

# IMPORTANT BUS INFO

This year, unlike school years in the past, **MSDWT Transportation will NOT be sending out postcards with bus info to the families of students.** All bus info (i.e. bus number, pickup/drop off locations, etc.) will be posted on MSDWT's Student Information System, SKYWARD, and can be accessed by logging into Skyward Family Access. *When your student's 2016-2017 busing information is posted online, you will receive a phone call letting you know that it is available in SKYWARD Family Access.*

As always, if you have any concerns, questions, or need assistance, please feel free to contact the **MSDWT Transportation hotline** at **(317)254-5510**.

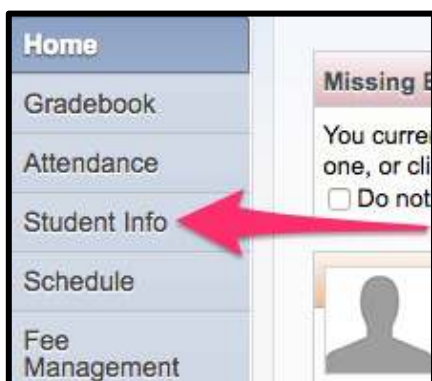

*If you are unfamiliar with how to look up your student's bus information on SKYWARD Family Access then follow the steps below:*

### LOG INTO SKYWARD FAMILY ACCESS

On a web browser go to [skyward.msdwt.k12.in.us](http://skyward.msdwt.k12.in.us) and log in with the account information you received from your student's school. If you do not have log in information from your school then you will need to contact the school.

### SELECT STUDENT INFORMATION

Select STUDENT INFORMATION from the navigation bar along the left side of the window.

### SELECT VIEW BUS SCHEDULE

You will find the VIEW BUS SCHEDULE link directly to the right of your child's profile picture. Click it to access your student's bus schedule.

## CLICK VIEW PICKUP/DROP OFF BUS STOPS

Your student's bus stops are divided between Pickup and Drop Off. You can verify each location by clicking on the respective link.

## NOTE BUS STOP LOCATIONS

The information for the Pickup/Drop Off Bus Stops are displayed in the Pickup/Drop Off window. The bus stop location is generally displayed as the nearest cross streets and the expected pickup/drop off times are listed.

 A screenshot of a window titled "Pickup Bus Stops". It contains a table with the following data:
