

Washington Township Student Services

Our mission is to develop life long learners and globally-minded citizens by fostering the academic, creative, and social skills needed to achieve excellence in a multicultural environment.

elevate

School Social Workers

Provide services that connect schools, children, families and communities. They support the mental, physical, social and emotional needs of all children and families.

School Counselors

Provide direct and indirect counseling services to meet students' social and emotional needs and guide students in academic choices leading to college and career readiness.

Social Emotional Learning Coach

Provide instructional coaching for teachers to support conditions for learning that strengthen Social Emotional Learning for students.

School Psychologists

Coordinate and provide individual and group evaluations for students with suspected disabilities. They know the full continuum of services required as options for students' educational placement using least restrictive best practices and assist school leaders in creating integrated systems of instruction and interventions.

School Nurses

Ensure students are healthy, safe and ready to learn by protecting and promoting student health and by providing care, coordination and advocacy that is student-centered so that individuals and communities can develop to their full potential.

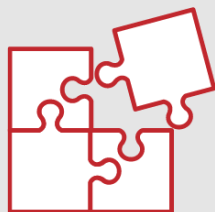

Multilingual Family Liaisons

Support integration and independence of multilingual students by providing language support, facilitating enrichment programs, participating in school events, and improving connections between multilingual families, school staff, and community partners.

Connection

Student Services staff work collaboratively within a multi-tiered system of supports (MTSS) framework to support the academic success and physical, mental, and social emotional health of all Washington Township students.
