care program of services provided to a terminally ill person by a licensed hospice care agency for which Benefits are provided as described under *Hospice Care* in Section 6, *Additional Coverage Details*;
6. rest cures;
7. services of personal care attendants;
8. work hardening (individualized treatment programs designed to return a person to work or to prepare a person for specific work).

Vision and Hearing

1. routine vision examinations, including refractive examinations to determine the need for vision correction;
2. implantable lenses used only to correct a refractive error (such as Intacs corneal implants);
3. purchase cost and associated fitting charges for eyeglasses or contact lenses;
4. bone anchored hearing aids except when either of the following applies:
 - for Covered Persons with craniofacial anomalies whose abnormal or absent ear canals preclude the use of a wearable hearing aid; or
 - for Covered Persons with hearing loss of sufficient severity that it would not be adequately remedied by a wearable hearing aid.

The Plan will not pay for more than one bone anchored hearing aid per Covered Person who meets the above coverage criteria during the entire period of time the Covered Person is enrolled in this Plan. In addition, repairs and/or replacement for a bone anchored hearing aid for Covered Persons who meet the above coverage are not covered, other than for malfunctions;

5. eye exercise or vision therapy; and
6. surgery and other related treatment that is intended to correct nearsightedness, farsightedness, presbyopia and astigmatism including, but not limited to, procedures such as laser and other refractive eye surgery and radial keratotomy.

All Other Exclusions

1. autopsies and other coroner services and transportation services for a corpse;
2. charges for:
 - missed appointments;
 - room or facility reservations;
 - completion of claim forms; or

- record processing.
3. charges prohibited by federal anti-kickback or self-referral statutes;
 4. diagnostic tests that are:
 - delivered in other than a Physician's office or health care facility; and
 - self-administered home diagnostic tests, including but not limited to HIV and Pregnancy tests;
 5. expenses for health services and supplies:
 - that are received as a result of war or any act of war, whether declared or undeclared, while part of any armed service force of any country. This exclusion does not apply to Covered Persons who are civilians injured or otherwise affected by war, any act of war or terrorism in a non-war zone;
 - that are received after the date your coverage under this Plan ends, including health services for medical conditions which began before the date your coverage under the Plan ends;
 - for which you have no legal responsibility to pay, or for which a charge would not ordinarily be made in the absence of coverage under this Benefit Plan;
 - that exceed Eligible Expenses or any specified limitation in this SPD;
 - for which a non-Network provider waives the Annual Deductible or Coinsurance amounts;
 6. foreign language and sign language services;
 7. long term (more than 30 days) storage of blood, umbilical cord or other material. Examples include cryopreservation of tissue, blood and blood products;
 8. health services and supplies that do not meet the definition of a Covered Health Service – see the definition in Section 14, *Glossary*. Covered Health Services are those health services including services, supplies or Pharmaceutical Products, which the Claims Administrator determines to be all of the following:
 - Medically Necessary;
 - described as a Covered Health Service in this Summary Plan Description; and
 - not otherwise excluded in this Summary Plan Description under this Section 8, *Exclusions*.
 9. health services related to a non-Covered Health Service: When a service is not a Covered Health Service, all services related to that non-Covered Health Service are also excluded. This exclusion does not apply to services the Plan would otherwise determine to be Covered Health Services if they are to treat complications that arise from the non-Covered Health Service.

For the purpose of this exclusion, a "complication" is an unexpected or unanticipated condition that is superimposed on an existing disease and that affects or modifies the prognosis of the original disease or condition. Examples of a "complication" are bleeding or infections, following a Cosmetic Procedure, that require hospitalization; and

10. physical, psychiatric or psychological exams, testing, vaccinations, immunizations or treatments when:
 - required solely for purposes of education, sports or camp, travel, career or employment, insurance, marriage or adoption; or as a result of incarceration;
 - conducted for purposes of medical research.
 - related to judicial or administrative proceedings or orders; or
 - required to obtain or maintain a license of any type.

SECTION 9 - CLAIMS PROCEDURES

What this section includes:

- How Network and non-Network claims work; and
- What to do if your claim is denied, in whole or in part.

Network Benefits

In general, if you receive Covered Health Services from a Network provider, UnitedHealthcare will pay the Physician or facility directly. If a Network provider bills you for any Covered Health Service other than your Coinsurance, please contact the provider or call UnitedHealthcare at the phone number on your ID card for assistance.

Keep in mind, you are responsible for meeting the Annual Deductible and paying any Coinsurance owed to a Network provider at the time of service, or when you receive a bill from the provider.

Non-Network Benefits

If you receive a bill for Covered Health Services from a non-Network provider, you (or the provider if they prefer) must send the bill to UnitedHealthcare for processing. To make sure the claim is processed promptly and accurately, a completed claim form must be attached and mailed to UnitedHealthcare at the address on the back of your ID card.

How To File Your Claim

You can obtain a claim form by visiting www.myuhc.com, calling the toll-free number on your ID card or contacting Human Resources. If you do not have a claim form, simply attach a brief letter of explanation to the bill, and verify that the bill contains the information listed below. If any of these items are missing from the bill, you can include them in your letter:

- your name and address;
- the patient's name, age and relationship to the Employee;
- the number as shown on your ID card;
- the name, address and tax identification number of the provider of the service(s);
- a diagnosis from the Physician;
- the date of service;
- an itemized bill from the provider that includes:
 - the Current Procedural Terminology (CPT) codes;
 - a description of, and the charge for, each service;
 - the date the Sickness or Injury began; and

- a statement indicating either that you are, or you are not, enrolled for coverage under any other health insurance plan or program. If you are enrolled for other coverage you must include the name and address of the other carrier(s).

Failure to provide all the information listed above may delay any reimbursement that may be due you.

For medical claims, the above information should be filed with UnitedHealthcare at the address on your ID card.

After UnitedHealthcare has processed your claim, you will receive payment for Benefits that the Plan allows. It is your responsibility to pay the non-Network provider the charges you incurred, including any difference between what you were billed and what the Plan paid.

Payment of Benefits

You may not assign your Benefits under the Plan or any cause of action related to your Benefits under the Plan to a non-Network provider without UnitedHealthcare's consent. When you assign your Benefits under the Plan to a non-Network provider with UnitedHealthcare's consent, and the non-Network provider submits a claim for payment, you and the non-Network provider represent and warrant that the Covered Health Services were actually provided and were medically appropriate.

When UnitedHealthcare has not consented to an assignment, UnitedHealthcare will send the reimbursement directly to you (the Participant) for you to reimburse the non-Network provider upon receipt of their bill. However, UnitedHealthcare reserves the right, in its discretion, to pay the non-Network provider directly for services rendered to you. When exercising its discretion with respect to payment, UnitedHealthcare may consider whether you have requested that payment of your Benefits be made directly to the non-Network provider. Under no circumstances will UnitedHealthcare pay Benefits to anyone other than you or, in its discretion, your provider. Direct payment to a non-Network provider shall not be deemed to constitute consent by UnitedHealthcare to an assignment or to waive the consent requirement. When UnitedHealthcare in its discretion directs payment to a non-Network provider, you remain the sole beneficiary of the payment, and the non-Network provider does not thereby become a beneficiary. Accordingly, legally required notices concerning your Benefits will be directed to you, although UnitedHealthcare may in its discretion send information concerning the Benefits to the non-Network provider as well. If payment to a non-Network provider is made, the Plan reserves the right to offset Benefits to be paid to the provider by any amounts that the provider owes the Plan (including amounts owed as a result of the assignment of other plans' overpayment recovery rights to the Plan), pursuant to *Refund of Overpayments* in Section 10, *Coordination of Benefits*.

Form of Payment of Benefits

Payment of Benefits under the Plan shall be in cash or cash equivalents, or in the form of other consideration that UnitedHealthcare in its discretion determines to be adequate. Where Benefits are payable directly to a provider, such adequate consideration includes the forgiveness in whole or in part of amounts the provider owes to other plans for which UnitedHealthcare makes payments, where the Plan has taken an assignment of the other plans' recovery rights for value.

Health Statements

Each month, in which UnitedHealthcare processes at least one claim for you or a covered Dependent, you will receive a Health Statement in the mail. Health Statements make it easy for you to manage your family's medical costs by providing claims information in easy-to-understand terms.

If you would rather track claims for yourself and your covered Dependents online, you may do so at www.myuhc.com. You may also elect to discontinue receipt of paper Health Statements by making the appropriate selection on this site.

Explanation of Benefits (EOB)

You may request that UnitedHealthcare send you a paper copy of an Explanation of Benefits (EOB) after processing the claim. The EOB will let you know if there is any portion of the claim you need to pay. If any claims are denied in whole or in part, the EOB will include the reason for the denial or partial payment. If you would like paper copies of the EOBs, you may call the toll-free number on your ID card to request them. You can also view and print all of your EOBs online at www.myuhc.com. See Section 14, *Glossary* for the definition of Explanation of Benefits.

Important - Timely Filing of Non-Network Claims

All claim forms for non-Network services must be submitted within 12 months after the date of service. Otherwise, the Plan will not pay any Benefits for that Eligible Expense, or Benefits will be reduced, as determined by MSD Washington Township. This 12-month requirement does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Claim Denials and Appeals

If Your Claim is Denied

If a claim for Benefits is denied in part or in whole, you may call UnitedHealthcare at the number on your ID card before requesting a formal appeal. If UnitedHealthcare cannot resolve the issue to your satisfaction over the phone, you have the right to file a formal appeal as described below.

How to Appeal a Denied Claim

If you wish to appeal a denied pre-service request for Benefits, post-service claim or a rescission of coverage as described below, you or your authorized representative must submit your appeal in writing within 180 days of receiving the adverse benefit determination. You do not need to submit Urgent Care appeals in writing. This communication should include:

- the patient's name and ID number as shown on the ID card;
- the provider's name;
- the date of medical service;
- the reason you disagree with the denial; and

- any documentation or other written information to support your request.

You or your authorized representative may send a written request for an appeal to:

UnitedHealthcare – Appeals
P.O. Box 30432
Salt Lake City, UT 84130-0432

For Urgent Care requests for Benefits that have been denied, you or your provider can call UnitedHealthcare at the toll-free number on your ID card to request an appeal.

Types of claims

The timing of the claims appeal process is based on the type of claim you are appealing.

If you wish to appeal a claim, it helps to understand whether it is an:

- urgent care request for Benefits;
- pre-service request for Benefits;
- post-service claim; or
- concurrent claim.

Review of an Appeal

UnitedHealthcare will conduct a full and fair review of your appeal. The appeal may be reviewed by:

- an appropriate individual(s) who did not make the initial benefit determination; and
- a health care professional with appropriate expertise who was not consulted during the initial benefit determination process.

Once the review is complete, if UnitedHealthcare upholds the denial, you will receive a written explanation of the reasons and facts relating to the denial.

Filing a Second Appeal

Your Plan offers two levels of appeal. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal from MSD Washington Township within 60 days from receipt of the first level appeal determination.

Note: Upon written request and free of charge, any Covered Persons may examine documents relevant to their claim and/or appeals and submit opinions and comments. MSD Washington Township will review all claims in accordance with the rules established by the U.S. Department of Labor.

Federal External Review Program

If, after exhausting your internal appeals, you are not satisfied with the determination made by MSD Washington Township, or if MSD Washington Township fails to respond to your appeal in accordance with applicable regulations regarding timing, you may be entitled to request an external review of MSD Washington Township's determination. This service is available at no cost to you.

If one of the above conditions is met, you may request an external review of adverse benefit determinations based upon any of the following:

- clinical reasons;
- the exclusions for Experimental or Investigational Services or Unproven Services;
- rescission of coverage (coverage that was cancelled or discontinued retroactively); or
- as otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to the address set out in the determination letter. You or your representative may request an expedited external review, in urgent situations as detailed below, by calling the toll-free number on your ID card or by sending a written request to the address set out in the determination letter. A request must be made within four months after the date you received MSD Washington Township's decision.

An external review request should include all of the following:

- a specific request for an external review;
- the Covered Person's name, address, and insurance ID number;
- your designated representative's name and address, when applicable;
- the service that was denied; and
- any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an Independent Review Organization (IRO). UnitedHealthcare has entered into agreements with three or more IROs that have agreed to perform such reviews. There are two types of external reviews available:

- a standard external review; and
- an expedited external review.

Standard External Review

A standard external review is comprised of all of the following:

- a preliminary review by UnitedHealthcare of the request;
- a referral of the request by UnitedHealthcare to the IRO; and

- a decision by the IRO.

Within the applicable timeframe after receipt of the request, UnitedHealthcare will complete a preliminary review to determine whether the individual for whom the request was submitted meets all of the following:

- is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided;
- has exhausted the applicable internal appeals process; and
- has provided all the information and forms required so that UnitedHealthcare may process the request.

After UnitedHealthcare completes the preliminary review, UnitedHealthcare will issue a notification in writing to you. If the request is eligible for external review, UnitedHealthcare will assign an IRO to conduct such review. UnitedHealthcare will assign requests by either rotating claims assignments among the IROs or by using a random selection process.

The IRO will notify you in writing of the request's eligibility and acceptance for external review. You may submit in writing to the IRO within ten business days following the date of receipt of the notice additional information that the IRO will consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted by you after ten business days.

UnitedHealthcare will provide to the assigned IRO the documents and information considered in making MSD Washington Township's determination. The documents include:

- all relevant medical records;
- all other documents relied upon by MSD Washington Township; and
- all other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request and UnitedHealthcare will include it with the documents forwarded to the IRO.

In reaching a decision, the IRO will review the claim anew and not be bound by any decisions or conclusions reached by MSD Washington Township. The IRO will provide written notice of its determination (the "Final External Review Decision") within 45 days after it receives the request for the external review (unless they request additional time and you agree). The IRO will deliver the notice of Final External Review Decision to you and UnitedHealthcare, and it will include the clinical basis for the determination.

Upon receipt of a Final External Review Decision reversing MSD Washington Township determination, the Plan will immediately provide coverage or payment for the benefit claim at issue in accordance with the terms and conditions of the Plan, and any applicable law regarding plan remedies. If the Final External Review Decision is that payment or referral

will not be made, the Plan will not be obligated to provide Benefits for the health care service or procedure.

Expedited External Review

An expedited external review is similar to a standard external review. The most significant difference between the two is that the time periods for completing certain portions of the review process are much shorter, and in some instances you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review if you receive either of the following:

- an adverse benefit determination of a claim or appeal if the adverse benefit determination involves a medical condition for which the time frame for completion of an expedited internal appeal would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function and you have filed a request for an expedited internal appeal; or
- a final appeal decision, if the determination involves a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function, or if the final appeal decision concerns an admission, availability of care, continued stay, or health care service, procedure or product for which the individual received emergency services, but has not been discharged from a facility.

Immediately upon receipt of the request, UnitedHealthcare will determine whether the individual meets both of the following:

- is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.
- has provided all the information and forms required so that UnitedHealthcare may process the request.

After UnitedHealthcare completes the review, UnitedHealthcare will immediately send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, UnitedHealthcare will assign an IRO in the same manner UnitedHealthcare utilizes to assign standard external reviews to IROs. UnitedHealthcare will provide all necessary documents and information considered in making the adverse benefit determination or final adverse benefit determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method. The IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the IRO will review the claim anew and not be bound by any decisions or conclusions reached by MSD Washington Township. The IRO will provide notice of the final external review decision for an expedited external review as expeditiously as the claimant's medical condition or circumstances require, but in no event more than 72

hours after the IRO receives the request. If the initial notice is not in writing, within 48 hours after the date of providing the initial notice, the assigned IRO will provide written confirmation of the decision to you and to UnitedHealthcare.

You may contact UnitedHealthcare at the toll-free number on your ID card for more information regarding external review rights, or if making a verbal request for an expedited external review.

Timing of Appeals Determinations

Separate schedules apply to the timing of claims appeals, depending on the type of claim. There are three types of claims:

- Urgent Care request for Benefits - a request for Benefits provided in connection with Urgent Care services, as defined in Section 14, *Glossary*;
- Pre-Service request for Benefits - a request for Benefits which the Plan must approve or in which you must obtain prior authorization from UnitedHealthcare before non-Urgent Care is provided; and
- Post-Service - a claim for reimbursement of the cost of non-Urgent Care that has already been provided.

The tables below describe the time frames which you and UnitedHealthcare are required to follow.

| Urgent Care Request for Benefits * | |
|---|---|
| Type of Request for Benefits or Appeal | Timing |
| If your request for Benefits is incomplete, UnitedHealthcare must notify you within: | 24 hours |
| You must then provide completed request for Benefits to UnitedHealthcare within: | 48 hours after receiving notice of additional information required |
| UnitedHealthcare must notify you of the benefit determination within: | 72 hours |
| If UnitedHealthcare denies your request for Benefits, you must appeal an adverse benefit determination no later than: | 180 days after receiving the adverse benefit determination |
| UnitedHealthcare must notify you of the appeal decision within: | 72 hours after receiving the appeal |

*You do not need to submit Urgent Care appeals in writing. You should call UnitedHealthcare as soon as possible to appeal an Urgent Care request for Benefits.

| Pre-Service Request for Benefits* | |
|---|---|
| Type of Request for Benefits or Appeal | Timing |
| If your request for Benefits is filed improperly, UnitedHealthcare must notify you within: | 5 days |
| If your request for Benefits is incomplete, UnitedHealthcare must notify you within: | 15 days |
| You must then provide completed request for Benefits information to UnitedHealthcare within: | 45 days |
| UnitedHealthcare must notify you of the benefit determination: | |
| ■ if the initial request for Benefits is complete, within: | 15 days |
| ■ after receiving the completed request for Benefits (if the initial request for Benefits is incomplete), within: | 15 days |
| You must appeal an adverse benefit determination no later than: | 180 days after receiving the adverse benefit determination |
| UnitedHealthcare must notify you of the first level appeal decision within: | 15 days after receiving the first level appeal |
| You must appeal the first level appeal (file a second level appeal) within: | 60 days after receiving the first level appeal decision |
| MSD Washington Township must notify you of the second level appeal decision within: | 15 days after receiving the second level appeal |

*UnitedHealthcare may require a one-time extension for the initial claim determination, of no more than 15 days, only if more time is needed due to circumstances beyond control of the Plan.

| Post-Service Claims | |
|---|----------------|
| Type of Claim or Appeal | Timing |
| If your claim is incomplete, UnitedHealthcare must notify you within: | 30 days |
| You must then provide completed claim information to UnitedHealthcare within: | 45 days |
| UnitedHealthcare must notify you of the benefit determination: | |
| ■ if the initial claim is complete, within: | 30 days |
| ■ after receiving the completed claim (if the initial claim is incomplete), within: | 30 days |

| Post-Service Claims | |
|---|---|
| Type of Claim or Appeal | Timing |
| You must appeal an adverse benefit determination no later than: | 180 days after receiving the adverse benefit determination |
| UnitedHealthcare must notify you of the first level appeal decision within: | 30 days after receiving the first level appeal |
| You must appeal the first level appeal (file a second level appeal) within: | 60 days after receiving the first level appeal decision |
| MSD Washington Township must notify you of the second level appeal decision within: | 30 days after receiving the second level appeal |

Limitation of Action

You cannot bring any legal action against MSD Washington Township or the Claims Administrator to recover reimbursement until 90 days after you have properly submitted a request for reimbursement as described in this section and all required reviews of your claim have been completed. If you want to bring a legal action against MSD Washington Township or the Claims Administrator, you must do so within three years from the expiration of the time period in which a request for reimbursement must be submitted or you lose any rights to bring such an action against MSD Washington Township or the Claims Administrator.

You cannot bring any legal action against MSD Washington Township or the Claims Administrator for any other reason unless you first complete all the steps in the appeal process described in this section. After completing that process, if you want to bring a legal action against MSD Washington Township or the Claims Administrator you must do so within three years of the date you are notified of the final decision on your appeal or you lose any rights to bring such an action against MSD Washington Township or the Claims Administrator.

SECTION 10 - COORDINATION OF BENEFITS (COB)

What this section includes:

- How your Benefits under this Plan coordinate with other medical plans;
- How coverage is affected if you become eligible for Medicare; and
- Procedures in the event the Plan overpays Benefits.

Coordination of Benefits (COB) applies to you if you are covered by more than one health benefits plan, including any one of the following:

- another employer sponsored health benefits plan;
- a medical component of a group long-term care plan, such as skilled nursing care;
- no-fault or traditional "fault" type medical payment benefits or personal injury protection benefits under an auto insurance policy;
- medical payment benefits under any premises liability or other types of liability coverage; or
- Medicare or other governmental health benefit.

If coverage is provided under two or more plans, COB determines which plan is primary and which plan is secondary. The plan considered primary pays its benefits first, without regard to the possibility that another plan may cover some expenses. Any remaining expenses may be paid under the other plan, which is considered secondary. The secondary plan may determine its benefits based on the benefits paid by the primary plan. How much this Plan will reimburse you, if anything, will also depend in part on the allowable expense. The term, "allowable expense," is further explained below.

Don't forget to update your Dependents' Medical Coverage Information

Avoid delays on your Dependent claims by updating your Dependent's medical coverage information. Just log on to www.myuhc.com or call the toll-free number on your ID card to update your COB information. You will need the name of your Dependent's other medical coverage, along with the policy number.

Determining Which Plan is Primary

Order of Benefit Determination Rules

If you are covered by two or more plans, the benefit payment follows the rules below in this order:

- this Plan will always be secondary to medical payment coverage or personal injury protection coverage under any auto liability or no-fault insurance policy;
- when you have coverage under two or more medical plans and only one has COB provisions, the plan without COB provisions will pay benefits first;

- a plan that covers a person as an employee pays benefits before a plan that covers the person as a dependent;
- if you are receiving COBRA continuation coverage under another employer plan, this Plan will pay Benefits first;
- your dependent children will receive primary coverage from the parent whose birth date occurs first in a calendar year. If both parents have the same birth date, the plan that pays benefits first is the one that has been in effect the longest. This birthday rule applies only if:
 - the parents are married or living together whether or not they have ever been married and not legally separated; or
 - a court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage;
- if two or more plans cover a dependent child of divorced or separated parents and if there is no court decree stating that one parent is responsible for health care, the child will be covered under the plan of:
 - the parent with custody of the child; then
 - the Spouse of the parent with custody of the child; then
 - the parent not having custody of the child; then
 - the Spouse of the parent not having custody of the child;
- plans for active employees pay before plans covering laid-off or retired employees;
- the plan that has covered the individual claimant the longest will pay first; The expenses must be covered in part under at least one of the plans; and
- finally, if none of the above rules determines which plan is primary or secondary, the allowable expenses shall be shared equally between the plans meeting the definition of Plan. In addition, this Plan will not pay more than it would have paid had it been the primary Plan.

The following examples illustrate how the Plan determines which plan pays first and which plan pays second.

Determining Primary and Secondary Plan – Examples

- 1) Let's say you and your Spouse both have family medical coverage through your respective employers. You are unwell and go to see a Physician. Since you're covered as an Employee under this Plan, and as a Dependent under your Spouse's plan, this Plan will pay Benefits for the Physician's office visit first.
- 2) Again, let's say you and your Spouse both have family medical coverage through your respective employers. You take your Dependent child to see a Physician. This Plan will look at your birthday and your Spouse's birthday to determine which plan pays first. If you were born on June 11 and your Spouse was born on May 30, your Spouse's plan will pay first.

When This Plan is Secondary

If this Plan is secondary, it determines the amount it will pay for a Covered Health Service by following the steps below.

- the Plan determines the amount it would have paid based on the allowable expense.
- the Plan pays the entire difference between the allowable expense and the amount paid by the primary plan – as long as this amount is not more than the Plan would have paid had it been the only plan involved.

You will be responsible for any Coinsurance or Deductible payments as part of the COB payment. The maximum combined payment you may receive from all plans cannot exceed 100% of the allowable expense.

Determining the Allowable Expense If This Plan is Secondary

What is an allowable expense?

For purposes of COB, an allowable expense is a health care expense that meets the definition of a Covered Health Service under this Plan.

