WASHINGTON TOWNSHIP SCHOOLS

MONTH IN REVIEW

PRIVATE DOLLARS FOR PUBLIC EDUCATION

Thanks to the continued support of the Washington Township Schools Foundation, North Central High School received an INCREDIBLY GENEROUS GIFT to benefit our English as a New Language programming. Thank you, Tag and Marta Birge, for supporting our public schools!

To learn more about the donation, visit our webpage at msdwt.k12.in.us.

NORA P.E. TEACHER RECEIVES INTERNATIONAL RECOGNITION FOR INTEGRATING TECHNOLOGY

During this year's international competition, Marcus Dalton and his Nora Panther Cubs won the 2023 Lu Championship in two different age groups! The Lu Interactive Gym allows for physical activity while allowing students to practice academic skills in many subjects. Lu can be utilized in a variety of

languages, making it great for multilingual students. WTS has installed Lu systems in most elementary and middle schools as part of our facility upgrades, and we celebrate the ability to provide this level of technology only previously available in the classrooms. See the 2023 Lu Championship results below.

Programs Showcased During Winter Performing Arts Shows

Witnessing the many winter concerts that took place throughout the district in December was wonderful! Elementary schools, middle schools, and North Central High School alike had stages come alive with festive music, dancing, and song. Performance details, photos, and videos were shared on building social media accounts. Make sure to look back to see the images and stories from the season.
