

Enrollment Management Rezoning Recommendation Frequently Asked Questions

- Which schools are impacted by this proposal?
 - 5 total schools (Eastwood MS, Westlane MS, Northview MS, Willow Lake ES, Greenbriar ES; however, Westlane MS nor Greenbriar ES will lose students to other schools as a result of the rezoning proposal)
 - 277 total students or 3% of our total enrollment
- Why are we having to do this when we just did it back in 2018-2019 and you built two new schools? We have experienced unexpected enrollment increases in multiple schools. A recent demographic study predicted our enrollment would be on a decline for the next several years; however, the past two years we have grown by over 700 students.
- Is the enrollment increase only due to an increase in non-resident enrollment? No, the past two years we have experienced unprecedented enrollment increases not predicted in our most recent demographic study.
- What if my child wants to stay at his school for his final year of 5th grade at Willow Lake or 8th grade at Eastwood or Northview MS? Based on feedback and further review with our Transpar Partners, families who are able to provide their own transportation may apply for In District Limited Choice (IDLC) to stay at their current school. These interested families should visit our [enrollment website](#) to learn more details about this process.
- Will there be any grandfathering? We cannot accommodate the volume of potential students who desire to stay in their current school due to current enrollment capacity challenges. The exception is Dual Language Immersion students who are reassigned to Greenbriar as that program cannot be replicated in other buildings at this time. Families may apply for IDLC in January. Preferential review will be given to IDLC applications of rising 5th grade or 8th grade students who are able to provide their own transportation to stay at their current school. See our [enrollment website](#) for further details about that process.

- **What about capacity challenges at Clearwater and Allisonville? We will limit choice to schools including In District Limited-Choice (IDLC) and Nonresident Families who apply at schools who are at capacity. These schools currently are Willow Lake ES, Clearwater ES, and Northview MS. Current IDLC and NR Families will be able to continue in their current school as long as they are in good standing and with an approved renewal application for current NR Families. Again, families may apply for IDLC in January. Preferential review will be given to IDLC applications of rising 5th grade or 8th grade students who are able to provide their own transportation to stay at their current school. See our [enrollment website](#) for further details about that process.**
- **When would this change take place? At the beginning of next school year 2025-2026**
- **Would I have a chance to visit the school I am being reassigned to? Yes, there would be invitations to our usual spring school events as well as an additional welcome/informational meeting for those families impacted.**
- **Will we provide transportation moving forward for all In-District Families who want to enroll in the DLI Program? No, all In District Limited-Choice Families have to provide their own transportation to and from school.**
- **What is the timeline for applying for In District Limited Choice or Nonresident? These applications are available starting January 20 - March 14. Preferential review will be given to IDLC applications of rising 5th grade or 8th grade students who are able to provide their own transportation to stay at their current school. See our [enrollment website](#) for further details about that process.**
