WASHINGTON TOWNSHIP SCHOOLS

# MONTH IN REVIEW

## WTS STEM PROGRAMS FEATURED ON "THE MORNING BELL"

Washington Township Schools' STEM (Science, Technology, Engineering, Math) programs were recently featured on WISH-TV's educational spotlight segment. High-quality STEM programming is offered in at all levels both engrained within the curriculum and through co-curricular opportunities like robotics club, Saturday Olympiad, and more! See the story here by scanning above.

## WASHINGTON TOWNSHIP SCHOOLS HOSTS SECOND ANNUAL LEADERSHIP SUMMIT FOR NORTH CENTRAL HIGH SCHOOL STUDENTS

In late March, North Central High School students participated in the second annual InspireU Student Leadership Summit. This event was tailored to provide students with information and experiences focused on building leadership capacity to impact their school and community. In addition to diverse breakout sessions, students enjoyed the Keynote address from Mr. Bwana Clements. We appreciate each presenter and our WTS staff who engaged our students during the Summit. We are already looking forward to next year's event.

## "You Matter" T-Shirt Design Winner Announced

Washington Township elementary and middle school students celebrated "You Matter Week" in late January. As part of the week's activities, students from across the district participated in a t-shirt design contest. The winner of this contest was recently announced. Ishamel from Fox Hill Elementary School had the winning design and is pictured here with the school's social worker, Mrs. Conner. Great work spreading this important message, Ishamel! Our WTS Student Services Team is dedicated to reminding students how special they are and how much of an impact they have in our world.