When the provider is a Network provider for both the primary plan and this Plan, the allowable expense is the primary plan's network rate. When the provider is a network provider for the primary plan and a non-Network provider for this Plan, the allowable expense is the primary plan's network rate. When the provider is a non-Network provider for the primary plan and a Network provider for this Plan, the allowable expense is the reasonable and customary charges allowed by the primary plan. When the provider is a non-Network provider for both the primary plan and this Plan, the allowable expense is the greater of the two Plans' reasonable and customary charges. If this plan is secondary to Medicare, please also refer to the discussion in the section below, titled *Determining the Allowable Expense When This Plan is Secondary to Medicare*.

When a Covered Person Qualifies for Medicare

Determining Which Plan is Primary

As permitted by law, this Plan will pay Benefits second to Medicare when you become eligible for Medicare, even if you don't elect it. There are, however, Medicare-eligible individuals for whom the Plan pays Benefits first and Medicare pays benefits second:

- Employees with active current employment status age 65 or older and their Spouses age 65 or older; and
- individuals with end-stage renal disease, for a limited period of time.

Determining the Allowable Expense When This Plan is Secondary to Medicare

If this Plan is secondary to Medicare, the Medicare approved amount is the allowable expense, as long as the provider accepts reimbursement directly from Medicare. If the provider accepts reimbursement directly from Medicare, the Medicare approved amount is the charge that Medicare has determined that it will recognize and which it reports on an

"explanation of Medicare benefits" issued by Medicare (the "EOMB") for a given service. Medicare typically reimburses such providers a percentage of its approved charge – often 80%.

If the provider does not accept assignment of your Medicare benefits, the Medicare limiting charge (the most a provider can charge you if they don't accept Medicare – typically 115% of the Medicare approved amount) will be the allowable expense. Medicare payments, combined with Plan Benefits, will not exceed 100% of the allowable expense.

If you are eligible for, but not enrolled in, Medicare, and this Plan is secondary to Medicare, or if you have enrolled in Medicare but choose to obtain services from a provider that does not participate in the Medicare program (as opposed to a provider who does not accept assignment of Medicare benefits), Benefits will be paid on a secondary basis under this Plan and will be determined as if you timely enrolled in Medicare and obtained services from a Medicare participating provider.

When calculating the Plan's Benefits in these situations, for administrative convenience UnitedHealthcare will treat the provider's billed charges for covered services as the allowable expense for both the Plan and Medicare, rather than the Medicare approved amount or Medicare limiting charge.

Medicare Crossover Program

The Plan offers a Medicare Crossover program for Medicare Part A and Part B and Durable Medical Equipment (DME) claims. Under this program, you no longer have to file a separate claim with the Plan to receive secondary benefits for these expenses. Your Dependent will also have this automated crossover, as long as he or she is eligible for Medicare and this Plan is your only secondary medical coverage.

Once the Medicare Part A and Part B and DME carriers have reimbursed your health care provider, the Medicare carrier will electronically submit the necessary information to the Claims Administrator to process the balance of your claim under the provisions of this Plan.

You can verify that the automated crossover took place when your copy of the explanation of Medicare benefits (EOMB) states your claim has been forwarded to your secondary carrier.

This crossover process does not apply to expenses that Medicare does not cover. You must go on to file claims for these expenses.

For information about enrollment or if you have questions about the program, call the telephone number listed on the back of your ID card.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. UnitedHealthcare may get the facts needed from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits.

UnitedHealthcare does not need to tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give UnitedHealthcare any facts needed to apply those rules and determine benefits payable. If you do not provide UnitedHealthcare the information needed to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Overpayment and Underpayment of Benefits

If you are covered under more than one medical plan, there is a possibility that the other plan will pay a benefit that the Plan should have paid. If this occurs, the Plan may pay the other plan the amount owed.

If the Plan pays you more than it owes under this COB provision, you should pay the excess back promptly. Otherwise, the Company may recover the amount in the form of salary, wages, or benefits payable under any Company-sponsored benefit plans, including this Plan. The Company also reserves the right to recover any overpayment by legal action or offset payments on future Eligible Expenses.

If the Plan overpays a health care provider, UnitedHealthcare reserves the right to recover the excess amount from the provider pursuant to *Refund of Overpayments*, below.

Refund of Overpayments

If the Plan pays for Benefits for expenses incurred on account of a Covered Person, that Covered Person, or any other person or organization that was paid, must make a refund to the Plan if:

- the Plan's obligation to pay Benefits was contingent on the expenses incurred being legally owed and paid by the Covered Person, but all or some of the expenses were not paid by the Covered Person or did not legally have to be paid by the Covered Person;
- all or some of the payment the Plan made exceeded the Benefits under the Plan; or
- all or some of the payment was made in error.

The amount that must be refunded equals the amount the Plan paid in excess of the amount that should have been paid under the Plan. If the refund is due from another person or organization, the Covered Person agrees to help the Plan get the refund when requested.

If the refund is due from the Covered Person and the Covered Person does not promptly refund the full amount owed, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, future Benefits for the Covered Person that are payable under the Plan. If the refund is due from a person or organization other than the

Covered Person, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, (i) future Benefits that are payable in connection with services provided to other Covered Persons under the Plan; or (ii) future benefits that are payable in connection with services provided to persons under other plans for which UnitedHealthcare makes payments, pursuant to a transaction in which the Plan's overpayment recovery rights are assigned to such other plans in exchange for such plans' remittance of the amount of the reallocated payment. The reallocated payment amount will equal the amount of the required refund or, if less than the full amount of the required refund will be deducted from the amount of refund owed to the Plan. The Plan may have other rights in addition to the right to reallocate overpaid amounts and other enumerated rights, including the right to commence a legal action.

SECTION 11 - SUBROGATION AND REIMBURSEMENT

The Plan has a right to subrogation and reimbursement.

Subrogation applies when the plan has paid Benefits on your behalf for a Sickness or Injury for which a third party is alleged to be responsible. The right to subrogation means that the Plan is substituted to and shall succeed to any and all legal claims that you may be entitled to pursue against any third party for the Benefits that the Plan has paid that are related to the Sickness or Injury for which a third party is alleged to be responsible.

Subrogation – Example

Suppose you are injured in a car accident that is not your fault, and you receive Benefits under the Plan to treat your injuries. Under subrogation, the Plan has the right to take legal action in your name against the driver who caused the accident and that driver's insurance carrier to recover the cost of those Benefits.

The right to reimbursement means that if a third party causes or is alleged to have caused a Sickness or Injury for which you receive a settlement, judgment, or other recovery from any third party, you must use those proceeds to fully return to the Plan 100% of any Benefits you received for that Sickness or Injury.

Reimbursement – Example

Suppose you are injured in a boating accident that is not your fault, and you receive Benefits under the Plan as a result of your injuries. In addition, you receive a settlement in a court proceeding from the individual who caused the accident. You must use the settlement funds to return to the plan 100% of any Benefits you received to treat your injuries.

The following persons and entities are considered third parties:

- a person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages;
- any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages;
- the Plan Sponsor (for example workers' compensation cases);
- any person or entity who is or may be obligated to provide benefits or payments to you, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators; and
- any person or entity that is liable for payment to you on any equitable or legal liability theory.

You agree as follows:

- You will cooperate with the Plan in protecting its legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
 - notifying the Plan, in writing, of any potential legal claim(s) you may have against any third party for acts which caused Benefits to be paid or become payable;
 - providing any relevant information requested by the Plan;
 - signing and/or delivering such documents as the Plan or its agents reasonably request to secure the subrogation and reimbursement claim;
 - responding to requests for information about any accident or injuries;
 - making court appearances;
 - obtaining the Plan's consent or its agents' consent before releasing any party from liability or payment of medical expenses; and
 - complying with the terms of this section.

Your failure to cooperate with the Plan is considered a breach of contract. As such, the Plan has the right to terminate your Benefits, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to you or your representative not cooperating with the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.

- The Plan has a first priority right to receive payment on any claim against a third party before you receive payment from that third party. Further, the Plan's first priority right to payment is superior to any and all claims, debts or liens asserted by any medical providers, including but not limited to Hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.
- The Plan's subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, and punitive damages. The Plan is not required to help you to pursue your claim for damages or personal injuries and no amount of associated costs, including attorneys' fees, shall be deducted from the Plan's recovery without the Plan's express written consent. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall defeat this right.
- Regardless of whether you have been fully compensated or made whole, the Plan may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which the Plan may collect include, but are not limited to, economic, non-economic, and punitive damages. No "collateral source" rule, any "Made-Whole Doctrine" or "Make-Whole Doctrine," claim of unjust enrichment, nor

any other equitable limitation shall limit the Plan's subrogation and reimbursement rights.

- Benefits paid by the Plan may also be considered to be Benefits advanced.
- If you receive any payment from any party as a result of Sickness or Injury, and the Plan alleges some or all of those funds are due and owed to the Plan, you shall hold those funds in trust, either in a separate bank account in your name or in your attorney's trust account. You agree that you will serve as a trustee over those funds to the extent of the Benefits the Plan has paid.
- The Plan's rights to recovery will not be reduced due to your own negligence.
- Upon the Plan's request, you will assign to the Plan all rights of recovery against third parties, to the extent of the Benefits the Plan has paid for the Sickness or Injury.
- The Plan may, at its option, take necessary and appropriate action to preserve its rights under these subrogation provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative or other third party and filing suit in your name, which does not obligate the Plan in any way to pay you part of any recovery the Plan might obtain.
- You may not accept any settlement that does not fully reimburse the Plan, without its written approval.
- The Plan has the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- In the case of your wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries.
- No allocation of damages, settlement funds or any other recovery, by you, your estate, the personal representative of your estate, your heirs, your beneficiaries or any other person or party, shall be valid if it does not reimburse the Plan for 100% of its interest unless the Plan provides written consent to the allocation.
- The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by a third party. If a parent or guardian may bring a claim for damages arising out of a minor's Sickness or Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.
- If a third party causes or is alleged to have caused you to suffer a Sickness or Injury while you are covered under this Plan, the provisions of this section continue to apply, even after you are no longer covered.

The Plan and all Administrators administering the terms and conditions of the Plan's subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of its discretionary authority to (1) construe and enforce the terms of the Plan's subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to

the Plan.

Right of Recovery

The Plan has the right to recover benefits it has paid on you or your Dependent's behalf that were:

- made in error;
- due to a mistake in fact;
- advanced during the time period of meeting the calendar year Deductible; or
- advanced during the time period of meeting the Out-of-Pocket Maximum for the calendar year.

Benefits paid because you or your Dependent misrepresented facts are also subject to recovery.

If the Plan provides a Benefit for you or your Dependent that exceeds the amount that should have been paid, the Plan will:

- require that the overpayment be returned when requested, or
- reduce a future benefit payment for you or your Dependent by the amount of the overpayment.

If the Plan provides an advancement of benefits to you or your Dependent during the time period of meeting the Deductible and/or meeting the Out-of-Pocket Maximum for the calendar year, the Plan will send you or your Dependent a monthly statement identifying the amount you owe with payment instructions. The Plan has the right to recover Benefits it has advanced by:

- submitting a reminder letter to you or a covered Dependent that details any outstanding balance owed to the Plan; and
- conducting courtesy calls to you or a covered Dependent to discuss any outstanding balance owed to the Plan.

SECTION 12 - WHEN COVERAGE ENDS

What this section includes:

- Circumstances that cause coverage to end;
- Extended coverage; and
- How to continue coverage after it ends.

Your entitlement to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date. Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

When your coverage ends, MSD Washington Township will still pay claims for Covered Health Services that you received before your coverage ended. However, once your coverage ends, Benefits are not provided for health services that you receive after coverage ended, even if the underlying medical condition occurred before your coverage ended. Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

Your coverage under the Plan will end on the earliest of:

- the last day of the month your employment with the Employer ends;
- the date the Plan ends;
- the last day of the month you stop making the required contributions;
- the last day of the month you are no longer eligible;
- the last day of the month UnitedHealthcare receives written notice from MSD Washington Township to end your coverage, or the date requested in the notice, if later; or
- the last day of the month you retire or are pensioned under the Plan, unless specific coverage is available for retired or pensioned persons and you are eligible for that coverage.

Coverage for your eligible Dependents will end on the earliest of:

- the date your coverage ends;
- the last day of the month you stop making the required contributions;
- the last day of the month UnitedHealthcare receives written notice from MSD Washington Township to end your coverage, or the date requested in the notice, if later; or
- the last day of the month your Dependents no longer qualify as Dependents under this Plan.

