

# MONTH IN REVIEW

## STEM FOR ALL STUDENTS AT EVERY LEVEL

Science, Technology, Engineering, and Mathematics (STEM) are subjects that are integrated into all areas of learning and at all levels in Washington Township Schools. From elementary all the way through high school, students are learning and engaged in STEM. It's not just a class, it's a way of learning in the 21st century. #WhyWT

## WASHINGTON TOWNSHIP UNVEILS NEW NORTHVIEW MIDDLE AND NORTH CENTRAL'S LOGGAN FIELDHOUSE

Caroline Beck, Indianapolis Star  
Published January 31

Washington Township schools have seen many upgrades in recent years and now some of the district's biggest projects, including a brand new middle school and new high school athletic fields and facilities are nearing the finish line. The school district has made

physical changes to every school in the district since 2018, all thanks to voters approving capital referendums in 2016 and 2020. Here's a look at some of the biggest changes coming to the district.

## JEL EMT Students Recognized for Exceptional Performance

In January, 43 of our JEL EMT students became certified as Marion, Hamilton, and Boone County Community Emergency Response Team (CERT) members. This was the largest group to be certified to date! Moreover, these students did such a great job that the Marion County CERT Team Commander plans to use our program as a test school for a high school CERT Team.

Our JEL Career Center continues to offer premier CTE programs to WTS students and to students from surrounding districts.