Other Events Ending Your Coverage

The Plan will provide at least thirty days' prior written notice to you that your coverage will end on the date identified in the notice if you commit an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact including, but not limited to, knowingly providing incorrect information relating to another person's eligibility or status as a Dependent. You may appeal this decision during the 30-day notice period. The notice will contain information on how to pursue your appeal.

Note: MSD Washington Township has the right to demand that you pay back Benefits MSD Washington Township paid to you, or paid in your name, during the time you were incorrectly covered under the Plan.

Coverage for a Disabled Child

If an unmarried enrolled Dependent child with a mental or physical disability reaches an age when coverage would otherwise end, the Plan will continue to cover the child, as long as:

- the child is unable to be self-supporting due to a mental or physical handicap or disability;
- the child depends mainly on you for support;
- you provide to MSD Washington Township proof of the child's incapacity and dependency within 31 days of the date coverage would have otherwise ended because the child reached a certain age; and
- you provide proof, upon MSD Washington Township's request, that the child continues to meet these conditions.

The proof might include medical examinations at MSD Washington Township's expense. However, you will not be asked for this information more than once a year. If you do not supply such proof within 31 days, the Plan will no longer pay Benefits for that child.

Coverage will continue, as long as the enrolled Dependent is incapacitated and dependent upon you, unless coverage is otherwise terminated in accordance with the terms of the Plan.

Extended Coverage for Total Disability

Please see your P Administrator for details regarding extended coverage for Total Disability.

Continuing Coverage Through COBRA

If you lose your Plan coverage, you may have the right to extend it under the Consolidated Budget Reconciliation Act of 1985 (COBRA), as defined in Section 14, *Glossary*.

Continuation coverage under COBRA is available only to Plans that are subject to the terms of COBRA. You can contact your Plan Administrator to determine if MSD Washington Township is subject to the provisions of COBRA.

Continuation Coverage under Federal Law (COBRA)

Much of the language in this section comes from the federal law that governs continuation coverage. You should call your Plan Administrator if you have questions about your right to continue coverage.

In order to be eligible for continuation coverage under federal law, you must meet the definition of a "Qualified Beneficiary". A Qualified Beneficiary is any of the following persons who were covered under the Plan on the day before a qualifying event:

- an Employee;
- an Employee's enrolled Dependent, including with respect to the Employee's children, a child born to or placed for adoption with the Employee during a period of continuation coverage under federal law; or
- an Employee's former Spouse.

Qualifying Events for Continuation Coverage under COBRA

The following table outlines situations in which you may elect to continue coverage under COBRA for yourself and your Dependents, and the maximum length of time you can receive continued coverage. These situations are considered qualifying events.

| If Coverage Ends Because of the Following Qualifying Events: | You May Elect COBRA: | | |
|--|----------------------|-----------------|---------------------|
| | For Yourself | For Your Spouse | For Your Child(ren) |
| Your work hours are reduced | 18 months | 18 months | 18 months |
| Your employment terminates for any reason (other than gross misconduct) | 18 months | 18 months | 18 months |
| You or your family member become eligible for Social Security disability benefits at any time within the first 60 days of losing coverage ¹ | 29 months | 29 months | 29 months |
| You die | N/A | 36 months | 36 months |
| You divorce (or legally separate) | N/A | 36 months | 36 months |
| Your child is no longer an eligible family member (e.g., reaches the maximum age limit) | N/A | N/A | 36 months |
| You become entitled to Medicare | N/A | See table below | See table below |

| If Coverage Ends Because of the Following Qualifying Events: | You May Elect COBRA: | | |
|---|----------------------|------------------------|------------------------|
| | For Yourself | For Your Spouse | For Your Child(ren) |
| MSD Washington Township files for bankruptcy under Title 11, United States Code. ² | 36 months | 36 months ³ | 36 months ³ |

¹Subject to the following conditions: (i) notice of the disability must be provided within the latest of 60 days after a). the determination of the disability, b). the date of the qualifying event, c). the date the Qualified Beneficiary would lose coverage under the Plan, and in no event later than the end of the first 18 months; (ii) the Qualified Beneficiary must agree to pay any increase in the required premium for the additional 11 months over the original 18 months; and (iii) if the Qualified Beneficiary entitled to the 11 months of coverage has non-disabled family members who are also Qualified Beneficiaries, then those non-disabled Qualified Beneficiaries are also entitled to the additional 11 months of continuation coverage. Notice of any final determination that the Qualified Beneficiary is no longer disabled must be provided within 30 days of such determination. Thereafter, continuation coverage may be terminated on the first day of the month that begins more than 30 days after the date of that determination.

²This is a qualifying event for any Retired Employee and his or her enrolled Dependents if there is a substantial elimination of coverage within one year before or after the date the bankruptcy was filed.

³From the date of the Employee's death if the Employee dies during the continuation coverage.

How Your Medicare Eligibility Affects Dependent COBRA Coverage

The table below outlines how your Dependents' COBRA coverage is impacted if you become entitled to Medicare.

| If Dependent Coverage Ends When: | You May Elect COBRA Dependent Coverage For Up To: |
|--|---|
| You become entitled to Medicare and don't experience any additional qualifying events | 18 months |
| You become entitled to Medicare, after which you experience a second qualifying event* before the initial 18-month period expires | 36 months |
| You experience a qualifying event*, after which you become entitled to Medicare before the initial 18-month period expires; and, if absent this initial qualifying event, your Medicare entitlement would have resulted in loss of Dependent coverage under the Plan | 36 months |

* Your work hours are reduced or your employment is terminated for reasons other than gross misconduct.

Getting Started

You will be notified by mail if you become eligible for COBRA coverage as a result of a reduction in work hours or termination of employment. The notification will give you instructions for electing COBRA coverage, and advise you of the monthly cost. Your monthly cost is the full cost, including both Employee and Employer costs, plus a 2% administrative fee or other cost as permitted by law.

You will have up to 60 days from the date you receive notification or 60 days from the date your coverage ends to elect COBRA coverage, whichever is later. You will then have an additional 45 days to pay the cost of your COBRA coverage, retroactive to the date your Plan coverage ended.

During the 60-day election period, the Plan will, only in response to a request from a provider, inform that provider of your right to elect COBRA coverage, retroactive to the date your COBRA eligibility began.

While you are a participant in the medical Plan under COBRA, you have the right to change your coverage election:

- during Open Enrollment; and
- following a change in family status, as described under *Changing Your Coverage* in Section 2, *Introduction*.

Notification Requirements

If your covered Dependents lose coverage due to divorce, legal separation, or loss of Dependent status, you or your Dependents must notify the Plan Administrator within 60 days of the latest of:

- the date of the divorce, legal separation or an enrolled Dependent's loss of eligibility as an enrolled Dependent;
- the date your enrolled Dependent would lose coverage under the Plan; or
- the date on which you or your enrolled Dependent are informed of your obligation to provide notice and the procedures for providing such notice.

You or your Dependents must also notify the Plan Administrator when a qualifying event occurs that will extend continuation coverage.

If you or your Dependents fail to notify the Plan Administrator of these events within the 60 day period, the Plan Administrator is not obligated to provide continued coverage to the affected Qualified Beneficiary. If you are continuing coverage under federal law, you must notify the Plan Administrator within 60 days of the birth or adoption of a child.

Once you have notified the Plan Administrator, you will then be notified by mail of your election rights under COBRA.

Notification Requirements for Disability Determination

If you extend your COBRA coverage beyond 18 months because you are eligible for disability benefits from Social Security, you must provide Human Resources with notice of the Social Security Administration's determination within 60 days after you receive that determination, and before the end of your initial 18-month continuation period.

The notice requirements will be satisfied by providing written notice to the Plan Administrator at the address stated in Section 16, *Important Administrative Information*. The contents of the notice must be such that the Plan Administrator is able to determine the covered Employee and qualified beneficiary(ies), the qualifying event or disability, and the date on which the qualifying event occurred.

Trade Act of 2002

The Trade Act of 2002 amended COBRA to provide for a special second 60-day COBRA election period for certain Employees who have experienced a termination or reduction of hours and who lose group health plan coverage as a result. The special second COBRA election period is available only to a very limited group of individuals: generally, those who are receiving trade adjustment assistance (TAA) or 'alternative trade adjustment assistance' under a federal law called the Trade Act of 1974. These Employees are entitled to a second opportunity to elect COBRA coverage for themselves and certain family members (if they did not already elect COBRA coverage), but only within a limited period of 60 days from the first day of the month when an individual begins receiving TAA (or would be eligible to receive TAA but for the requirement that unemployment benefits be exhausted) and only during the six months immediately after their group health plan coverage ended.

If an Employee qualifies or may qualify for assistance under the Trade Act of 1974, he or she should contact the Plan Administrator for additional information. The Employee must contact the Plan Administrator promptly after qualifying for assistance under the Trade Act of 1974 or the Employee will lose his or her special COBRA rights. COBRA coverage elected during the special second election period is not retroactive to the date that Plan coverage was lost, but begins on the first day of the special second election period.

When COBRA Ends

COBRA coverage will end, before the maximum continuation period, on the earliest of the following dates:

- the date, after electing continuation coverage, that coverage is first obtained under any other group health plan;
- the date, after electing continuation coverage, that you or your covered Dependent first becomes entitled to Medicare;
- the date coverage ends for failure to make the first required premium payment (premium is not paid within 45 days);

- the date coverage ends for failure to make any other monthly premium payment (premium is not paid within 30 days of its due date);
- the date the entire Plan ends; or
- the date coverage would otherwise terminate under the Plan as described in the beginning of this section.

Note: If you selected continuation coverage under a prior plan which was then replaced by coverage under this Plan, continuation coverage will end as scheduled under the prior plan or in accordance with the terminating events listed in this section, whichever is earlier.

Uniformed Services Employment and Reemployment Rights Act

An Employee who is absent from employment for more than 30 days by reason of service in the Uniformed Services may elect to continue Plan coverage for the Employee and the Employee's Dependents in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended (USERRA).

The terms "Uniformed Services" or "Military Service" mean the Armed Forces, the Army National Guard and the Air National Guard when engaged in active duty for training, inactive duty training, or full-time National Guard duty, the commissioned corps of the Public Health Service, and any other category of persons designated by the President in time of war or national emergency.

If qualified to continue coverage pursuant to the USERRA, Employees may elect to continue coverage under the Plan by notifying the Plan Administrator in advance, and providing payment of any required contribution for the health coverage. This may include the amount the Plan Administrator normally pays on an Employee's behalf. If an Employee's Military Service is for a period of time less than 31 days, the Employee may not be required to pay more than the regular contribution amount, if any, for continuation of health coverage.

An Employee may continue Plan coverage under USERRA for up to the lesser of:

- the 24 month period beginning on the date of the Employee's absence from work; or
- the day after the date on which the Employee fails to apply for, or return to, a position of employment.

Regardless of whether an Employee continues health coverage, if the Employee returns to a position of employment, the Employee's health coverage and that of the Employee's eligible Dependents will be reinstated under the Plan. No exclusions or waiting period may be imposed on an Employee or the Employee's eligible Dependents in connection with this reinstatement, unless a Sickness or Injury is determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, the performance of military service.

You should call the Plan Administrator if you have questions about your rights to continue health coverage under USERRA.

SECTION 13 - OTHER IMPORTANT INFORMATION

What this section includes:

- Court-ordered Benefits for Dependent children;
- Your relationship with UnitedHealthcare and MSD Washington Township;
- Relationships with providers;
- Interpretation of Benefits;
- Information and records;
- Incentives to providers and you;
- The future of the Plan; and
- How to access the official Plan documents.

Qualified Medical Child Support Orders (QMCSOs)

A qualified medical child support order (QMCSO) is a judgment, decree or order issued by a court or appropriate state agency that requires a child to be covered for medical benefits. Generally, a QMCSO is issued as part of a paternity, divorce, or other child support settlement.

If the Plan receives a medical child support order for your child that instructs the Plan to cover the child, the Plan Administrator will review it to determine if it meets the requirements for a QMCSO. If it determines that it does, your child will be enrolled in the Plan as your Dependent, and the Plan will be required to pay Benefits as directed by the order.

You may obtain, without charge, a copy of the procedures governing QMCSOs from the Plan Administrator.

Note: A National Medical Support Notice will be recognized as a QMCSO if it meets the requirements of a QMCSO.

Your Relationship with UnitedHealthcare and MSD Washington Township

In order to make choices about your health care coverage and treatment, MSD Washington Township believes that it is important for you to understand how UnitedHealthcare interacts with the Plan Sponsor's benefit Plan and how it may affect you. UnitedHealthcare helps administer the Plan Sponsor's benefit plan in which you are enrolled. UnitedHealthcare does not provide medical services or make treatment decisions. This means:

- UnitedHealthcare communicates to you decisions about whether the Plan will cover or pay for the health care that you may receive (the Plan pays for Covered Health Services, which are more fully described in this SPD); and
- the Plan may not pay for all treatments you or your Physician may believe are necessary. If the Plan does not pay, you will be responsible for the cost.

MSD Washington Township and UnitedHealthcare may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. MSD Washington Township and UnitedHealthcare will use individually identifiable information about you as permitted or required by law, including in operations and in research. MSD Washington Township and UnitedHealthcare will use de-identified data for commercial purposes including research.

Relationship with Providers

The relationships between MSD Washington Township, UnitedHealthcare and Network providers are solely contractual relationships between independent contractors. Network providers are not MSD Washington Township's agents or employees, nor are they agents or employees of UnitedHealthcare. MSD Washington Township and any of its employees are not agents or employees of Network providers, nor are UnitedHealthcare and any of its employees agents or employees of Network providers.

MSD Washington Township and UnitedHealthcare do not provide health care services or supplies, nor do they practice medicine. Instead, MSD Washington Township and UnitedHealthcare arranges for health care providers to participate in a Network and pay Benefits. Network providers are independent practitioners who run their own offices and facilities. UnitedHealthcare's credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided. They are not MSD Washington Township's employees nor are they employees of UnitedHealthcare. MSD Washington Township and UnitedHealthcare do not have any other relationship with Network providers such as principal-agent or joint venture. MSD Washington Township and UnitedHealthcare are not liable for any act or omission of any provider.

UnitedHealthcare is not considered to be an employer of the Plan Administrator for any purpose with respect to the administration or provision of benefits under this Plan.

MSD Washington Township is solely responsible for:

- enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage);
- the timely payment of the service fee to UnitedHealthcare;
- the funding of Benefits on a timely basis; and
- notifying you of the termination or modifications to the Plan.

Your Relationship with Providers

The relationship between you and any provider is that of provider and patient. You:

- are responsible for choosing your own provider;
- are responsible for paying, directly to your provider, any amount identified as a member responsibility, including Coinsurance, any deductible and any amount that exceeds Eligible Expenses;

- are responsible for paying, directly to your provider, the cost of any non-Covered Health Service;
- must decide if any provider treating you is right for you (this includes Network providers you choose and providers to whom you have been referred); and
- must decide with your provider what care you should receive.

Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and MSD Washington Township is that of employer and employee, Dependent or other classification as defined in this SPD.

Interpretation of Benefits

MSD Washington Township and UnitedHealthcare have the sole and exclusive discretion to:

- interpret Benefits under the Plan;
- interpret the other terms, conditions, limitations and exclusions of the Plan, including this SPD and any Summary of Material Modifications and/or Amendments; and
- make factual determinations related to the Plan and its Benefits.

MSD Washington Township and UnitedHealthcare may delegate this discretionary authority to other persons or entities that provide services in regard to the administration of the Plan.

In certain circumstances, for purposes of overall cost savings or efficiency, MSD Washington Township may, in its discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that MSD Washington Township does so in any particular case shall not in any way be deemed to require MSD Washington Township to do so in other similar cases.

Information and Records

MSD Washington Township and UnitedHealthcare may use your individually identifiable health information to administer the Plan and pay claims, to identify procedures, products, or services that you may find valuable, and as otherwise permitted or required by law. MSD Washington Township and UnitedHealthcare may request additional information from you to decide your claim for Benefits. MSD Washington Township and UnitedHealthcare will keep this information confidential. MSD Washington Township and UnitedHealthcare may also use your de-identified data for commercial purposes, including research, as permitted by law.

By accepting Benefits under the Plan, you authorize and direct any person or institution that has provided services to you to furnish MSD Washington Township and UnitedHealthcare with all information or copies of records relating to the services provided to you. MSD Washington Township and UnitedHealthcare have the right to request this information at any reasonable time. This applies to all Covered Persons, including enrolled Dependents whether or not they have signed the Employee's enrollment form. MSD Washington

Township and UnitedHealthcare agree that such information and records will be considered confidential.

MSD Washington Township and UnitedHealthcare have the right to release any and all records concerning health care services which are necessary to implement and administer the terms of the Plan, for appropriate medical review or quality assessment, or as MSD Washington Township is required to do by law or regulation. During and after the term of the Plan, MSD Washington Township and UnitedHealthcare and its related entities may use and transfer the information gathered under the Plan in a de-identified format for commercial purposes, including research and analytic purposes.

For complete listings of your medical records or billing statements MSD Washington Township recommends that you contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from UnitedHealthcare, they also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, MSD Washington Township and UnitedHealthcare will designate other persons or entities to request records or information from or related to you, and to release those records as necessary. UnitedHealthcare's designees have the same rights to this information as does the Plan Administrator.

Incentives to Providers

Network providers may be provided financial incentives by UnitedHealthcare to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- bonuses for performance based on factors that may include quality, member satisfaction, and/or cost-effectiveness; or
- a practice called capitation which is when a group of Network providers receives a monthly payment from UnitedHealthcare for each Covered Person who selects a Network provider within the group to perform or coordinate certain health services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.

If you have any questions regarding financial incentives you may contact the telephone number on your ID card. You can ask whether your Network provider is paid by any financial incentive, including those listed above; however, the specific terms of the contract, including rates of payment, are confidential and cannot be disclosed. In addition, you may choose to discuss these financial incentives with your Network provider.

Incentives to You

Sometimes you may be offered coupons or other incentives to encourage you to participate in various wellness programs or certain disease management programs. The decision about whether or not to participate is yours alone but MSD Washington Township recommends that you discuss participating in such programs with your Physician. These incentives are not Benefits and do not alter or affect your Benefits. You may call the number on the back of your ID card if you have any questions.

Rebates and Other Payments

MSD Washington Township and UnitedHealthcare may receive rebates for certain drugs that are administered to you in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet your Annual Deductible. MSD Washington Township and UnitedHealthcare do not pass these rebates on to you, nor are they applied to your Annual Deductible or taken into account in determining your Coinsurance.

Workers' Compensation Not Affected

Benefits provided under the Plan do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

Future of the Plan

Although the Employer expects to continue the Plan indefinitely, it reserves the right to discontinue, alter or modify the Plan in whole or in part, at any time and for any reason, at its sole determination.

The Employer's decision to terminate or amend a Plan may be due to changes in federal or state laws governing employee benefits, the requirements of the *Internal Revenue Code*, or any other reason. A plan change may transfer plan assets and debts to another plan or split a plan into two or more parts. If the Employer does change or terminate a plan, it may decide to set up a different plan providing similar or different benefits.

If this Plan is terminated, Covered Persons will not have the right to any other Benefits from the Plan, other than for those claims incurred prior to the date of termination, or as otherwise provided under the Plan. In addition, if the Plan is amended, Covered Persons may be subject to altered coverage and Benefits.

The amount and form of any final benefit you receive will depend on any Plan document or contract provisions affecting the Plan and Employer decisions. After all Benefits have been paid and other requirements of the law have been met, certain remaining Plan assets will be turned over to the Employer and others as may be required by any applicable law.

Plan Document

This Summary Plan Description (SPD) represents an overview of your Benefits. In the event there is a discrepancy between the SPD and the official plan document, the plan document will govern. A copy of the plan document is available for your inspection during regular business hours in the office of the Plan Administrator. You (or your personal representative) may obtain a copy of this document by written request to the Plan Administrator, for a nominal charge.

SECTION 14 - GLOSSARY

What this section includes:

- Definitions of terms used throughout this SPD.

Many of the terms used throughout this SPD may be unfamiliar to you or have a specific meaning with regard to the way the Plan is administered and how Benefits are paid. This section defines terms used throughout this SPD, but it does not describe the Benefits provided by the Plan.

Addendum – any attached written description of additional or revised provisions to the Plan. The benefits and exclusions of this SPD and any amendments thereto shall apply to the Addendum except that in the case of any conflict between the Addendum and SPD and/or Amendments to the SPD, the Addendum shall be controlling.

Alternate Facility – a health care facility that is not a Hospital and that provides one or more of the following services on an outpatient basis, as permitted by law:

- surgical services;
- Emergency Health Services; or
- rehabilitative, laboratory, diagnostic or therapeutic services.

An Alternate Facility may also provide Mental Health or Substance-Related and Addictive Disorders Services on an outpatient basis or inpatient basis (for example a Residential Treatment Facility).

Amendment – any attached written description of additional or alternative provisions to the Plan. Amendments are effective only when distributed by the Plan Sponsor or the Plan Administrator. Amendments are subject to all conditions, limitations and exclusions of the Plan, except for those that the amendment is specifically changing.

Annual Deductible (or Deductible) – the amount you must pay for Covered Health Services in a calendar year before the Plan will begin paying Benefits in that calendar year. The Deductible is shown in the first table in Section 5, *Plan Highlights*.

Autism Spectrum Disorders - a condition marked by enduring problems communicating and interacting with others, along with restricted and repetitive behavior, interests or activities.

Benefits – Plan payments for Covered Health Services, subject to the terms and conditions of the Plan and any Addendums and/or Amendments.

Cancer Resource Services (CRS) – a program administered by UnitedHealthcare or its affiliates made available to you by MSD Washington Township. The CRS program provides:

- specialized consulting services, on a limited basis, to Employees and enrolled Dependents with cancer;

- access to cancer centers with expertise in treating the most rare or complex cancers; and
- education to help patients understand their cancer and make informed decisions about their care and course of treatment.

Care CoordinationSM – programs provided by UnitedHealthcare that focus on prevention, education, and closing the gaps in care designed to encourage an efficient system of care for you and your covered Dependents.

CHD – see Congenital Heart Disease (CHD).

Claims Administrator – UnitedHealthcare (also known as United HealthCare Services, Inc.) and its affiliates, who provide certain claim administration services for the Plan.

Clinical Trial – a scientific study designed to identify new health services that improve health outcomes. In a Clinical Trial, two or more treatments are compared to each other and the patient is not allowed to choose which treatment will be received.

COBRA – see Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA).

Coinsurance – the percentage of Eligible Expenses you are required to pay for certain Covered Health Services as described in Section 3, *How the Plan Works*.

Complications of Pregnancy – a condition suffered by a Dependent child that requires medical treatment before or after Pregnancy ends.

Congenital Anomaly – a physical developmental defect that is present at birth and is identified within the first twelve months of birth.

Congenital Heart Disease (CHD) – any structural heart problem or abnormality that has been present since birth. Congenital heart defects may:

- be passed from a parent to a child (inherited);
- develop in the fetus of a woman who has an infection or is exposed to radiation or other toxic substances during her Pregnancy; or
- have no known cause.

Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) – a federal law that requires employers to offer continued health insurance coverage to certain employees and their dependents whose group health insurance has been terminated.

Cosmetic Procedures – procedures or services that change or improve appearance without significantly improving physiological function, as determined by the Claims Administrator. Reshaping a nose with a prominent bump is a good example of a Cosmetic Procedure because appearance would be improved, but there would be no improvement in function like breathing.

Cost-Effective – the least expensive equipment that performs the necessary function. This term applies to Durable Medical Equipment and prosthetic devices.

Covered Health Services – those health services, including services, supplies or Pharmaceutical Products, which UnitedHealthcare determines to be:

- Medically Necessary;
- included in Sections 5 and 6, *Plan Highlights* and *Additional Coverage Details* described as a Covered Health Service;
- provided to a Covered Person who meets the Plan's eligibility requirements, as described under *Eligibility* in Section 2, *Introduction*; and
- not identified in Section 8, *Exclusions*.

Covered Person – either the Employee or an enrolled Dependent only while enrolled and eligible for Benefits under the Plan. References to "you" and "your" throughout this SPD are references to a Covered Person.

CRS – see Cancer Resource Services (CRS).

Custodial Care – services that do not require special skills or training and that:

- provide assistance in activities of daily living (including but not limited to feeding, dressing, bathing, ostomy care, incontinence care, checking of routine vital signs, transferring and ambulating);
- are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence; or
- do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

Deductible – see Annual Deductible.

Dependent – an individual who meets the eligibility requirements specified in the Plan, as described under *Eligibility* in Section 2, *Introduction*. A Dependent does not include anyone who is also enrolled as an Employee. No one can be a Dependent of more than one Employee.

Designated Facility – a facility that has entered into an agreement with the Claims Administrator or with an organization contracting on behalf of the Plan, to provide Covered Health Services for the treatment of specified diseases or conditions. A Designated Facility may or may not be located within your geographic area.

To be considered a Designated Facility, a facility must meet certain standards of excellence and have a proven track record of treating specified conditions.

Designated Virtual Network Provider - a provider or facility that has entered into an agreement with UnitedHealthcare, or with an organization contracting on UnitedHealthcare's behalf, to deliver Covered Health Services via interactive audio and video modalities.

DME – see Durable Medical Equipment (DME).

Durable Medical Equipment (DME) – medical equipment that is all of the following:

- used to serve a medical purpose with respect to treatment of a Sickness, Injury or their symptoms;
- not disposable;
- not of use to a person in the absence of a Sickness, Injury or their symptoms;
- durable enough to withstand repeated use;
- not implantable within the body; and
- appropriate for use, and primarily used, within the home.

Eligible Expenses – for Covered Health Services, incurred while the Plan is in effect, Eligible Expenses are determined by the Claims Administrator as stated below and as detailed in Section 3, *How the Plan Works*.

Eligible Expenses are determined solely in accordance with the Claims Administrator's reimbursement policy guidelines. The Claims Administrator develops the reimbursement policy guidelines, in the Claims Administrator's discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- as indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association, and/or the Centers for Medicare and Medicaid Services (CMS);
- as reported by generally recognized professionals or publications;
- as used for Medicare; or
- as determined by medical staff and outside medical consultants pursuant to other appropriate source or determination that the Claims Administrator accepts.

Emergency – a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) so that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in any of the following:

- Placing the health of the Covered Person (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy.
- Serious impairment to bodily functions.
- Serious dysfunction of any bodily organ or part.

Emergency Health Services – with respect to an Emergency, both of the following:

- A medical screening examination (as required under section 1867 of the *Social Security Act*, 42 U.S.C. 1395dd) that is within the capability of the emergency department of a Hospital, including ancillary services routinely available to the emergency department to evaluate such Emergency.
- Such further medical examination and treatment, to the extent they are within the capabilities of the staff and facilities available at the Hospital, as are required under section 1867 of the *Social Security Act* (42 U.S.C. 1395dd(e)(3)).

Employee – a full-time Employee of the Employer who meets the eligibility requirements specified in the Plan, as described under *Eligibility* in Section 2, *Introduction*. An Employee must live and/or work in the United States.

Employer – MSD Washington Township.

EOB – see Explanation of Benefits (EOB).

Experimental or Investigational Services – medical, surgical, diagnostic, psychiatric, mental health, substance-related and addictive disorders or other health care services, technologies, supplies, treatments, procedures, drug therapies, medications or devices that, at the time the Claims Administrator and MSD Washington Township make a determination regarding coverage in a particular case, are determined to be any of the following:

- Not approved by the *U.S. Food and Drug Administration (FDA)* to be lawfully marketed for the proposed use and not identified in the *American Hospital Formulary Service* or the *United States Pharmacopoeia Dispensing Information* as appropriate for the proposed use.
- Subject to review and approval by any institutional review board for the proposed use (Devices which are *FDA* approved under the *Humanitarian Use Device* exemption are not considered to be Experimental or Investigational.)
- The subject of an ongoing Clinical Trial that meets the definition of a Phase I, II or III Clinical Trial set forth in the *FDA* regulations, regardless of whether the trial is actually subject to *FDA* oversight.

Exceptions:

- Clinical Trials for which Benefits are available as described under *Clinical Trials* in Section 6, *Additional Coverage Details*.
- If you are not a participant in a qualifying Clinical Trial as described under Section 6, *Additional Coverage Details*, and have a Sickness or condition that is likely to cause death within one year of the request for treatment, the Claims Administrator and MSD Washington Township may, at their discretion, consider an otherwise Experimental or Investigational Service to be a Covered Health Service for that Sickness or condition. Prior to such consideration, the Claims Administrator and MSD Washington Township must determine that, although unproven, the service has significant potential as an effective treatment for that Sickness or condition.

Explanation of Benefits (EOB) – a statement provided by UnitedHealthcare to you, your Physician, or another health care professional that explains:

- the Benefits provided (if any);
- the allowable reimbursement amounts;
- Deductibles;
- Coinsurance;
- any other reductions taken;
- the net amount paid by the Plan; and
- the reason(s) why the service or supply was not covered by the Plan.

Genetic Testing - examination of blood or other tissue for chromosomal and DNA abnormalities and alterations, or other expressions of gene abnormalities that may indicate an increased risk for developing a specific disease or disorder.

Health Statement(s) – a single, integrated statement that summarizes EOB information by providing detailed content on account balances and claim activity.

Home Health Agency – a program or organization authorized by law to provide health care services in the home.

Hospital – an institution, operated as required by law, which is:

- primarily engaged in providing health services, on an inpatient basis, for the acute care and treatment of sick or injured individuals. Care is provided through medical, mental health, substance-related and addictive disorders, diagnostic and surgical facilities, by or under the supervision of a staff of Physicians; and
- has 24 hour nursing services.

A Hospital is not primarily a place for rest, Custodial Care or care of the aged and is not a Skilled Nursing Facility, convalescent home or similar institution.

Injury – bodily damage other than Sickness, including all related conditions and recurrent symptoms.

Inpatient Rehabilitation Facility – a long term acute rehabilitation center, a Hospital (or a special unit of a Hospital designated as an Inpatient Rehabilitation Facility) that provides rehabilitation services (including physical therapy, occupational therapy and/or speech therapy) on an inpatient basis, as authorized by law.

Inpatient Stay – an uninterrupted confinement, following formal admission to a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility.

Intensive Behavioral Therapy (IBT) – outpatient behavioral/educational services that aim to reinforce adaptive behaviors, reduce maladaptive behaviors and improve the mastery of

functional age appropriate skills in people with Autism Spectrum Disorders. Examples include *Applied Behavior Analysis (ABA)*, *The Denver Model*, and *Relationship Development Intervention (RDI)*.

Intensive Outpatient Treatment - a structured outpatient mental health or substance-related and addictive disorders treatment program that may be free-standing or Hospital-based and provides services for at least three hours per day, two or more days per week.

Intermittent Care – skilled nursing care that is provided or needed either:

- fewer than seven days each week; or
- fewer than eight hours each day for periods of 21 days or less.

Exceptions may be made in special circumstances when the need for additional care is finite and predictable.

Kidney Resource Services (KRS) – a program administered by UnitedHealthcare or its affiliates made available to you by MSD Washington Township. The KRS program provides:

- specialized consulting services to Employees and enrolled Dependents with ESRD or chronic kidney disease;
- access to dialysis centers with expertise in treating kidney disease; and
- guidance for the patient on the prescribed plan of care.

Manipulative Treatment – the therapeutic application of chiropractic and/or manipulative treatment with or without ancillary physiologic treatment and/or rehabilitative methods rendered to restore/improve motion, reduce pain and improve function in the management of an identifiable neuromusculoskeletal condition.

Medicaid – a federal program administered and operated individually by participating state and territorial governments that provides medical benefits to eligible low-income people needing health care. The federal and state governments share the program's costs.

Medically Necessary – health care services provided for the purpose of preventing, evaluating, diagnosing or treating a Sickness, Injury, Mental Illness, substance-related and addictive disorders, condition, disease or its symptoms, that are all of the following as determined by the Claims Administrator or its designee, within the Claims Administrator's sole discretion.

- in accordance with Generally Accepted Standards of Medical Practice;
- clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for your Sickness, Injury, Mental Illness, substance-related and addictive disorders disease or its symptoms;
- not mainly for your convenience or that of your doctor or other health care provider; and

- not more costly than an alternative drug, service(s) or supply that is at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of your Sickness, Injury, disease or symptoms.

Generally Accepted Standards of Medical Practice are standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, relying primarily on controlled clinical trials, or, if not available, observational studies from more than one institution that suggest a causal relationship between the service or treatment and health outcomes.

If no credible scientific evidence is available, then standards that are based on Physician specialty society recommendations or professional standards of care may be considered. The Claims Administrator reserves the right to consult expert opinion in determining whether health care services are Medically Necessary. The decision to apply Physician specialty society recommendations, the choice of expert and the determination of when to use any such expert opinion, shall be within the Claims Administrator's sole discretion.

The Claims Administrator develops and maintains clinical policies that describe the *Generally Accepted Standards of Medical Practice* scientific evidence, prevailing medical standards and clinical guidelines supporting its determinations regarding specific services. These clinical policies (as developed by the Claims Administrator and revised from time to time), are available to Covered Persons on www.myuhc.com or by calling the number on your ID card, and to Physicians and other health care professionals on www.unitedhealthcareonline.com.

Medicare – Parts A, B, C and D of the insurance program established by Title XVIII, United States Social Security Act, as amended by 42 U.S.C. Sections 1394, et seq. and as later amended.

Mental Health Services – Covered Health Services for the diagnosis and treatment of Mental Illnesses. The fact that a condition is listed in the current *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment for the condition is a Covered Health Service.

Mental Health/Substance-Related and Addictive Disorders Services Administrator – the organization or individual designated by MSD Washington Township who provides or arranges Mental Health and Substance-Related and Addictive Disorders Services under the Plan.

Mental Illness – mental health or psychiatric diagnostic categories listed in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*, unless they are listed in Section 8, *Exclusions*.

Network – when used to describe a provider of health care services, this means a provider that has a participation agreement in effect (either directly or indirectly) with the Claims Administrator or with its affiliate to participate in the Network; however, this does not include those providers who have agreed to discount their charges for Covered Health Services by way of their participation in the Shared Savings Program. The Claims

Administrator's affiliates are those entities affiliated with the Claims Administrator through common ownership or control with the Claims Administrator or with the Claims Administrator's ultimate corporate parent, including direct and indirect subsidiaries.

A provider may enter into an agreement to provide only certain Covered Health Services, but not all Covered Health Services, or to be a Network provider for only some products. In this case, the provider will be a Network provider for the Covered Health Services and products included in the participation agreement, and a non-Network provider for other Covered Health Services and products. The participation status of providers will change from time to time.

Network Benefits - description of how Benefits are paid for Covered Health Services provided by Network providers. Refer to Section 5, *Plan Highlights* for details about how Network Benefits apply.

Non-Network Benefits - description of how Benefits are paid for Covered Health Services provided by non-Network providers. Refer to Section 5, *Plan Highlights* for details about how Non-Network Benefits apply.

Open Enrollment – the period of time, determined by MSD Washington Township, during which eligible Employees may enroll themselves and their Dependents under the Plan. MSD Washington Township determines the period of time that is the Open Enrollment period.

Out-of-Pocket Maximum – the maximum amount you pay every calendar year. Refer to Section 5, *Plan Highlights* for the Out-of-Pocket Maximum amount. See Section 3, *How the Plan Works* for a description of how the Out-of-Pocket Maximum works.

Partial Hospitalization/Day Treatment – a structured ambulatory program that may be a free-standing or Hospital-based program and that provides services for at least 20 hours per week.

Pharmaceutical Products – U.S. Food and Drug Administration (FDA)-approved prescription pharmaceutical products administered in connection with a Covered Health Service by a Physician or other health care provider within the scope of the provider's license, and not otherwise excluded under the Plan.

Physician – any Doctor of Medicine or Doctor of Osteopathy who is properly licensed and qualified by law.

Please note: Any podiatrist, dentist, psychologist, chiropractor, optometrist or other provider who acts within the scope of his or her license will be considered on the same basis as a Physician. The fact that a provider is described as a Physician does not mean that Benefits for services from that provider are available to you under the Plan.

Plan – The MSD Washington Township Medical Plan.

Plan Administrator – MSD Washington Township or its designee.

Plan Sponsor – MSD Washington Township.

Pregnancy – includes prenatal care, postnatal care, childbirth, and any complications associated with the above.

Primary Physician – a Physician who has a majority of his or her practice in general pediatrics, internal medicine, obstetrics/gynecology, family practice or general medicine.

Private Duty Nursing – nursing care that is provided to a patient on a one-to-one basis by licensed nurses in an inpatient or a home setting when any of the following are true:

- no skilled services are identified;
- skilled nursing resources are available in the facility;
- the skilled care can be provided by a Home Health Agency on a per visit basis for a specific purpose; or
- the service is provided to a Covered Person by an independent nurse who is hired directly by the Covered Person or his/her family. This includes nursing services provided on an inpatient or a home-care basis, whether the service is skilled or non-skilled independent nursing.

Reconstructive Procedure – a procedure performed to address a physical impairment where the expected outcome is restored or improved function. The primary purpose of a Reconstructive Procedure is either to treat a medical condition or to improve or restore physiologic function. Reconstructive Procedures include surgery or other procedures which are associated with an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not changed or improved physical appearance. The fact that a person may suffer psychologically as a result of the impairment does not classify surgery or any other procedure done to relieve the impairment as a Reconstructive Procedure.

Residential Treatment – treatment in a facility which provides Mental Health Services or Substance-Related and Addictive Disorders Services treatment. The facility meets all of the following requirements:

- it is established and operated in accordance with applicable state law for Residential Treatment programs;
- it provides a program of treatment under the active participation and direction of a Physician and approved by the Mental Health/Substance-Related and Addictive Disorders Administrator;
- it has or maintains a written, specific and detailed treatment program requiring full-time residence and full-time participation by the patient; and
- it provides at least the following basic services in a 24-hour per day, structured milieu:
 - room and board;
 - evaluation and diagnosis;
 - counseling; and
 - referral and orientation to specialized community resources.

A Residential Treatment facility that qualifies as a Hospital is considered a Hospital.

Retired Employee – an Employee who retires while covered under the Plan.

Semi-private Room - a room with two or more beds. When an Inpatient Stay in a Semi-private Room is a Covered Health Service, the difference in cost between a Semi-private Room and a private room is a benefit only when a private room is necessary in terms of generally accepted medical practice, or when a Semi-private Room is not available.

Shared Savings Program - the Shared Savings Program provides access to discounts from non-Network Physicians who participate in that program. UnitedHealthcare will use the Shared Savings Program to pay claims when doing so will lower Eligible Expenses. While UnitedHealthcare might negotiate lower Eligible Expenses for Non-Network Benefits, the Coinsurance will stay the same as described in Section 5, *Plan Highlights*.

UnitedHealthcare does not credential the Shared Savings Program providers and the Shared Savings Program providers are not Network providers. Accordingly, in benefit plans that have both Network and non-Network levels of Benefits, Benefits for Covered Health Services provided by Shared Savings Program providers will be paid at the non-Network Benefit level (except in situations when Benefits for Covered Health Services provided by non-Network providers are payable at Network Benefit levels, as in the case of Emergency Health Services). When UnitedHealthcare uses the Shared Savings Program to pay a claim, the patient responsibility is limited to Coinsurance calculated on the contracted rate paid to the provider, in addition to any required Annual Deductible.

Sickness – physical illness, disease or Pregnancy. The term Sickness as used in this SPD includes Mental Illness or substance-related and addictive disorders, regardless of the cause or origin of the Mental Illness or substance-related and addictive disorder.

Skilled Care – skilled nursing, teaching, and rehabilitation services when:

- they are delivered or supervised by licensed technical or professional medical personnel in order to obtain the specified medical outcome and provide for the safety of the patient;
- a Physician orders them;
- they are not delivered for the purpose of assisting with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair;
- they require clinical training in order to be delivered safely and effectively; and
- they are not Custodial Care, as defined in this section.

Skilled Nursing Facility – a nursing facility that is licensed and operated as required by law. A Skilled Nursing Facility that is part of a Hospital is considered a Skilled Nursing Facility for purposes of the Plan.

Specialist Physician - a Physician who has a majority of his or her practice in areas other than general pediatrics, internal medicine, obstetrics/gynecology, family practice or general medicine.

Spouse – an individual to whom you are legally married.

Substance-Related and Addictive Disorders Services - Covered Health Services for the diagnosis and treatment of alcoholism and substance-related and addictive disorders that are listed in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*, unless those services are specifically excluded. The fact that a disorder is listed in the *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Health Service.

Total Disability – an Employee's inability to perform all substantial job duties because of physical or mental impairment, or a Dependent's or retired person's inability to perform the normal activities of a person of like age and gender.

Transitional Living – Mental Health Services/Substance-Related and Addictive Disorders Services that are provided through facilities, group homes and supervised apartments that provide 24-hour supervision that are either:

- sober living arrangements such as drug-free housing, alcohol/drug halfway houses. These are transitional, supervised living arrangements that provide stable and safe housing, an alcohol/drug-free environment and support for recovery. A sober living arrangement may be utilized as an adjunct to ambulatory treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery; or
- supervised living arrangements which are residences such as facilities, group homes and supervised apartments that provide members with stable and safe housing and the opportunity to learn how to manage their activities of daily living. Supervised living arrangements may be utilized as an adjunct to treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

UnitedHealth Premium ProgramSM – a program that identifies Network Physicians or facilities that have been designated as a UnitedHealth Premium ProgramSM Physician or facility for certain medical conditions.

To be designated as a UnitedHealth PremiumSM provider, Physicians and facilities must meet program criteria. The fact that a Physician or facility is a Network Physician or facility does not mean that it is a UnitedHealth Premium ProgramSM Physician or facility.

Unproven Services – health services, including medications that are determined not to be effective for treatment of the medical condition and/or not to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature:

- Well-conducted randomized controlled trials are two or more treatments compared to each other, with the patient not being allowed to choose which treatment is received.
- Well-conducted cohort studies from more than one institution are studies in which patients who receive study treatment are compared to a group of patients who receive

standard therapy. The comparison group must be nearly identical to the study treatment group.

UnitedHealthcare has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time to time, UnitedHealthcare issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at www.myuhc.com.

Please note:

- If you have a life threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment), UnitedHealthcare and MSD Washington Township may, at their discretion, consider an otherwise Unproven Service to be a Covered Health Service for that Sickness or condition. Prior to such a consideration, UnitedHealthcare and MSD Washington Township must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or condition.
- UnitedHealthcare and MSD Washington Township may, in their discretion, consider an otherwise Unproven Service to be a Covered Health Service for a Covered Person with a Sickness or Injury that is not life-threatening. For that to occur, all of the following conditions must be met:
 - If the service is one that requires review by the *U.S. Food and Drug Administration* (FDA), it must be FDA-approved.
 - It must be performed by a Physician and in a facility with demonstrated experience and expertise.
 - The Covered Person must consent to the procedure acknowledging that UnitedHealthcare and MSD Washington Township do not believe that sufficient clinical evidence has been published in peer-reviewed medical literature to conclude that the service is safe and/or effective.
 - At least two studies from more than one institution must be available in published peer-reviewed medical literature that would allow UnitedHealthcare and MSD Washington Township to conclude that the service is promising but unproven.
 - The service must be available from a Network Physician and/or a Network facility.

The decision about whether such a service can be deemed a Covered Health Service is solely at UnitedHealthcare and MSD Washington Township's discretion. Other apparently similar promising but unproven services may not qualify.

Urgent Care – care that requires prompt attention to avoid adverse consequences, but does not pose an immediate threat to a person’s life. Urgent care is usually delivered in a walk-in setting and without an appointment. Urgent care facilities are a location, distinct from a hospital emergency department, an office or a clinic. The purpose is to diagnose and treat illness or injury for unscheduled, ambulatory patients seeking immediate medical attention.

Urgent Care Center – a facility that provides Covered Health Services that are required to prevent serious deterioration of your health, and that are required as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.

SECTION 16 - IMPORTANT ADMINISTRATIVE INFORMATION

What this section includes:

- Plan administrative information.

This section includes information on the administration of the medical Plan. While you may not need this information for your day-to-day participation, it is information you may find important.

Additional Plan Description

Claims Administrator: The Employer which provides certain administrative services for the Plan Benefits described in this Summary Plan Description.

United HealthCare Services, Inc.
9900 Bren Road East
Minnetonka, MN 55343

The Claims Administrator shall not be deemed or construed as an employer for any purpose with respect to the administration or provision of benefits under the Plan Sponsor's Plan. The Claims Administrator shall not be responsible for fulfilling any duties or obligations of an employer with respect to the Plan Sponsor's Plan.

Type of Administration of the Plan: The Plan Sponsor provides certain administrative services in connection with its Plan. The Plan Sponsor may, from time to time in its sole discretion, contract with outside parties to arrange for the provision of other administrative services including arrangement of access to a Network Provider; claims processing services, including coordination of benefits and subrogation; utilization management and complaint resolution assistance. This external administrator is referred to as the Claims Administrator. For Benefits as described in this Summary Plan Description, the Plan Sponsor also has selected a provider network established by United HealthCare Insurance Employer. The named fiduciary of Plan is MSD Washington Township, the Plan Sponsor.

The Plan Sponsor retains all fiduciary responsibilities with respect to the Plan except to the extent the Plan Sponsor has delegated or allocated to other persons or entities one or more fiduciary responsibility with respect to the Plan.

ATTACHMENT I - HEALTH CARE REFORM NOTICES

Patient Protection and Affordable Care Act ("PPACA")

Patient Protection Notices

The Claims Administrator generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in the Claims Administrator's network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact the Claims Administrator at the number on the back of your ID card.

For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from the Claims Administrator or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in the Claims Administrator's network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the Claims Administrator at the number on the back of your ID card.

ATTACHMENT II: LEGAL NOTICES

Women's Health and Cancer Rights Act of 1998

As required by the Women's Health and Cancer Rights Act of 1998, we provide Benefits under the Plan for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Services (including Copayments and any Annual Deductible) are the same as are required for any other Covered Health Service. Limitations on Benefits are the same as for any other Covered Health Service.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under Federal law, group health Plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the Plan or issuer may pay for a shorter stay if the attending provider (*e.g.*, your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your issuer.

ATTACHMENT III– HEALTH SAVINGS ACCOUNT

What this attachment includes:

- About Health Savings Accounts;
- Who is eligible and how to enroll;
- Contributions;
- Additional medical expense coverage available with your Health Savings Account;
- Using the HSA for Non-Qualified Expenses; and
- Rolling over funds in your HSA.

Introduction

This attachment to the Summary Plan Description (SPD) describes some key features of the Health Savings Account (HSA) that you could establish to complement the Choice Plus HSA, which is a high deductible medical plan. In particular, and except as otherwise indicated, this attachment will address the Health Savings Account, and not the high deductible health plan that is associated with the “HSA”.

MSD Washington Township has entered into an agreement with United HealthCare Services Inc., Hartford, CT, ("UnitedHealthcare") under which UnitedHealthcare will provide certain administrative services to the Plan.

UnitedHealthcare does not insure the benefits described in this attachment. Further, note that it is the Plan’s intention to comply with Department of Labor guidance set forth in Field Assistance Bulletin No. 2004-1, which specifies that an HSA is not an ERISA plan if certain requirements are satisfied.

The HSA described in this section is not an arrangement that is established and maintained by MSD Washington Township. Rather, the HSA is established and maintained by the HSA trustee. However, for administrative convenience, a description of the HSA is provided in this section.

About Health Savings Accounts

You gain choice and control over your health care decisions and expenditures when you establish your HSA to complement the high deductible medical plan described in the SPD.

An HSA is an account funded by you, your employer, or any other person on your behalf. The HSA can help you to cover, on a tax free basis, medical plan expenses that require you to pay out-of-pocket, such as Deductibles or Coinsurance. It may even be used to pay for, among other things, certain medical expenses not covered under the medical plan design. Amounts may be distributed from the HSA to pay non-medical expenses, however, these amounts are subject to income tax and may be subject to 20 percent penalty.

You have three tools you can use to meet your health care needs:

- Choice Plus HSA, a high deductible medical plan which is discussed in your Summary Plan Description;
- an HSA you establish; and
- health information, tools and support.

Benefits available under your medical plan are described in your medical plan Summary Plan Description (SPD).

What is an HSA?

An HSA is a tax-advantaged account Employees can use to pay for qualified health expenses they or their eligible dependents incur, while covered under a high deductible medical plan. HSA contributions:

- accumulate over time with interest or investment earnings;
- are portable after employment; and
- can be used to pay for qualified health expenses tax-free or for non-health expenses on a taxable basis.

Who Is Eligible And How To Enroll

Eligibility to participate in the Health Savings Account is described in the SPD for your high deductible medical plan. You must be covered under a high deductible medical plan in order to participate in the HSA. In addition, you:

- must not be covered by any high deductible medical plan considered non-qualified by the IRS. (This does not include coverage under an ancillary plan such as vision or dental, or any other permitted insurance as defined by the IRS.)
- must not participate in a full health care Flexible Spending Account (FSA);
- must not be entitled to Benefits under Medicare (i.e., enrolled in Medicare); and
- must not be claimed as a dependent on another person's tax return.

Contributions

Contributions to your HSA can be made by you, by your employer or by any other individual. All funds placed into your HSA are owned and controlled by you, subject to any reasonable administrative restrictions imposed by the trustee.

Contributions can be made to your HSA beginning on the first day of the month you are enrolled in the Health Savings Account until the earlier of (i) the date on which you file taxes for that year; or (ii) the date on which the contributions reach the contribution maximum.

Note that if coverage under a qualified high deductible health plan terminates, no further contributions may be made to the HSA.

The contribution maximum is the single and family limits set by federal regulations. Individuals between the ages of 55 and Medicare entitlement age may contribute additional funds monthly to their HSA up to the maximum allowed by federal regulations. The maximum limits set by federal regulations may be found on the IRS website at www.irs.gov.

If you enroll in your HSA within the year (not on January 1) you will still be allowed to contribute the maximum amount set by federal regulations. However, you must remain enrolled in a high deductible health plan and HSA until the end of the 12th month from your initial enrollment or you will be subject to tax implications and an additional tax of 10%.

Note: Amounts that exceed the contribution maximum are not tax-deductible and will be subject to an excise tax unless withdrawn as an "excess contribution" prior to April 15th of the following year.

Reimbursable Expenses

The funds in your HSA will be available to help you pay your or your eligible dependents' out-of-pocket costs under the medical plan, including Annual Deductibles and Coinsurance. You may also use your HSA funds to pay for medical care that is not covered under the medical plan design but is considered a deductible medical expense for federal income tax purposes under Section 213(d) of the Internal Revenue Code of 1986, as amended from time to time. Such expenses are "qualified health expenses". Please see the description of *Additional Medical Expense Coverage Available With Your Health Savings Account* below, for additional information. HSA funds used for such purposes are not subject to income or excise taxes.

"Qualified health expenses" only include the medical expenses of you and your eligible dependents, meaning your spouse and any other family members whom you are allowed to file as dependents on your federal tax return, as defined in Section 152 of the Internal Revenue Code of 1986, as amended from time to time.

HSA funds may also be used to pay for non-qualified health expenses but will generally be subject to income tax and a 20% additional tax unless an exception applies (i.e., your death, your disability, or your attainment of age 65).

Additional Medical Expense Coverage Available with Your Health Savings Account

A complete description of, and a definitive and current list of what constitutes eligible medical expenses, is available in IRS Publication 502 which is available from any regional IRS office or IRS website.

If you receive any additional medical services and you have funds in your HSA, you may use the funds in your HSA to pay for the medical expenses. If you choose not to use your HSA funds to pay for any Section 213(d) expenses that are not Covered Health Services, you will still be required to pay the provider for services.

The monies paid for these additional medical expenses will not count toward your Annual Deductible or Out-of-Pocket Maximum.

Using the HSA for Non-Qualified Expenses

You have the option of using funds in your HSA to pay for non-qualified health expenses. A non-qualified health expense is generally one which is not a deductible medical expense under Section 213(d) of the Internal Revenue Code of 1986. Any funds used from your HSA to pay for non-qualified expenses will be subject to income tax and a 20% additional tax unless an exception applies (i.e., your death, your disability, or your attainment of age 65).

In general, you may not use your HSA to pay for other health insurance without incurring a tax. You may use your HSA to pay for COBRA premiums and Medicare premiums.

Rollover Feature

If you do not use all of the funds in your HSA during the calendar year, the balance remaining in your HSA will roll-over. If your employment terminates for any reason, the funds in your HSA will continue to be owned and controlled by you, whether or not you elect COBRA coverage for the accompanying high deductible health plan, as described in your medical plan SPD.

If you choose to transfer the HSA funds from one account to another eligible account, you must do so within 60 days from the date that HSA funds are distributed to you to avoid paying taxes on the funds. If you elect COBRA, the HSA funds will be available to assist you in paying your out-of-pocket costs under the medical plan and COBRA premiums while COBRA coverage is in effect.

Important

Be sure to keep your receipts and medical records. If these records verify that you paid qualified health expenses using your HSA, you can deduct these expenses from your taxable income when filing your tax return. However, if you cannot demonstrate that you used your HSA to pay qualified health expenses, you may need to report the distribution as taxable income on your tax return. MSD Washington Township and UnitedHealthcare will not verify that distributions from your HSA are for qualified health expenses. Consult your tax advisor to determine how your HSA affects your unique tax situation.

The IRS may request receipts during a tax audit. MSD Washington Township and the Claims Administrator are not responsible or liable for the misuse by Employees of HSA funds by, or for the use by Employees of HSA funds for non-qualified health expenses.

Additional Information About the HSA

It is important for you to know the amount in your HSA account prior to withdrawing funds. You should not withdraw funds that will exceed the available balance.

Upon request from a health care professional, UnitedHealthcare and/or the financial institution holding your HSA funds may provide the health care professional with information regarding the balance in your HSA. At no time will UnitedHealthcare provide the actual dollar amount in your HSA, but they may confirm that there are funds sufficient to cover an obligation owed by you to that health care professional. If you do not want this

information disclosed, you must notify the Claims Administrator and the financial institution in writing.

You can obtain additional information on your HSA online at www.irs.gov. You may also contact your tax advisor. Please note that additional rules may apply to a Dependent's intent to opening an HSA.

ATTACHMENT III – NONDISCRIMINATION AND ACCESSIBILITY REQUIREMENTS

When the Plan uses the words "Claims Administrator" in this Attachment, it is a reference to United HealthCare Services, Inc., on behalf of itself and its affiliated companies.

The Claims Administrator on behalf of itself and its affiliated companies complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. UnitedHealthcare does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

The Claims Administrator provides free aids and services to people with disabilities to communicate effectively with us, such as:

- Qualified sign language interpreters
- Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as: Qualified interpreters
- Information written in other languages

If you need these services, please call the toll-free member number on your health plan ID card, TTY 711 or the Plan Sponsor.

If you believe that the Claims Administrator has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance in writing by mail or email with the Civil Rights Coordinator identified below. A grievance must be sent within 60 calendar days of the date that you become aware of the discriminatory action and contain the name and address of the person filing it along with the problem and the requested remedy.

A written decision will be sent to you within 30 calendar days. If you disagree with the decision, you may file an appeal within 15 calendar days of receiving the decision.

ADDENDUM - UNITEDHEALTH ALLIES

Introduction

This Addendum to the Summary Plan Description provides discounts for select non-Covered Health Services from Physicians and health care professionals.

When the words "you" and "your" are used the Plan is referring to people who are Covered Persons as the term is defined in the Summary Plan Description (SPD). See Section 14, *Glossary* in the SPD.

Important:

UnitedHealth Allies is not a health insurance plan. You are responsible for the full cost of any services purchased, minus the applicable discount. Always use your health insurance plan for Covered Health Services described in the Summary Plan Description (see Section 5, *Plan Highlights*) when a benefit is available.

What is UnitedHealth Allies?

UnitedHealth Allies is a health value program that offers savings on certain products and services that are not Covered Health Services under your health plan.

Because this is not a health insurance plan, you are not required to receive a referral or submit any claim forms.

Discounts through UnitedHealth Allies are available to you and your Dependents as defined in the Summary Plan Description in Section 14, *Glossary*.

Selecting a Discounted Product or Service

A list of available discounted products or services can be viewed online at www.unitedhealthallies.com or by calling the number on the back of your ID card.

After selecting a health care professional and product or service, reserve the preferred rate and print the rate confirmation letter. If you have reserved a product or service with a customer service representative, the rate confirmation letter will be faxed or mailed to you.

Important:

You must present the rate confirmation at the time of receiving the product or service in order to receive the discount.

Visiting Your Selected Health Care Professional

After reserving a preferred rate, make an appointment directly with the health care professional. Your appointment must be within ninety (90) days of the date on your rate confirmation letter.

Present the rate confirmation and your ID card at the time you receive the service. You will be required to pay the preferred rate directly to the health care professional at the time the service is received.

Additional UnitedHealth Allies Information

Additional information on the UnitedHealth Allies program can be obtained online at www.unitedhealthallies.com or by calling the toll-free phone number on the back of your ID card.

ADDENDUM - PARENTSTEPS®

Introduction

This Addendum to the Summary Plan Description illustrates the benefits you may be eligible for under the ParentSteps program.

When the words "you" and "your" are used the Plan is referring to people who are Covered Persons as the term is defined in the Summary Plan Description (SPD). See Section 14, *Glossary* in the SPD.

Important:

ParentSteps is not a health insurance plan. You are responsible for the full cost of any services purchased. ParentSteps will collect the provider payment from you online via the ParentSteps website and forward the payment to the provider on your behalf. Always use your health insurance plan for Covered Health Services described in the Summary Plan Description 5, *Plan Highlights*) when a benefit is available.

What is ParentSteps?

ParentSteps is a discount program that offers savings on certain medications and services for the treatment of infertility that are not Covered Health Services under your health plan.

This program also offers:

- guidance to help you make informed decisions on where to receive care;
- education and support resources through experienced infertility nurses;
- access to providers contracted with UnitedHealthcare that offer discounts for infertility medical services; and
- discounts on select medications when filled through a designated pharmacy partner.

Because this is not a health insurance plan, you are not required to receive a referral or submit any claim forms.

Discounts through this program are available to you and your Dependents. Dependents are defined in the Summary Plan Description in Section 14, *Glossary*.

Registering for ParentSteps

Prior to obtaining discounts on infertility medical treatment or speaking with an infertility nurse you need to register for the program online at www.myoptumhealthparentsteps.com or by calling ParentSteps toll-free at 1-877-801-3507.

Selecting a Contracted Provider

After registering for the program you can view ParentSteps facilities and clinics online based on location, compare IVF cycle outcome data for each participating provider and see the specific rates negotiated by ParentSteps with each provider for select types of infertility treatment in order to make an informed decision.

Visiting Your Selected Health Care Professional

Once you have selected a provider, you will be asked to choose that clinic for a consultation. You should then call and make an appointment with that clinic and mention you are a ParentSteps member. ParentSteps will validate your choice and send a validation email to you and the clinic.

Obtaining a Discount

If you and your provider choose a treatment in which ParentSteps discounts apply, the provider will enter in your proposed course of treatment. ParentSteps will alert you, via email, that treatment has been assigned. Once you log in to the ParentSteps website, you will see your treatment plan with a cost breakdown for your review.

After reviewing the treatment plan and determining it is correct you can pay for the treatment online. Once this payment has been made successfully ParentSteps will notify your provider with a statement saying that treatments may begin.

Speaking with a Nurse

Once you have successfully registered for the ParentSteps program you may receive additional educational and support resources through an experienced infertility nurse. You may even work with a single nurse throughout your treatment if you choose.

For questions about diagnosis, treatment options, your plan of care or general support, please contact a ParentSteps nurse via phone (toll-free) by calling 1-866-774-4626.

ParentSteps nurses are available from 8 a.m. to 5 p.m. Central Time; Monday through Friday, excluding holidays.

Additional ParentSteps Information

Additional information on the ParentSteps program can be obtained online at www.myoptumhealthparentsteps.com or by calling 1-877-801-3507 (toll-free).
